Secret Army Band Sought In Attempt On De Gaulle's Life

President's Unruffled By Incident

Was Second Effort In Month To Snuff Out French Leader

PARIS (AP) — Police today sought a band of Secret Army Organization killers whose bullets missed President Charles de Gaulle by only inches in an ambush on the outskirts of Paris.

An investigation indicated that Wednesday night's assassination attempt was the second planned this month on the 71-year-old French leader. The other failed to come off.

De Gaulle, unruffled but admitting he had "a close shave," rested with his wife at their guarded country home at Colombey les Deux Eglises.

The police search centered on a dark-haired man, about 30, who rented one of the ambush cars from a suburban garage three days ago. The light panel truck was found booby-trapped and abandoned a few hours after the assassins fired at the motorcade taking De Gaulle to a military airport.

The garage owner, who supplied the clue, said the same dark-haired man rented the same truck for five days on Aug. 4. Police noted that period coincided with De Gaulle's trip to Paris from his country home. He gave a luncheon Aug. 8 at Elysee Palace for visiting Dwight D. Eisenhower.

De Gaulle had come to the capital Wednesday for a Cabinet meeting to draft stronger measures to stem a wave of terrorism blamed on right-wing extremists from Algeria.

De Gaulle's car was hit by at least 10 bullets in a heavy crossfire as it sped along a road to the Villlacoublay airport.

One of the bullets missed him by only two inches. Others broke the rear window and pierced side windows. The president was showered with glass but unhurt.

The gunmen—believed numbering at least 10—fired about 150 bullets at the motorcade and hit some of the other cars.

No one in De Gaulle's party was hurt. A passing motorist was wounded in the hand.

Pouring Billions Into Effort

Kennedy Sees U.S. Lead In Space Race By 1970

WASHINGTON (AP)—President Kennedy says the United States is pouring billions of dollars and a tremendous effort into overtaking Russia in space—"and I think by the end of the decade we will."

This was a sort of hopeful look at long-term prospects in reponse to a news conference question Wednesday about Russia's orbiting of twin cosmonauts.

It was tempered by mention an even dozen times that this country now is behind, second, or late or that the Soviets have a lead. Kennedy said: "Anybody who attempts to suggest that we are not behind misleads the American people."

Russia or Russians figured in one way or another in a wide range of conference topics.

For example:

Kennedy said "The Bloc"—he meant the Communist bloc—has put large quantities of supplies and an increased number of technicians into Cuba in recent weeks. He said there is no similar information about troops.

He said that if Soviet Premier Khrushchev comes to the United Nations this fall—and he doesn't know that Khrushchev will—"I would hope I would have a chance to talk with him" and any other heads of government who might come.

The President said that Russia's action in abolishing its commandant's office in Berlin certainly cannot by itself affect U.S. rights based on a four-power agreement with the Soviets, Britain and France.

Getting closer to home, Kennedy put himself in the cheering section for a Senate subcommittee's investigation of profits on America's stockpiling of $8 billion in strategic materials.

The President said and repeated that extremely large profits were made by the Hanna Mining Company with very little risk to the firm, that he could understand the desire of some witnesses" to limit the investigation by charging it is an attack on former President Eisenhower, but I think the Congress ought to do its job."

Kennedy spoke of former Secretary of the Treasury George M. Humphrey as a responsible official of the company. Humphrey has contended the inquiry is an attempt to slap at Eisenhower through himself.

Other cases are coming up, Kennedy said, and they involve large profits by a good many people.

The session with reporters got under way with news from Kennedy that the U.S. nuclear submarines Skate and Seadragon one from the Atlantic Fleet and one from the Pacific, had met under the Arctic ice cap and had surfaced together through a hole at the North Pole. Kennedy called it "an historic rendezvous," and "exceptional technical feat," and congratulated all involved.

From there he went into a bid for Congress to hurry along approval of a farm bill, one to tighten drug laws, a constitutional amendment to outlaw poll taxes as a voting requirement in federal elections, his foreign trade bill without restrictive amendments, and a $100 million loan to the United Nations.

Palestine Man Had Crashed Truck Into Grocery At Negley

An East Palestine trucker whose empty vehicle skidded on wet pavement and smashed through a large glass window of a Negley grocery store June 5 died today at 12:15 a. m. in South Side Hospital from injuries received in the accident.

Arnold F. McCall, 54, formerly of Lisbon, received head and neck injuries when his gondola - type coal truck went out of control at the junction of Routes 154 and 170, and smashed into Dick and Dot's grocery store in Negley.

He had been hospitalized for some time after the accident, although released recently. Mr. McCall had returned to the hospital for treatment. He was the

Extra Council Session Now Arranged Friday

A special Council meeting originally set tonight at 7 now has been rescheduled for Friday at 11 p. m., President Charles N. Edwards said today.

Council is scheduled to act on a supplementary appropriation ordinance providing $1,500 for operation of the municipal swimming pool at Thompson Park. The appropriation includes money to meet the season's final payroll.

The special session was agreed upon because only five members attended Monday night's session, but six votes are required for immediate passage of the appropriation measure. Edwards was authorized to set the special meeting for a time when at least six members could arrange to attend.

Cuts Surpluses

Senate Approves Tough Farm Bill

WASHINGTON (AP)—The Senate has swiftly passed a new farm bill with a dose of the tough controls President Kennedy requested to reduce surpluses of corn and feed grains.

The measure, approved Wednesday by a 47-37 vote, now must go to a conference committee where differences between the Senate and House versions will be ironed out.

Kennedy praised the Senate measure at his news conference Wednesday, saying it "gives us an opportunity to bring some sense and reason and control into an area which has been marked by excesses and chaos in recent years."

"The House in June scrapped the original administration bill with its stiff compulsory controls. In its place, the House passed a measure to continue for another year the present voluntary wheat and feed grain programs.

A GOP farm spokesman in the house sized up the new Senate measure and called it worse than the original.

It is an "absolutely impossible bill," said Rep. Charles B. Hoeven R-Iowa, and he declared:

"It is a direct and deliberate attempt to force our corn and feed grain farmers under a system of complete regimentation and control with the secretary of agriculture as czar."

Senate Moves For Quick OK Of Drug Bill

President Lists Measure As One Of 5 Important Ones

WASHINGTON (AP) — The Senate moved today toward prompt passage of a drug bill given a new push by President Kennedy.

The bill, designed to strengthen safeguards against the sale of dangerous or ineffective drugs, was listed by Kennedy Wednesday as one of "five particularly important measures" on which Congress will be acting shortly.

Others he referred to at his news conference were the farm bill, a constitutional amendment to outlaw the poll tax in federal elections, the trade expansion bill and the U.N. bond issue bill.

Shortly after the drug bill was called up in the Senate late Wednesday, quick agreement was reached on a limitation of debate that should bring a final vote before the end of today's session.

The bill, as first approved by the Senate Judiciary Committee last month, fell short of what Kennedy asked. Since then, in the wake of the furor over the sedative thalidomide, the committee has approved strengthening amendments.

The legislation was introduced more than a year ago by Sen. Estes Kefauver, D-Tenn., chairman of the Senate Antitrust subcommittee, after a lengthy investigation of the prescription drug industry.

Stripped from the bill by the Judiciary Committee were antitrust provisions Kefauver contends are necessary to substantially reduce what he calls exorbitant drug prices.

9 To Compete In Police Test

Job Board Rejects Hayes' Application

The Municipal Civil Service Commission Wednesday night accepted the applications which nine patrolmen filed before the deadline yesterday afternoon to compete in a promotional exam Sept. 6 to fill a police department lieutenant's post vacated by the resignation of Thomas A. Walker July 30.

Rejecting one application, the commission accepted the requests of: Charles E. (Bill) Tice, William A. Devon, Paul A. Burson Jr., Paul E. Carter, Charles A. Winters, Orin C. Smith, Howard W. Bosworth, Kenneth H. Mooney and Jerry F. Adkins.

The three-member commission unanimously approved a motion to reject the application of Patrolman Samuel E. Hayes for "disgraceful conduct and character" as defined in Rule 4, Section E, and Rule 5, Section C of its regulations. Rule 4, Section E, lists conditions under which such an application may be rejected, including "disgraceful conduct and character." Rule 5, Section

U.S. Detains 3 Soviet Cars At Checkpoint

American Vehicles Block Reds' Way Into West Berlin

BERLIN (AP) — Three Soviet armored vehicles taking guard replacements to the Soviet war memorial in West Berlin were detained by the U.S. at Checkpoint Charlie more than an hour today.

At 2:45 p.m. the armored personnel carriers the Russians have used for guard movement since Tuesday were still at the checkpoint.

Witnesses reported three American military vehicles were blocking the Russians' way into West Berlin.

During the night, U.S. Army cars made unopposed excursions into East Berlin to test whether Moscow's abolition of the Soviet commandant's office would be followed by efforts to limit Western movements in the Communist part of this divided city.

Although East German guards made no attempt to interfere with the American vehicles, U.S. authorities said it was still too early to conclude that harassing measures were not in the offing.

One U.S. Army vehicle crossed from West Berlin into the Communist sector just before midnight and returned without difficulty through Checkpoint Charlie, entry point through the Berlin Wall for military personnel.

Two more U.S. Army cars followed without meeting any delays.

The Russians announced Wednesday they were doing away with the office of city commandant and transferring his duties "temporarily" to Gen. Ivan Yakubovsky, the Soviet commander for East Germany, who has headquarters at Potsdam, just west of Berlin.

Western officials viewed the action as a Communist effort to cut one more "slice of salami" from Western occupation rights in the campaign to force the allies out of the city. Communist propaganda organs were expected to argue that the Soviets no longer needed a military authority in Berlin and neither did the Allies.

Melvin Wins Test To Head Trash Crews

John A. Melvin, 46, of 1200 Jennings Ave., former councilman-at-large, won the top grade in a field of six which passed an examination given Wednesday night by the Civil Service Commission to fill the vacancy of incinerator department superintendent created by the death of James A. McKinnon.

The only applicant who failed to pass the test was Frank D. Bennett, 851 W. 8th St., named provisionally as head of the department July 9 by Safety-Service Director Robert Owen. Law allows a provisional appointment of up to 90 days pending an examination.

Others who scored passing grades, listed in the order in which they finished, were:

Clifford J. Cooper, 46, of 840 St. George St., former First Ward councilman; James Nottingham, 45, of 721 North St.; Raymond E. Shooshan, 47, of 179 Thompson Ave.; Norman R. McCoy, 43, of 132 W. 3rd St., and Charles S. Groubert, 42, of 915 Princeton Ave. Groubert has been employed by the incinerator department approximately 14 years.

The commission said the names of the three top men — Melvin, Cooper and Nottingham — will be certified to Owen, the appointing authority. The job pays $420 monthly.

However, the men first must take physical examinations. The exam forms will be mailed to them today. The certification will be made as soon as the completed forms are returned.

The commission explained that Nottingham and Shooshan had scores that tied them for third place. State law provides in such a case preference will be given the one who was first to file an application. Nottingham received third place because he filed July 11 while Shooshan filed July 31, the commission said.

Melvin and Cooper, both Democrats, served on the 1960-61 Council. Melvin headed the finance committee.

U.S. A-Subs Maneuver In Arctic Area

Rendezvous Points Way Deadly War Could Be Fought

WASHINGTON (AP) — A hide-and-seek maneuver by two U.S. Navy atomic submarines under polar ice points to the way a deep and deadly war could be fought in the Arctic.

President Kennedy announced the hitherto secret operation to a news conference Wednesday, saying that the submarines Skate and Seadragon had made "historic rendezvous" under the ice, then surfaced through an opening at the North Pole.

"This," said Kennedy, "is the first time that two of our submarines have worked together in this manner under the arctic ice pack and I want to congratulate all of those involved in this exceptional technical feat."

The submarine versus submarine operation started July 31 and concluded when the two ships surfaced Aug. 2. Navy experts consider it a major tactical demonstration that antisubmarine warfare in the hostile and weird environment of the ice-capped Arctic Ocean seems feasible in the event of hostilities.

Another phase of submarine warfare, rocket-firing by submersibles, creates urgent requirement for counter-measures. Russia is beginning to build and send to sea atomic submarines. One of the logical launching points for any Soviet submarine rocket attack on the United States and Canada would be the Arctic Ocean.

Wellsville Girl's Steer Judged Reserve Champ

Two Black Angus steers won grand champion and reserve champion awards in the 4-H steer judging contest in the Coliseum at the Columbiana County Fair Wednesday.

The steer of James Steed of Homeworth R. D. 1, weighing 945 pounds, won the grand champion award and sold for $737.10 when the animals were sold at auction last night. His steer brought 78 cents per pound and was sold to the Sugardale Provision Co. for Mason's Foodliner in Wellsville.

Linda Ferguson of Wellsville R. D. 2 got $429.60 for her 895-pound steer, bought by the Superior Provision Co. for Hillyer's IGA store in Lisbon. She won the reserve champion award.

Mr. and Mrs. Robert Steed and Mr. and Mrs. Harold Ferguson are parents of the winners. Both have been members of the Steer Club for several years.

The grand champion price was the highest paid in local auctions for several years. Last year's champion brought only 55 cents and reserve champion 42.5 cents.

Seven other steers went over the $300 price for a total sale of 56 steers at $15,417.80. Average price per pound with grand and

Body Placed In River. Man, 40, Tells Police

BEAVER FALLS — Clarence Burroughs, 40, of near Rochester, is being held at the nearby State Police Barracks on suspicion of murder in connection with the Aug. 12 disappearance of William (Duke) Snyder, 52, of Wampum R.D. 2.

Burroughs told authorities he and Snyder were embroiled in a fight and he later discovered the Wampum man was dead, so he placed the body in the river.

Police are checking today on Burrough's story. Burrough lived in the area where Snyder disappeared and was taken into custody during the investigation.

Picnic Slated At Salineville

Arrangements have been completed for the annual homecoming picnic Labor Day at St. Patrick's Catholic Church at Salineville with a public ham and roast beef dinner to be served from noon to 6 p. m.

There will be amusements and games on the grounds all afternoon. Fr. Thomas Beldue said proceeds will go towards church repairs and the new Parish Hall.

Mrs. Charles Mundy, president of the Altar and Rosary Society, is dinner chairman.

2,000 At Fair At Hookstown

About 2,000 attended the opening day Wednesday of the 16th annual Hookstown Fair on Route 168 near Hookstown.

Farm crops, fruits, vegetables, fancy work, quilts, foods and 4-H exhibits were judged yesterday.

Almost 500 ribbons were awarded among the 800 exhibits. Judges for foods and fancy work were Mrs. Laura Boak of Canonsburg and Mrs. Ruth Smith of Pittsburgh, former extension service workers. Flower judges were Lawrence Christy of Aliquippa and Joe L. McCarthy of Beaver.

About 65 tractors from Chester, New Cumberland, Pughtown, Lisbon, Aliquippa, Clinton, Georgetown, Hookstown, Cannonsburg, and Bentlyville entered the tractor pulling contest in the evening. Entertainment also included Erica Melchior and her marionettes.

Besides judging of livestock today, other attractions will be the annual Beaver County 4-H dairy cattle roundup. A 4-H tractor driving rodeo was set for 2 p. m. and the crowning of the 4-H King and Queen will be at 7 tonight. There will be a pony pulling contest at 7:30, followed by a performance of the Sweet Adelines of East Liverpool at 9.

Horse shows will be conducted by the Hookstown Saddle Club Friday at 2 and 7 p. m. The judging of horses will be during the morning at 10.

Bomber Carrying 3 Crashes And Burns

SMITH'S FERRY, Idaho (AP) —A B47 bomber crashed and burned this morning in the rugged Boise National Forest.

A spokesman for Mountain Home Air Force Base said the fate of the three-man crew was not known.

The spokesman said the plane was from Davis Monthan Air Force Base in Tucson, Ariz. It was reported on a routine training mission.

The information office at Mountain Home AFB identified the crew members as Lt. Col Raymond N. McDonald, 40, El Dorado, Tex., the commander; Capt. William C. Lebbs, 30, Omaha, Neb., the co-pilot; and Maj. Glen A. McClure, 38, Waverly, Iowa, the navigator.

Air Force investigators said they could not say definitely that none had survived. The fire and darkness made the search for the bodies difficult.

The crash scene is in southwestern Idaho.

Thousands Homeless In Italy After Quake

NAPLES, Italy (AP) — Thousands of homeless Italians huddled in open rain-soaked encampments today in an earthquake belt which stretched 150 miles from Naples eastward to the Adriatic.

Rain fell for hours Wednesday night, adding to the misery of the homeless survivors of Tuesday's quakes which killed 16 persons and injured 200.

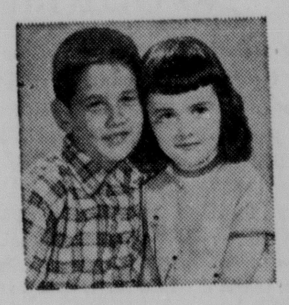

The Italian cabinet in Rome ordered expenditure of $3.84 million in immediate and long-term assistance for the stricken area.

Only mild tremors were felt at Ravello, the vacation site of Mrs. Jacqueline Kennedy, about 45 miles from the quake's epicenter.

Highlights for Friday include the junior judging of horse and ponies, tractor pulling contest, pony judging in open class in the morning, followed by tractor pulling in classes in afternoon.

2,000 At Fair At Hookstown

About 2,000 attended the opening day Wednesday of the 16th annual Hookstown Fair on Route 168 near Hookstown.

Farm crops, fruits, vegetables, fancy work, quilts, foods and 4-H exhibits were judged yesterday.

Almost 500 ribbons were awarded among the 800 exhibits. Judges for foods and fancy work were Mrs. Laura Boak of Canonsburg and Mrs. Ruth Smith of Pittsburgh, former extension service workers. Flower judges were Lawrence Christy of Aliquippa and Joe L. McCarthy of Beaver.

About 65 tractors from Chester, New Cumberland, Pughtown, Lisbon, Aliquippa, Clinton, Georgetown, Hookstown, Cannonsburg, and Bentlyville entered the tractor pulling contest in the evening. Entertainment also included Erica Melchior and her marionettes.

Besides judging of livestock today, other attractions will be the annual Beaver County 4-H dairy cattle roundup. A 4-H tractor driving rodeo was set for 2 p. m. and the crowning of the 4-H King and Queen will be at 7 tonight. There will be a pony pulling contest at 7:30, followed by a performance of the Sweet Adelines of East Liverpool at 9.

Horse shows will be conducted by the Hookstown Saddle Club Friday at 2 and 7 p. m. The judging of horses will be during the morning at 10.

Bomber Carrying 3 Crashes And Burns

SMITH'S FERRY, Idaho (AP) —A B47 bomber crashed and burned this morning in the rugged Boise National Forest.

A spokesman for Mountain Home Air Force Base said the fate of the three-man crew was not known.

The spokesman said the plane was from Davis Monthan Air Force Base in Tucson, Ariz. It was reported on a routine training mission.

The information office at Mountain Home AFB identified the crew members as Lt. Col Raymond N. McDonald, 40, El Dorado, Tex., the commander; Capt. William C. Lebbs, 30, Omaha, Neb., the co-pilot; and Maj. Glen A. McClure, 38, Waverly, Iowa, the navigator.

Air Force investigators said they could not say definitely that none had survived. The fire and darkness made the search for the bodies difficult.

The crash scene is in southwestern Idaho.

Thousands Homeless In Italy After Quake

NAPLES, Italy (AP) — Thousands of homeless Italians huddled in open rain-soaked encampments today in an earthquake belt which stretched 150 miles from Naples eastward to the Adriatic.

Rain fell for hours Wednesday night, adding to the misery of the homeless survivors of Tuesday's quakes which killed 16 persons and injured 200.

The Italian cabinet in Rome ordered expenditure of $3.84 million in immediate and long-term assistance for the stricken area.

Only mild tremors were felt at Ravello, the vacation site of Mrs. Jacqueline Kennedy, about 45 miles from the quake's epicenter.

How Much Patience Is Left?

If you think the only thing left is to get out of Berlin and leave the rest to the Berliners and their besiegers, you are fitting into the Kremlin's strategy.

If it strikes you as absurd for the United States to be on the defensive for not preventing East Berliners from killing people trying to escape from their Communist "Paradise," you are getting into the spirit the Kremlin is hoping to create.

Your patience is running out. You are disgusted with the shape of events and would like to turn your back on them. Frustrated by your government's inability to get anywhere with Communists, you would like to see your government pull back from its point of contact with East Berlin communists, a particularly gamey lot.

The Kremlin has given its best efforts to bring about this state of mind. It never lets the non-Communist West win an argument. It never agrees with a Western point of view. It never misses a chance to be irritating.

When Khrushchev becomes an advocate of "co-existence," the crusty diehards who keep him in power warn him not to go too far or they will take his scalp. Irreconcilability is the standing position of party-line party members.

These people will have won their fight with the non-Communist world if they can wear out its patience. Reversion to isolationism in the United States would be a major victory for them. Berlin is their most useful point of irritation.

They hope eventually to make the United States and the Western Powers so sick of Berlin they will clear out and leave it to East Berlin's puppet commissars.

No Official Prayer Or Praying

It seems likely the intent of the lawyer for the New York State Education Department who says no prayers whatever should be permitted in state schools is to clear up the U.S. Supreme Court's ruling that official prayers are unconstitutional.

This has been widely interpreted to mean that all praying is unconstitutional, which wasn't what the Supreme Court ruling said. The lawyer's contention is that prayer offered by anyone in an official capacity in a public school system is therefore an official prayer and it is unconstitutional for an official to pray in an official capacity. The lawyer defines offical capacity to include a teacher, a superintendent, or a board of education.

If this leads to discussion and clarification—and it should — the Supreme Court's ruling will be protected against mischievous misrepresentation. The ruling was not against praying. It was against an official prayer prepared by the New York Board of Regents for use in New York public schools.

It was intended to maintain the separation of church and state which is the bulwark of religious freedom in the United States. Each citizen's religion here is his own affair. No public official can trespass without violating the Constitution of the United States, not even a board of education.

To The 10th Power

By Truman Twill

In one of the tender tributes to Amos Alonzo Stagg on his 100th birthday, it was pointed out that here was a man who lived a century without swearing.

When it is considered he made his name famous as a football coach, an occupation bristling with provocations for getting hot under the collar, this is something to think about.

When Coach Stagg wanted to show his displeasure about an individual, he called him a "dumbbell" or a "jackass." If steam was blowing out of his ears, he would lay it on thick and call the culprit a "quadruple jackass."

That was his equivalent of our "double darn." It may be assumed there also were double and triple jackasses, perhaps even quintuple and sextuple jackasses. This system sounds attractive, because the truth is that those of us using the more common system have a problem.

We use up our entire arsenal of profanity on the smallest pretext, then have nothing left to say when something of major proportions gets under our skins. It's as though we had a shotgun rigged to fire when the door opened and it fired as big a blast for an intruding cat as for a burglar.

This is not a problem peculiar to men. As women have settled into the workaday world, men have discovered that many women are as hair-triggered as the cussingest of the old-time air-blistering mule-skinners. Ladies also stand in need of gradations of cussing.

Two separate scales of gradation are needed—one for cussing people, another for cussing things. The latter is more important. Most of us fly into vocal rages about things oftener than people.

Using "dad-blasted" as the root word on the scale, an automobile that fails to start would be just that—"dad-blasted." If it also has a flat tire, it would be "double dad-blasted."

If the radiator leaked to boot, it would be "triple dad-blasted." And if the transmission went sour after the engine had started, the tire had been fixed and the radiator repaired, would be "quadruple dad-blasted."

This would be a way out of the dead-end that spontaneous cussing has created for us cussers. It would give us an ascending scale for showing wrath. If we ever raised "dad-blasted" to the 10th power, our loved ones and friends would call the wagon to have us sacked up and hauled away.

The way it is now, they wonder if they shouldn't call the wagon when we stub our toe, or a button falls off while we're dressing. On the slightest excuse we spill out all the bad words our mothers never taught us.

Habit being what it is, we do this so routinely the impact of our cussing is lost. It falleth as the gentle rain, instead of a bucket of hot rivets. "What's that?" inquires a stranger and those who know us reply, "Oh that's old Skinhead going through a warm-up. Nothing serious."

Aside from its other strong points, the Stagg system of cussing has this merit: It served the inventor well for a provocation-packed century.

Amos Stagg didn't live 100 years by being a quadruple-jackass, which is the way we feel when we pull the trigger on our entire cuss-word vocabulary on what turns out to have been provocation.

Letter From Max

By Martin Miller

Dear Truman Twill:

In all that has been said and written about the traffic problem, one fascinating possibility has never been mentioned: Abolish all traffic laws and start over.

Lewis and Clark, Daniel Boone, Davy Crockett and those other hardy old-timers didn't have any such silly things as traffic lights and stop signs to contend with, and they got where they wanted to go. The country they traveled through was almost as hazardous as our streets are today.

When you think of it, all the warning signs on the roads are ridiculous. Why should anyone 16 years or over have to be ordered to go slow or told there is a curve in the road?

The signs are endless, literally: Railroad Crossing, Winding Road, Rock Slides, Deer Crossing, Congested District, School Zone, Hospital Zone, Sharp Turn, Yield Right of Way, Hill, Construction Ahead, No Right Turn, No Left Turn, No Passing, No Parking, One Lane 6 to 9 a.m., One Lane 3 to 6 p.m., Cattle Crossing, Truck Entrance, Children Playing, Do Not Enter, One Way, Exit Half Mile, Speed Limit 10-15-20-25-30-35-45-50-60-65, Route Numbers 30-43-77-619-50, Bump, Dip, Don't Cross Yellow Line, Left Lane for Passing, Stay in Lane, Traffic Signal Ahead, Stop Ahead, Dangerous Intersection, Caution, Turn Right on Red with Caution, Slow Vehicles Keep Right, Slippery When Wet, Surface on Bridge Freezes Faster, Use Low Gear, Pavement Narrows, Right Lane Ends, Left Lane Ends, Divided Highway Ahead, Middle Lane Ends, North, South, East, West, Soft Shoulders, New Berm, Men Working, Emergency Parking Only, Radar, Speed Zone Ends, Speed Zone Starts, Measured Mile, Hidden Driveway, Thickly Settled, Squeeze, Stop Here for Red Light, 4-Way Stop, Resume Speed, Reduce Speed, No Trucks Allowed, Right Lane Must Exist, Left Lane Must Exit, Middle Lane Must Exit, No Turn, 8 Tracks, Narrow Bridge, Bridle Trail Crossing, Horse and Buggy Zone, Beware Artillery Range.

No wonder people are taking tranquilizers.

And still the traffic accidents go on in ever increasing numbers. Obviously, all the signs are of no avail. When prohibition didn't work it was repealed. It is about time to do the same with traffic laws.

The laws are designed to protect drivers and pedestrians, and when the laws are ignored accidents soar. Obviously, if the laws were repealed they could not be violated. This would eliminate violations and then there would be fewer accidents.

Things might be rough for the first month or so but once we drivers learned we were on our own and there were no laws to protect us we would practice self-preservation.

Take an ordinary Stop Sign, for instance. You stop at the sign and somebody slams into the rear of your car. Suppose you are on a through highway and know the other car should stop before crossing the highway. You go right along at full speed but the other car does not stop and there is a big smashup, often fatal. If there were no Stop Sign there you would drive more gingerly to see what the other car was going to do, and so it would be, all down the line.

Cars are rolling over on curves and crashing Stop signs every day so what good are the signs?

What a travesty!

Abolition of traffic laws and signs might cause a temporary dislocation of labor, such as police reporters, sign painters, traffic-light electricians and policemen, but this would be more than compensated for in the early stages by the jump in demand for auto body repairmen.

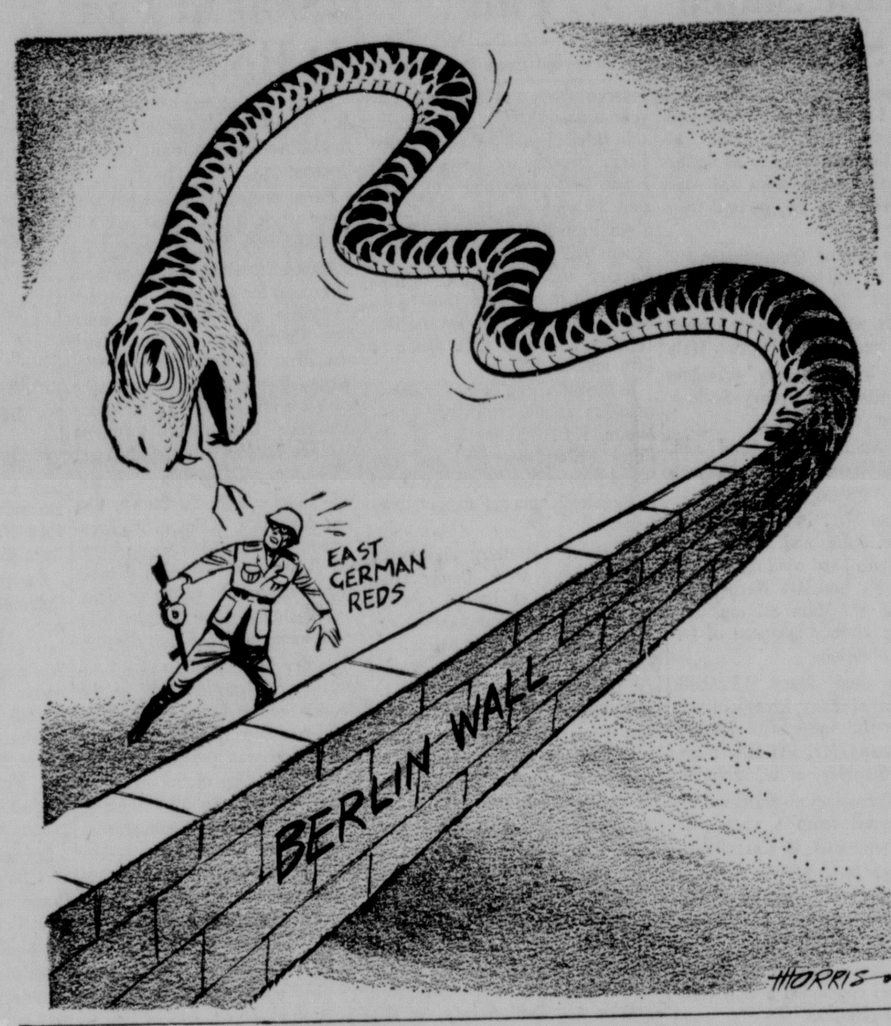

And what a blessing it would be when we all learned to drive the way we should — as if our lives depended on it.

Faithfully yours,
MAX

The Stirrings Of A Monster

The Reds Gain, Inch By Inch

By Victor Riesel

SINGAPORE

It is time that we "back home" stopped thinking of far-off lands such as Sarawak as the romantic home of the "White Rajah," or Borneo as the country of wild-men, or of the sultanate of Brunei as the tangled jungle in between, or of Burma as full of Rudyard Kipling's waiting girls or of this teeming, preponderantly-Chinese city-state of Singapore as a land of mystery and the home of a cool drink called the "Sling."

Victor Riesel

Sino-Soviet strategists long, long ago took a realistic look at such frontiers as these. Then they invaded. Not with men and guns in recent years but with disciplined labor organizers.

THAT'S WHY the sun never sinks on the Communist global network. That's why they now have bases of power. That's why our friends have their backs to the wall despite the gallant men we have here in and out of our diplomatic circles.

The Communists never miss a trick. While we talk of white rajahs, they have organized general workers unions, government workers unions, transport and dock workers unions and oil workers unions in the British North Borneo-Brunei-Sarawak end of Borneo Island.

So powerful have these unions become, small as they are, that the British government has become alarmed. It is now writing laws to ban the Communists' infra-organization, unions and all. And when these "jungle" lands become part of the new nation of Malaysia, with the capital in Kuala Lumpur, the new regime will jail the Communist organizers.

THE MALAYAN Tengku (prime minister) just has no other way of handling the invasion whose undercover Sino-Soviet agents use violence, race hatred, labor cartoons of employers drinking Chinese workers' blood and outright sabotage, not only in this city-state, but as far off as the rivers of Borneo-Brunei-Sarawak.

This is grim warfare for survival. The Communists know the value of unions in the endless drive for the support of the masses of Chinese and other peoples.

The leaders of Singapore and Malaya, sophisticatedly anti-Communist Tengku Abdul Rahman in Kuala Lumpur and the utterly brilliant prime minister of Singapore Lee Kuan Yew, don't want a repetition in Malaysia of what has happened in Burma.

Over in Rangoon they've been kicking the anti-Communists around like a foot gong. Some months ago, the Burmese Trade Union Congress condemned the "U.S. imperialist military aggression in South Viet Nam," and demanded our "unconditional withdrawal."

The Burmese labor leaders also said that "by every means the U.S. imperialists have interfered in Cuba, Congo and Laos."

THIS STUFF is then broadcast by Radio Peiping and Radio Hanoi to the congested masses of hundreds of thousands of Chinese in Singapore and elsewhere — and America and freedom as we know it lose face and prestige.

Such propaganda is exploited by the Communist-controlled Singapore Association of Trade Unions (SATU), which always seems to have enough funds for its needs. And labor power here may be the balance of power.

Already the Communists control strategic public utility unions and transport and government employes' units. But they never overlook even the smallest locals. And some are very small here.

They constantly try to control such outfits as The Singapore Catering Services Staff and Workers Union or the Singapore Restaurants, Bars, Eating and Coffee Shops Employes Union.

There are hundreds of such unions in this State of Singapore where 1.7 million people, of which 1.2 million are Chinese speaking five dialects, crowd into 300 square miles.

Nor are the rural workers ignored by the Communist apparatus. I ran into a propaganda maneuver which reveals, more than anything I've yet seen, the detail with which the offensive is planned against governments on the side of democracy.

THERE IS an area in the state of Singapore called Kampong Kembangan. Each year after the big rains it is devastated by floods.

The Singapore government decided to put in drainage controls. To do this, the aides of Prime Minister Lee Kuan Yew went to the small farmers there.

The government people wanted to buy up property for the drains. These had to cut through some vegetable plots, pig sties, shads and ponds. No homes were to be affected. When the drains are completed they will save property and lives.

Then along came something called the Rural Residents' Association. It screamed that the government wanted to wipe out the small farms so that rich men's houses could be erected. It demanded an end to the drainage program.

Then it issued pamphlets attacking the government for ignoring the plight of the farmers at flood time and demanded drains. Thus it attempted to turn the rural workers against the democratic government on two scores, though Mr. Lee was doing his best.

More hatred was engendered. A few more votes for Sino-Soviet global strategy were made.

And that's how it goes — a few votes, a few inches of territory, year by year, the Communist machine moves across the world.

Odd Facts

Adhesive postage stamps were first used in the United States in July of 1847. Prior to that, a person posting a letter was required to present it at the post office where a clerk determined the amount of postage due according to the distance the letter was to travel, and then the patron paid the amount which was written on the face of his envelope.

The present population of the world — about 2,490,000,000 — will double in about 70 years, according to UN statisticians.

Government Ownership

By David Lawrence

A Critical Issue Heads For A Showdown

Shall the government own everything, regulate everything—including prices and wages—and control the whole national economy? For many decades the answer to such a question would have been an emphatic negative but today the Democratic party has a substantial number of members in Congress who openly favor government ownership as a public policy.

David Lawrence

The recent filibuster on the bill covering ownership of the space-satellite communications system—known as "Telstar" — revealed several Democratic senators of the so-called "liberal" group as favoring government ownership, despite the opposition of the administration.

Also, some Democratic members of the Senate Antitrust Committee now are demanding that the steel companies disclose data on their internal operations, which means that all competitors would see this information.

Apparently the drive is on to increase government control over the making of prices. This is a short step away from wage-setting.

Proposed mergers, moreover, of railroads and consolidations of airlines are before governmental bodies today for approval or disapproval.

The prospect is that many workers will lose their jobs because of such mergers, though the companies predict that the gain in efficiency will result in improved service and eventually in more jobs.

The labor union leaders would be the last to admit it but they must assume some responsibility for the plight of those transportation companies which are not able to get high enough rates to absorb increased wage costs and to meet the expense of featherbedding — payment for work not being done. This constitutes a form of subsidy devised by labor unions to benefit their own members.

COMPANIES nowadays have to decide whether to seek an alternative or to try to get along with fewer employes and be content with a smaller volume of specialized products sold at a relatively high price to those who must have such goods no matter what the cost. The alternative policy is usually to endeavor to get a larger sales volume at lower prices.

This is theoretically a sound approach but it depends on the use of automatic equipment and on the development of greater efficiency.

This is something to which labor union policy customarily refuses to give cooperation.

Also, to build and modernize plants requires more capital. Investors don't like to lend or invest money in enterprises that are in trouble. So it's a vicious circle. Unless there are satisfactory earnings, the funds cannot be obtained to build better plants to promote greater efficiency and to increase earnings. Yet unless labor costs and work rules can be held in line, employers will soon find their earnings steadily diminished.

Economic principles, therefore, are coming into conflict more and more today with the pressures of groups which uncompromisingly demand the maximum and do not think of the future of the whole economic system.

Then there is the factor of government competition with industry, as manifested by the government invasion of the power industry through the construction of dams and the subsidizing of publicly owned power plants, instead of leasing these facilities to private companies that could competitively bid on them.

THW WHOLE SYSTEM of free enterprise is one of risk capital and hazards, but it nevertheless has managed to build America into the most powerful economic factor in the world today.

What is the reason for the emergence of a new faction in Congress which boldly champions government ownership?

Do the people really understand the fundamental issues?

Experience in other lands has shown that when initiative is stifled, competition — with its emphasis on skills and inventive genius — is abandoned, and there develops a lazy reliance on the government to do everything.

The result is inefficiency and poor service rendered to the people.

Thus, for example, not a single private telephone or telegraph system exists in the larger countries of the world except the United States. They are all government owned. America not only has the largest system of private communication anywhere but one that far excels any governmental system in service and convenience. To this fact anyone with experience here and abroad can testify.

YET IN CONGRESS a fatal blow is being aimed at the whole doctrine of people's capitalism, which describes the system prevalent in America today — where the people still have a right to own private companies and share in their earnings, even as the population as a whole shares in the benefits that science and research bring.

The United States now is going through a critical period in its economic history. Will government ownership come to America, as it has in Communist Russia and in other countries?

Or will America retain its system of people's capitalism?

This is the issue that seems certain to come before the American people in the national elections in the next few years.

Pleasant Relationship?

That pleasant relationship between President Kennedy and former President Eisenhower is getting increasingly abrasive.

No name-calling, no personal attacks, but blistering criticism of each other's administrations.

Several times in moments of deep concern since he took office Kennedy has sought out Eisenhower to talk with him. This was a switch for Eisenhower, whose relations with his predecessor, former President Truman, were frigid.

But twice within 10 days, Kennedy has traced two of this country's most vital troubles—the space race with Russia and the economy—back to Eisenhower as troubles he inherited.

Eisenhower's criticism of his successor in the White House has picked up steam over the past three months.

A month ago today he said the Kennedy administration "is floundering — thrashing aimlessly about" while doing things he said "have started the whole nation to question its ability to comprehend."

A month before he said he believes Kennedy is in the clutches of the "big spenders." He had acutely criticized the Kennedy farm program before and after the House killed it with all but one Republican voting against it.

In his television talk to the nation Aug. 13—after the Russians had shot their orbital twins into space—Kennedy admitted the United States was behind but had started late in the 1950s.

Eisenhower, whose administration spanned most of the 1950s, said Aug. 15 in London he does not agree with those who say the Russians have a space lead over the United States.

"I do not agree," he said, "that they (the Russians) have a space lead or that there is a gap. I'm a little tired of that word gap."

At his news conference Wednesday, Kennedy—saying "anybody who attempts to suggest we are not behind misleads the American people"—stressed:

"We are second to the Soviet Union in long-range boosters. I have said from the beginning we have started late . . . but I believe before the end of this decade is out, the United States will be ahead."

Earlier this month in the Saturday Evening Post Eisenhower said he doubted the wisdom of racing the Soviets to put a man on the moon and criticized the Kennedy administration for spending too much on the space race.

Kennedy, as if answering the spending complaint, said Wednesday:

"We are well behind but we are making a tremendous effort. We increased, after I took office, after four months, we increased the budget for space by 50 per cent over that of my predecessor.

"The fact of the matter is that this year we submitted a space budget which was greater than the combined eight space budgets of the previous eight years. So this country is making a fast effort which is going to be much bigger next year, and the years to come, and represents a very heavy burden upon us all."

How Much Patience Is Left?

If you think the only thing left is to get out of Berlin and leave the rest to the Berliners and their besiegers, you are fitting into the Kremlin's strategy.

If it strikes you as absurd for the United States to be on the defensive for not preventing East Berliners from killing people trying to escape from their Communist "Paradise," you are getting into the spirit the Kremlin is hoping to create.

Your patience is running out. You are disgusted with the shape of events and would like to turn your back on them. Frustrated by your government's inability to get anywhere with Communists, you would like to see your government pull back from its point of cortact with East Berlin communists, a particularly gamey lot.

The Kremlin has given its best efforts to bring about this state of mind. It never lets the non-Communist West win an argument. It never agrees with a Western point of view. It never misses a chance to be irritating.

When Khrushchev becomes an advocate of "co-existence," the crusty diehards who keep him in power warn him not to go too far or they will take his scalp. Irreconcilability is the standing position of party-line party members.

These people will have won their fight with the non-Communist world if they can wear out its patience. Reversion to isolationism in the United States would be a major victory for them. Berlin is their most useful point of irritation.

They hope eventually to make the United States and the Western Powers so sick of Berlin they will clear out and leave it to East Berlin's puppet commissars.

No Official Prayer Or Praying

It seems likely the intent of the lawyer for the New York State Education Department who says no prayers whatever should be permitted in state schools is to clear up the U.S. Supreme Court's ruling that official prayers are unconstitutional.

This has been widely interpreted to mean that all praying is unconstitutional, which wasn't what the Supreme Court ruling said. The lawyer's contention is that prayer offered by anyone in an official capacity in a public school system is therefore an official prayer and it is unconstitutional for an official to pray in an official capacity. The lawyer defines offical capacity to include a teacher, a superintendent, or a board of education.

If this leads to discussion and clarification—and it should — the Supreme Court's ruling will be protected against mischievous misrepresentation. The ruling was not against praying. It was against an official prayer prepared by the New York Board of Regents for use in New York public schools.

It was intended to maintain the separation of church and state which is the bulwark of religious freedom in the United States. Each citizen's religion here is his own affair. No public official can trespass without violating the Constitution of the United States, not even a board of education.

To The 10th Power

In one of the tender tributes to Amos Alonzo Stagg on his 100th birthday, it was pointed out that here was a man who lived a century without swearing.

When it is considered he made his name famous as a football coach, an occupation bristling with provocations for getting hot under the collar, this is something to think about.

When Coach Stagg wanted to show his displeasure about an individual, he called him a "dumbbell" or a "jackass." If steam was blowing out of his ears, he would lay it on thick and call the culprit a "quadruple jackass."

That was his equivalent of our "double darn." It may be assumed there also were double and triple jackasses, perhaps even quintuple and sextuple jackasses. This system sounds attractive, because the truth is that those of us using the more common system have a problem.

We use up our entire arsenal of profanity on the smallest pretext, then have nothing left to say when something of major proportions gets under our skins. It's as though we had a shotgun rigged to fire when the door opened and it fired as big a blast for an intruding cat as for a burglar.

This is not a problem peculiar to men. As women have settled into the workaday world, men have discovered that many women are as hair-triggered as the cussingest of the old-time air-blistering mule-skinners. Ladies also stand in need of gradations of cussing.

Two separate scales of gradation are needed—one for cussing people, another for cussing things. The latter is more important.

By Truman Twill

Most of us fly into vocal rages about things oftener than people.

Using "dad-blasted" as the root word on the scale, an automobile that fails to start would be just that—"dad-blasted." If it also has a flat tire, it would be "double dad-blasted."

If the radiator leaked to boot, it would be "triple dad-blasted." And if the transmission went sour after the engine had started, the tire had been fixed and the radiator repaired, would be "quadruple dad-blasted."

This would be a way out of the dead-end that spontaneous cussing has created for us cussers. It would give us an ascending scale for showing wrath. If we ever raised "dad-blasted" to the 10th power, our loved ones and friends would call the wagon to have us sacked up and hauled away.

The way it is now, they wonder if they shouldn't call the wagon when we stub our toe, or a button falls off while we're dressing. On the slightest excuse we spill out all the bad words our mothers never taught us.

Habit being what it is, we do this so routinely the impact of our cussing is lost. It falleth as the gentle rain, instead of a bucket of hot rivets. "What's that?" inquires a stranger and those who know us reply, "Oh that's old Skinhead going through a warm-up. Nothing serious."

Aside from its other strong points, the Stagg system of cussing has this merit: It served the inventor well for a provocation-packed century.

Amos Stagg didn't live 100 years by being a quadruple-jackass, which is the way we feel when we pull the trigger on our entire cuss-word vocabulary on what turns out to have been provocation.

Letter From Max

Dear Truman Twill:

In all that has been said and written about the traffic problem, one fascinating possibility has never been mentioned: Abolish all traffic laws and start over.

Lewis and Clark, Daniel Boone, Davy Crockett and those other hardy old-timers didn't have any such silly things as traffic lights and stop signs to contend with, and they got where they wanted to go. The country they traveled through was almost as hazardous as our streets are today.

When you think of it, all the warning signs on the roads are ridiculous. Why should anyone 16 years or over have to be ordered to go slow or told there is a curve in the road?

The signs are endless, literally: Railroad Crossing, Winding Road, Rock Slides, Deer Crossing, Congested District, School Zone, Hospital Zone, Sharp Turn, Yield Right of Way, Hill, Construction Ahead, No Right Turn, No Left Turn, No Passing, No Parking, One Lane 6 to 9 a.m., One Lane 3 to 6 p.m., Cattle Crossing, Truck Entrance, Children Playing, Do Not Enter, One Way, Exit Half Mile, Speed Limit 10-15-20-25-30-35-45-50-60-65, Route Numbers 30-43-77-619-50, Bump, Dip, Don't Cross Yellow Line, Left Lane for Passing, Stay in Lane, Traffic Signal Ahead, Stop Ahead, Dangerous Intersection, Caution, Turn Right on Red with Caution, Slow Vehicles Keep Right, Slippery When Wet, Surface on Bridge Freezes Faster, Use Low Gear, Pavement Narrows, Right Lane Ends, Left Lane Ends, Divided Highway Ahead, Middle Lane Ends, North, South, East, West, Soft Shoulders, New Berm, Men Working, Emergency Parking Only, Radar, Speed Zone Ends, Speed Zone Starts, Measured Mile, Hidden Driveway, Thickly Settled, Squeeze, Stop Here for Red Light, 4-Way Stop, Resume Speed, Reduce Speed, No Trucks Allowed, Right Lane Must Exist, Left Lane Must Exit, Middle Lane Must Exit, No Turn, 8 Tracks, Narrow Bridge, Bridle Trail Crossing, Horse and Buggy Zone, Beware Artillery Range.

No wonder people are taking tranquilizers.

By Martin Miller

And still the traffic accidents go on in ever increasing numbers. Obviously, all the signs are of no avail. When prohibition didn't work it was repealed. It is about time to do the same with traffic laws.

The laws are designed to protect drivers and pedestrians, and when the laws are ignored accidents soar. Obviously, if the laws were repealed they could not be violated. This would eliminate violations and then there would be fewer accidents.

Things might be rough for the first month or so but once we drivers learned we were on our own and there were no laws to protect us we would practice self-preservation.

Take an ordinary Stop Sign, for instance. You stop at the sign and somebody slams into the rear of your car. Suppose you are on a through highway and know the other car should stop before crossing the highway. You go right along at full speed but the other car does not stop and there is a big smashup, often fatal. If there were no Stop Sign there you would drive more gingerly to see what the other car was going to do, and so it would be, all down the line.

Cars are rolling over on curves and crashing Stop signs every day so what good are the signs?

What a travesty!

Abolition of traffic laws and signs might cause a temporary dislocation of labor, such as police reporters, sign painters, traffic-fight electricians and policemen, but this would be more than compensated for in the early stages by the jump in demand for auto body repairmen.

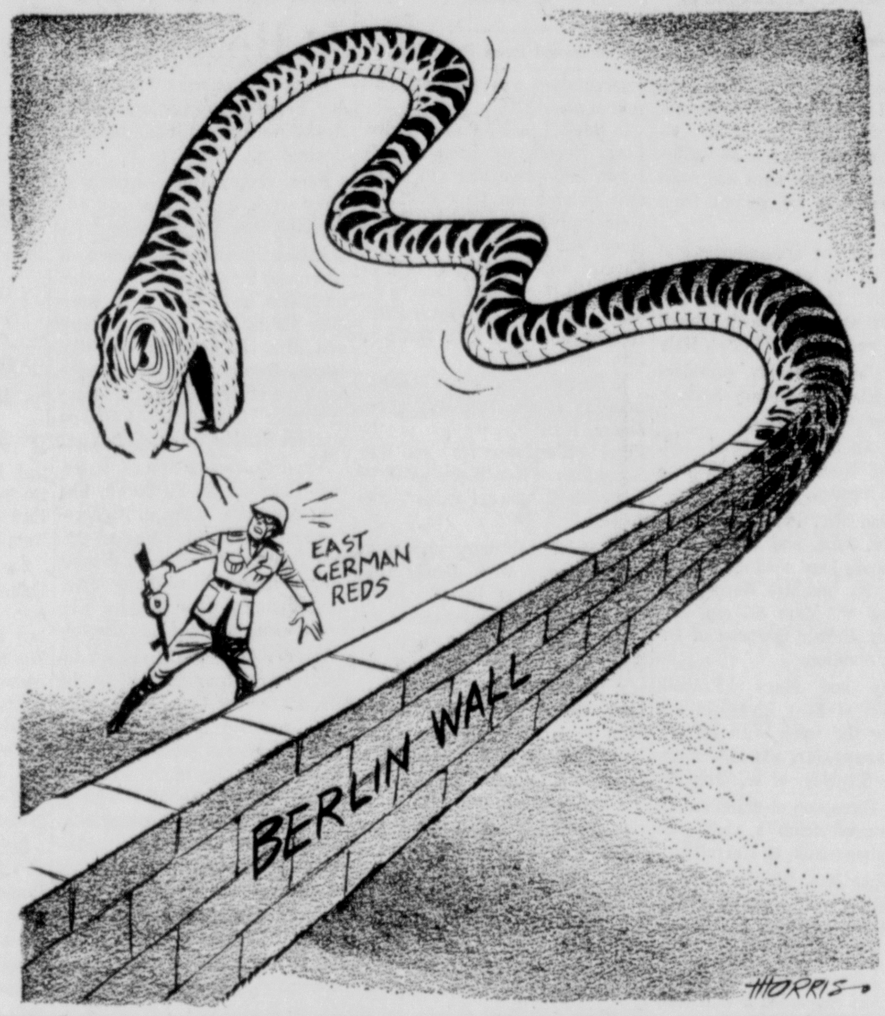

And what a blessing it would be when we all learned to drive the way we should — as if our lives depended on it.

Faithfully yours,
MAX

The Stirrings Of A Monster

The Reds Gain, Inch By Inch

By Victor Riesel

SINGAPORE

It is time that we "back home" stopped thinking of far-off lands such as Sarawak as the romantic home of the "White Rajah," or Borneo as the country of wild-men, or of the sultanate of Brunei as the tangled jungle in between, or of Burma as full of Rudyard Kipling's waiting girls or of this teeming, preponderantly-Chinese city-state of Singapore as a land of mystery and the home of a cool drink called the "Sling."

Victor Riesel

Sino-Soviet strategists long, long ago took a realistic look at such frontiers as these. Then they invaded. Not with men and guns in recent years but with disciplined labor organizers.

THAT'S WHY the sun never sinks on the Communist global network. That's why they now have bases of power. That's why our friends have their backs to the wall despite the gallant men we have here in and out of our diplomatic circles.

The Communists never miss a trick. While we talk of white rajahs, they have organized general workers unions, government workers unions, transport and dock workers unions and oil workers unions in the British North Borneo-Brunei-Sarawak end of Borneo Island.

So powerful have these unions become, small as they are, that the British government has become alarmed. It is now writing laws to ban the Communists' infra-organization, unions and all. And when these "jungle" lands become part of the new nation of Malaysia, with the capital in Kuala Lumpur, the new regime will jail the Communist organizers.

THE MALAYAN Tengku (prime minister) just has no other way of handling the invasion whose undercover Sino-Soviet agents use violence, race hatred, labor cartoons of employers drinking Chinese workers' blood and outright sabotage, not only in this city-state, but as far off as the rivers of Borneo-Brunei-Sarawak.

This is grim warfare for survival. The Communists know the value of unions in the endless drive for the support of the masses of Chinese and other peoples.

The leaders of Singapore and Malaya, sophisticatedly anti-Communist Tengku Abdul Rahman in Kuala Lumpur and the utterly brilliant prime minister of Singapore Lee Kuan Yew, don't want a repetition in Malaysia of what has happened in Burma.

Over in Rangoon they've been kicking the anti-Communists around like a foot gong. Some months ago, the Burmese Trade Union Congress condemned the "U.S. imperialist military aggression in South Viet Nam," and demanded our "unconditional withdrawal."

The Burmese labor leaders also said that "by every means the U.S. imperialists have interfered in Cuba, Congo and Laos."

THIS STUFF is then broadcast by Radio Peiping and Radio Hanoi to the congested masses of hundreds of thousands of Chinese in Singapore and elsewhere — and America and freedom as we know it lose face and prestige.

Such propaganda is exploited by the Communist-controlled Singapore Association of Trade Unions (SATU), which always seems to have enough funds for its needs. And labor power here may be the balance of power.

Already the Communists control strategic public utility unions and transport and government employes' units. But they never overlook even the smallest locals. And some are very small here.

They constantly try to control such outfits as The Singapore Catering Services Staff and Workers Union or the Singapore Restaurants, Bars, Eating and Coffee Shops Employes Union.

There are hundreds of such unions in this State of Singapore where 1.7 million people, of which 1.2 million are Chinese speaking five dialects, crowd into 300 square miles.

Nor are the rural workers ignored by the Communist apparatus. I ran into a propaganda maneuver which reveals, more than anything I've yet seen, the detail with which the offensive is planned against governments on the side of democracy.

THERE IS an area in the state of Singapore called Kampong Kembangan. Each year after the big rains it is devastated by floods.

The Singapore government decided to put in drainage controls. To do this, the aides of Prime Minister Lee Kuan Yew went to the small farmers there.

The government people wanted to buy up property for the drains. These had to cut through some vegetable plots, pig sties, shads and ponds. No homes were to be affected. When the drains are completed they will save property and lives.

Then along came something called the Rural Residents' Association. It screamed that the government wanted to wipe out the small farms so that rich men's houses could be erected. It demanded an end to the drainage program.

Then it issued pamphlets attacking the government for ignoring the plight of the farmers at flood time and demanded drains. Thus it attempted to turn the rural workers against the democratic government on two scores, though Mr. Lee was doing his best.

More hatred was engendered. A few more votes for Sino-Soviet global strategy were made.

And that's how it goes — a few votes, a few inches of territory, year by year, the Communist machine moves across the world.

Down Through The Years

Odd Facts

Adhesive postage stamps were first used in the United States in July of 1847. Prior to that, a person posting a letter was required to present it at the post office where a clerk determined the amount of postage due according to the distance the letter was to travel, and then the patron paid the amount which was written on the face of his envelope.

The present population of the world — about 2,490,000,000 — will double in about 70 years, according to UN statisticians.

More than 100,000 different kinds of plants depend upon the bee for their pollination.

Government Ownership

By David Lawrence

A Critical Issue Heads For A Showdown

Shall the government own everything, regulate everything—including prices and wages—and control the whole national economy? For many decades the answer to such a question would have been an emphatic negative but today the Democratic party has a substantial number of members in Congress who openly favor government ownership as a public policy.

David Lawrence

The recent filibuster on the bill covering ownership of the space-satellite communications system—known as "Telstar" — revealed several Democratic senators of the so-called "liberal" group as favoring government ownership, despite the opposition of the administration.

Also, some Democratic members of the Senate Antitrust Committee now are demanding that the steel companies disclose data on their internal operations, which means that all competitors would see this information.

Apparently the drive is on to increase government control over the making of prices. This is a short step away from wage-setting.

Proposed mergers, moreover, of railroads and consolidations of airlines are before governmental bodies today for approval or disapproval.

The prospect is that many workers will lose their jobs because of such mergers, though the companies predict that the gain in efficiency will result in improved service and eventually in more jobs.

The labor union leaders would be the last to admit it but they must assume some responsibility for the plight of those transportation companies which are not able to get high enough rates to absorb increased wage costs and to meet the expense of featherbedding — payment for work not being done. This constitutes a form of subsidy devised by labor unions to benefit their own members.

COMPANIES nowadays have to decide whether to seek an alternative or to try to get along with fewer employes and be content with a smaller volume of specialized products sold at a relatively high price to those who must have such goods no matter what the cost. The alternative policy is usually to endeavor to get a larger sales volume at lower prices.

This is theoretically a sound approach but it depends on the use of automatic equipment and on the development of greater efficiency.

This is something to which labor union policy customarily refuses to give cooperation.

Also, to build and modernize plants requires more capital. Investors don't like to lend or invest money in enterprises that are in trouble. So it's a vicious circle. Unless there are satisfactory earnings, the funds cannot be obtained to build better plants to promote greater efficiency and to increase earnings. Yet unless labor costs and work rules can be held in line, employers will soon find their earnings steadily diminished.

Economic principles, therefore, are coming into conflict more and more today with the pressures of groups which uncompromisingly demand the maximum and do not think of the future of the whole economic system.

Then there is the factor of government competition with industry, as manifested by the government invasion of the power industry through the construction of dams and the subsidizing of publicly owned power plants, instead of leasing these facilities to private companies that could competitively bid on them.

THW WHOLE SYSTEM of free enterprise is one of risk capital and hazards, but it nevertheless has managed to build America into the most powerful economic factor in the world today.

What is the reason for the emergence of a new faction in Congress which boldly champions government ownership?

Do the people really understand the fundamental issues?

Experience in other lands has shown that when initiative is stifled, competition — with its emphasis on skills and inventive genius — is abandoned, and there develops a lazy reliance on the government to do everything.

The result is inefficiency and poor service rendered to the people.

Thus, for example, not a single private telephone or telegraph system exists in the larger countries of the world except the United States. They are all government owned. America not only has the largest system of private communication anywhere but one that far excels any governmental system in service and convenience. To this fact anyone with experience here and abroad can testify.

YET IN CONGRESS a fatal blow is being aimed at the whole doctrine of people's capitalism, which describes the system prevalent in America today — where the people still have a right to own private companies and share in their earnings, even as the population as a whole shares in the benefits that science and research bring.

The United States now is going through a critical period in its economic history. Will government ownership come to America, as it has in Communist Russia and in other countries?

Or will America retain its system of people's capitalism?

This is the issue that seems certain to come before the American people in the national elections in the next few years.

For Reunion With Family

U.S. Airman Is Whisked From Indonesian Prison

AKRON, Ohio (AP) — Allan Lawrence Pope, a 33-year-old American flier, has been whisked secretly from an Indonesian prison where he was under death sentence to a "wonderful reunion" of six weeks with his wife and two sons in the United States.

Pope was reported in New York on personal business but he was not available to newsmen.

His wife, Yvonne, said Wednesday night at her parents' home in Akron her husband is in good health and "everything has turned out fine for us."

Until his secret release July 2 as part of a general political amnesty by the Indonesian government, the situation was far from rosy for the former Air Force pilot who had won the Distinguished Flying Cross for bravery in Korea.

In April 1960, an Indonesian military court found him guilty of killing 17 members of the Indonesian armed forces in bombing and strafing missions. He was accused of carrying arms and ammunition for rebel forces during an unsuccessful 1958 uprising.

Pope said at his court-martial he had flown one attack mission for the rebels in his World War II-type B26 bomber, but claimed he didn't kill anyone. He denied charges he was to blame for most of the rebel air raids on ships, ports and airfields in eastern Indonesia or that he received $10,000 a mission from the rebels.

The American flier said he joined the rebels without pay. He wanted to fight communism, Pope asserted, and was told the Communists controlled the government of President Sukarno.

Pope was sentenced to death April 29, 1960. His petition for clemency was denied and all prior appeals for his release were fruitless.

The State Department disclosed news of Pope's release Wednesday night and said he has asked the amnesty and his return to the United States be kept secret. He wanted to rejoin his family and rest and relax without fanfare.

"It's been a wonderful experience being reunited with my husband for the past six weeks," Mrs. Pope said. "The boys, Stephen, 6, and Lawrence, 5, hadn't seen their father for four years. I met him when he flew back to this country and we've spent the time since at a hideaway at a friend's place."

Mrs. Pope said they probably will return to their former home in Homestead, Fla.

Pope flew for the French in the Indochina war in an airlift attempt to break the Communist siege of Dien Bien Phu, and for Civil Air Transport of Nationalist China, the line founded by the late U.S. Gen. Claire L. Chenault.

Copter With 2, Pilot Safe After Trouble At Falls

NIAGARA FALLS, N.Y. (AP)—A helicopter with two passengers from Ohio and a pilot fluttered to the ground near the Niagara County Building after developing engine trouble over the Niagara Gorge.

The dead - stick landing was made Wednesday in an open area across from the County Building.

Douglas Green, pilot of the Niagara Helicopter Service craft, said the helicopter had been in the air about six minutes when oil began spraying from the motor.

The passengers were Ralph Puntel and his 8-year - old son from Cleveland. Mrs. Puntel and other members of the family were waiting at the helicopter port in Niagara Falls, Ont.

Stolen Auto Wrecked; Suspects Flee On Foot

Two suspects fled on foot Wednesday after an auto stolen in East End Tuesday night or early yesterday was damaged in a traffic mishap on a highway between Wellsburg and Follansbee, East Liverpool police were advised by the Brooke County sheriff's office at Wellsburg.

The crash led to the recovery of the 1954 four-door sedan which Mrs. Helen L. Hargreaves, 1107 St. George St., reported stolen from a parking place in front of her home between 5 p. m. Tuesday and 6:44 a. m. Wednesday.

The crash was timed at 6:30 a. m., approximately 30 minutes before the theft report was filed with police. The car was taken to a Wellsburg garage and West Virginia authorities are continuing their search for the suspects, police said. The report of the car's recovery was received here at 12:15 p. m. yesterday.

Heart Attack Claims Ex-County Treasurer

BATAVIA, Ohio (AP)—John P. Friend Jr., Democratic county treasurer 22 years before being charged with embezzlement, has died of a heart attack. Friend, 58, was stricken at Christ Hospital Wednesday where he went to bring his wife home after surgery.

Friend served 12 months of a 1-21 year term on conviction for embezzling $50,951.

Timken, USW Continue Talks On New Contract

CANTON, Ohio (AP) — Representatives of the Timken Roller Bearing Co. and the United Steelworkers of America continued negotiations today in an effort to reach agreement on a new contract.

A company spokesman said 40 issues still were unsolved Wednesday night.

Some 9,000 employes at plants in Canton, Columbus and Wooster are covered by the contract which expires at 12:01 a.m. Friday.

An employe savings plan is the chief issue, according to John S. Johns, director of United Steelworkers District 27. The union wants a company-paid vacation and savings plan similar to that granted by the big steel companies.

Timken has offered a security savings plan under which the workers would deposit up to 6 per cent of their earnings in a local savings and loan association with the company guaranteeing a 50-cent gain on every dollar saved.

Diplomat Claimed

WASHINGTON (AP) — Arthur B. Emmons III, 62, diplomat and mountain climber, died Wednesday of cancer.

Attorneys Ask Suit Dropped On Redistricting

CINCINNATI (AP)— Attorneys for the Clinton County Election Board have asked for dismissal of a suit on legislative reapportionment, or transfer of the case to Columbus.

Their motion Wednesday contended U.S. District Court in Columbus would be more convenient for witnesses involved.

The dismissal motion was based on a contention that remedies in the case had not been exhausted.

A similar suit is pending in Columbus.

Judge John Peck ordered a hearing on the motions for Sept. 10.

The Cincinnati suit seeks a court order that would knock out the Hanna amendment to the Ohio Constitution, under which each county is guaranteed at least one state representative, regardless of population.

The Cincinnati suit is confined to elections in Clinton, Highland, Brown and Adams counties.

Heart Attack Fatal

TEL AVIV, Israel (AP)—Dr. Giora Josepthal, 50, Israeli minister of development and housing, died Wednesday of a heart attack in Switzerland.

For Reunion With Family

U.S. Airman Is Whisked From Indonesian Prison

AKRON, Ohio (AP) — Allan Lawrence Pope, a 33-year-old American flier, has been whisked secretly from an Indonesian prison where he was under death sentence to a "wonderful reunion" of six weeks with his wife and two sons in the United States.

Pope was reported in New York on personal business but he was not available to newsmen.

His wife, Yvonne, said Wednesday night at her parents' home in Akron her husband is in good health and "everything has turned out fine for us."

Until his secret release July 2 as part of a general political amnesty by the Indonesian government, the situation was far from rosy for the former Air Force pilot who had won the Distinguished Flying Cross for bravery in Korea.

In April 1960, an Indonesian military court found him guilty of killing 17 members of the Indonesian armed forces in bombing and strafing missions. He was accused of carrying arms and ammunition for rebel forces during an unsuccessful 1958 uprising.

Pope said at his court-martial he had flown one attack mission for the rebels in his World War II-type B26 bomber, but claimed he didn't kill anyone. He denied charges he was to blame for most of the rebel air raids on ships, ports and airfields in eastern Indonesia or that he received $10,000 a mission from the rebels.

The American flier said he joined the rebels without pay. He wanted to fight communism, Pope asserted, and was told the Communists controlled the government of President Sukarno.

Pope was sentenced to death April 29, 1960. His petition for clemency was denied and all prior appeals for his release were fruitless.

The State Department disclosed news of Pope's release Wednesday night and said he has asked the amnesty and his return to the United States be kept secret. He wanted to rejoin his family and rest and relax without fanfare.

"It's been a wonderful experience being reunited with my husband for the past six weeks," Mrs. Pope said. "The boys, Stephen, 6, and Lawrence, 5, hadn't seen their father for four years. I met him when he flew back to this country and we've spent the time since at a hideaway at a friend's place."

Mrs. Pope said they probably will return to their former home in Homestead, Fla.

Pope flew for the French in the Indochina war in an airlift attempt to break the Communist siege of Dien Bien Phu, and for Civil Air Transport of Nationalist China, the line founded by the late U.S. Gen. Claire L. Chenault.

Copter With 2, Pilot Safe After Trouble At Falls

NIAGARA FALLS, N.Y. (AP)—A helicopter with two passengers from Ohio and a pilot fluttered to the ground near the Niagara County Building after developing engine trouble over the Niagara Gorge.

The dead - stick landing was made Wednesday in an open area across from the County Building.

Douglas Green, pilot of the Niagara Helicopter Service craft, said the helicopter had been in the air about six minutes when oil began spraying from the motor.

The passengers were Ralph Puntel and his 8-year - old son from Cleveland. Mrs. Puntel and other members of the family were waiting at the helicopter port in Niagara Falls, Ont.

Stolen Auto Wrecked; Suspects Flee On Foot

Two suspects fled on foot Wednesday after an auto stolen in East End Tuesday night or early yesterday was damaged in a traffic mishap on a highway between Wellsburg and Follansbee, East Liverpool police were advised by the Brooke County sheriff's office at Wellsburg.

The crash led to the recovery of the 1954 four-door sedan which Mrs. Helen L. Hargreaves, 1107 St. George St., reported stolen from a parking place in front of her home between 5 p. m. Tuesday and 6:44 a. m. Wednesday.

The crash was timed at 6:30 a. m., approximately 30 minutes before the theft report was filed with police. The car was taken to a Wellsburg garage and West Virginia authorities are continuing their search for the suspects, police said. The report of the car's recovery was received here at 12:15 p. m. yesterday.

Heart Attack Claims Ex-County Treasurer

BATAVIA Ohio (AP)—John P. Friend Jr., Democratic county treasurer 22 years before being charged with embezzlement, has died of a heart attack. Friend, 58, was stricken at Christ Hospital Wednesday where he went to bring his wife home after surgery.

Friend served 12 months of a 1-21 year term on conviction for embezzling $50,951.

Timken, USW Continue Talks On New Contract

CANTON, Ohio (AP) — Representatives of the Timken Roller Bearing Co. and the United Steelworkers of America continued negotiations today in an effort to reach agreement on a new contract.

A company spokesman said 40 issues still were unsolved Wednesday night.

Some 9,000 employes at plants in Canton, Columbus and Wooster are covered by the contract which expires at 12:01 a.m. Friday.

An employe savings plan is the chief issue, according to John S. Johns, director of United Steelworkers District 27. The union wants a company-paid vacation and savings plan similar to that granted by the big steel companies.

Timken has offered a security savings plan under which the workers would deposit up to 6 per cent of their earnings in a local savings and loan association with the company guaranteeing a 50-cent gain on every dollar saved.

Diplomat Claimed

WASHINGTON (AP) — Arthur B. Emmons III, 62, diplomat and mountain climber, died Wednesday of cancer.

Attorneys Ask Suit Dropped On Redistricting

CINCINNATI (AP)— Attorneys for the Clinton County Election Board have asked for dismissal of a suit on legislative reapportionment, or transfer of the case to Columbus.

Their motion Wednesday contended U.S. District Court in Columbus would be more convenient for witnesses involved.

The dismissal motion was based on a contention that remedies in the case had not been exhausted.

A similar suit is pending in Columbus.

Judge John Peck ordered a hearing on the motions for Sept. 10.

The Cincinnati suit seeks a court order that would knock out the Hanna amendment to the Ohio Constitution, under which each county is guaranteed at least one state representative, regardless of population.

The Cincinnati suit is confined to elections in Clinton, Highland, Brown and Adams counties.

Heart Attack Fatal

TEL AVIV, Israel (AP)—Dr. Giora Josepthal, 50, Israeli minister of development and housing, died Wednesday of a heart attack in Switzerland.

Towboat Due At Midland

The "Esso Pennsylvania," newest towboat of the Humble Oil & Refining Co., Eastern ESSO region, will drop five of its eight barges Friday about 6 p. m. at the company's Midland terminal.

The boat and remaining barges will continue on to Pittsburgh. It left Baton Rouge, La., Aug. 8 with 24,000 tons of petroleum products.

The boat and eight barges can deliver 180,000 barrels or 7,560,000 gallons of products from Baton Rouge to Pittsburgh in 15 days or less. When a sister boat, the "ESSO West Virginia," is added to the company fleet in October or November, both will be able to carry 15,120,000 gallons of products along the inland waterway system.

The new boat has a crew of 11, is nearly four stories high and is 150 feet long and 48 feet wide. It has two 12-cylinder diesel engines producing 4,320 horsepower with twin propellors 10 feet in diameter.

The pilot house has radar, automatic pilot, radio - telephone, depth finder and other navigation aids.

Homer Paul of Industry is superintendent of the Midland terminal.

Suit Asks $250,000 Over Case In Hospital

NEW CUMBERLAND—A $250,000 damage suit has been filed in Hancock County Circuit Court by the father of a 9-year-old Colliers girl against Weirton General Hospital and two staff physicians.

Filed on behalf of Pamala G. Hayhurst by Clarence Hayhurst, the suit contends the two physicians were "negligent" in the treatment of the youngster for a possible snake bite Aug. 27 through Aug. 31, 1960, at the hospital. He claims the youngster "suffered severe permanent injuries."

The defendants are Weirton General Hospital, and Dr. Emil Capito and Dr. Leonard E. Yurko, staff physicians, both Weirton residents.

The Constitution of the United States is unique in the fact that it was drafted before the government itself was established. This is the only instance of this kind in the world.

Police Investigate Attack By 4 On Youth

Ohioville Borough police said they and Midland police are investigating the beating of a Beaver youth by four other youths Monday evening near Summit Ave. in Ohioville.

Police Chief Bernard Zlatovich of Ohioville said the Beaver youth was admitted to Rochester General Hospital with injuries and is in "satisfactory" condition.

The Beaver youth was reported walking from the Cow Hollow area toward Midland when the attack occurred about 11 p. m., apparently no reason.

The youth suffered internal bleeding of the ear and concussion, police said.

Ten of the 34 men who have served as president of the United States were not possessors of college degrees. They were Washington, Jackson, Van Buren, Taylor, Fillmore, Lincoln, Johnson, Cleveland, McKinley and Truman.

Child Suffers Fall Injuries

A city girl injured in a fall from a wall Wednesday evening was admitted to City Hospital, where eight other persons were treated yesterday.

Sharon Kent, 6, daughter of Carl Kent, 603 E. 3rd St., is in "fair" condition with injuries suffered when she fell from a stone wall along 3rd St. She received a fractured right wrist, abrasions of the nose and a puncture wound of the right side.

Ruth Covert, 87, of 513 Harrison St., Newell, fractured her left wrist in a fall at home.

Mary C. Scritchfield, 5, daughter of James Scritchfield of 4th Ave., LaCroft, was cut on the left shoulder and neck by broken glass at home.

Patrick Murphy, 6, son of Albert Murphy of Chester, suffered a possible fracture of the right shoulder in a fall while playing.

Rhonda K. Gibson, 6, daughter of Paul Gibson, 609 Harrison St., Newell, was treated for puncture wounds of the right thigh received when she fell on a nail.

Julie Peddicord, 4, daughter of James Peddicord of New Waterford R. D. 1, cut her lower lip while playing.

Phillip Sole, 27, of Chester injured his left foot on a machine while working at the Taylor, Smith & Taylor Co. pottery.

Jeffrey D. Owens, 3, son of Donald Owens of McDonald St., Glenmoor, was cut on the right eyebrow on a barbed wire fence.

Sam Tedeschi, 29, of Irondale suffered a laceration of the right forearm when an overhead door fell on him while working at the Georgetti River - Rail Terminal in Wellsville.

Ohioville Democrats Adopt Constitution

A constitution was adopted by the Ohioville Democrat Club when it met Wednesday evening in the Borough Building.

It was prepared by the by-laws committee and presented by John Flasco, who also presided.

Trustees elected were Flasco, Mrs. Anthony Waida and Mrs. Joe Bassar. The club is urging all unregistered voters in the borough to register during the registration drive in September.

A social followed with Mrs. Earl Carroll and Mrs. Waida hostesses. A. W. Popp won a prize. Next meeting is Sept. 26.

Kennedy Proved Wrong On Steel Hike, J&L Says

PITTSBURGH (AP) — President Kennedy has been proved wrong by his statement last September that the steel industry could "look forward to good profits without any increase in price," says the board chairman of Jones & Laughlin Steel Corp.

Avery Adams made the comment Wednesday in reference to a dividend cut by Republic Steel Corp. He said Republic's action proves the industry is not making an adequate profit.

"History has already proved that the President's statement with respect to...potential profits... was not in accord with the facts," Avery said.

"The facts are that for the second quarter of this year several steel companies reported losses and three large companies failed to earn enough money to cover their dividend requirements."

He said third-quarter earnings will be reduced also.

Ohioville Democrats Adopt Constitution

A constitution was adopted by the Ohioville Democrat Club when it met Wednesday evening in the Borough Building.

It was prepared by the by-laws committee and presented by John Flasco, who also presided.

Trustees elected were Flasco, Mrs. Anthony Waida and Mrs. Joe Bassar. The club is urging all unregistered voters in the borough to register during the registration drive in September.

A social followed with Mrs. Earl Carroll and Mrs. Waida hostesses. A. W. Popp won a prize. Next meeting is Sept. 26.

Kennedy Proved Wrong On Steel Hike, J&L Says

PITTSBURGH (AP) — President Kennedy has been proved wrong by his statement last September that the steel industry could "look forward to good profits without any increase in price," says the board chairman of Jones & Laughlin Steel Corp.

Avery Adams made the comment Wednesday in reference to a dividend cut by Republic Steel Corp. He said Republic's action proves the industry is not making an adequate profit.

"History has already proved that the President's statement with respect to...potential profits... was not in accord with the facts," Avery said.

"The facts are that for the second quarter of this year several steel companies reported losses and three large companies failed to earn enough money to cover their dividend requirements."

He said third-quarter earnings will be reduced also.

Plate Errors Puzzle Police In Auto Theft

Patrolmen Charles A. Winters and Orin C. Smith had a "numbers game" on their hands—auto license tag numbers, that is — when they discovered today that the registration slip on a stolen car did not match the digits on the plate the auto actually carries.

It started not long after Otto B. Stockdale, 223 W. 8th St., reported his 1953 Mercury four-door sedan had been stolen sometime in the last four days from a lot at the rear of his home.

He reported the theft at 7:15 this morning, taking the registration slip to headquarters as is customary in such cases to allow officers to copy down a full description of the car, including the serial number, motor number and license tag number.

The registration slip showed the license number was L-1476-C. A short time later, Officer Winters discovered that a big book issued by the State Bureau of Motor Vehicles listed Stockdale's number as L-1467-C.

The license plate number is the most vital part of a stolen car's description — it's the one first spotted by a policeman—so Officer Winters wanted to make certain it was correct.

There was no way for Stockdale to check. His auto was missing, along with the plate. The two patrolman tried to check with another local motorist who, the state book said, had been issued license L-1476-C. He had gone to work and taken the car, the family said.

A check with the Columbiana County Motor Club, where Stockdale obtained his tags, showed his number actually was L-1467-C. The last two digits had been transposed when the registration card was typed.

The slip was sent to the motor club for correction. Then police changed their report on the car theft to show the correct number.

Another auto theft was reported a short time later. Manford Banfield, 451 1st Ave., said his 1949 Chevrolet four-door with license L-1278-F was stolen from 1st Ave. between 10 last night and 9:30 a. m. today.

Man is comparatively one of the slowest - moving of all living creatures, his greatest attained speed being less than 22 miles an hour. The cheetah is the speed king of the animal kingdom, being credited with a top speed of almost 80 miles an hour.

Reds Pick Up Valuable Ground As Dodgers, Giants Bow

Berra Sinks Angels; Twins, Senators 'Tie'

The Review Sports

THURSDAY, AUGUST 23, 1962 EAST LIVERUOOL REVIEW PAGE 10

Cincy Wins On Kasko's Grand Slam

By BOB GREEN
Associated Press Sports Writer

Picking the Phillies to beat the Dodgers and the Mets to beat the Giants on the same evening is something like drawing to an inside straight.

Usually the house gets rich on such odds. Wednesday night, however, it was the Cincinnati Reds who picked up the chips.

The Reds, making a determined stab at repeating as National League champs, used Eddie Kasko's 10th inning grand slam homer to beat the Chicago Cubs 9-5 while the leading Los Angeles Dodgers and second-place San Francisco Giants took their lumps from a couple of also-rans.

The stumbling Dodgers lost to Philadelphia 5-1 as Chris Short pitched a three-hitter, while San Francisco had New York on the ropes, then let the Mets get away 5-4.

The Reds trail Los Angeles by four games—the closest Cincinnati has been since the second week of the season—and are a half game behind San Francisco. Los Angeles retains a 3½ game margin over San Francisco.

Pittsburgh got three-hit pitching from Tom Sturdivant, blanking Houston 3-0, and Milwaukee rallied to beat St. Louis 6-4 in the others.

The Reds, regaining the form that brought them the pennant last season, got support from an unexpected source in the victory over the Cubs.

Kasko, who faces possible loss of his starting assignment with the return of Gene Freese from the injured list, had hit only one home run this season before he unloaded with three men on base in the 10th. It was his 15th homer in six major league seasons.

Short, a lefty, was damaged only by Frank Howard's home run in pitching the Phils past the Dodgers. A walk to Bob Oldis, a sacrifice and Tony Taylor's line single broke a 1-1 tie for the Phils in the seventh and home runs by Johnny Callison and Don Demeter put it out of reach in the eighth. Short walked two in winning his eighth in 15 decisions.

San Francisco rallied from a three-run deficit to tie the Mets 4-4 in the top of the eighth, only to lose it in the bottom of the inning. Ken MacKenzie reached base on an error leading off the Met eighth and Don Larsen was relieved by Bob Garibaldi after walking Richie Ashburn. A single by Charlie Neal drove in the tie-breaker.

Knuckleball specialist Sturdivant (6-3) had a no-hitter for 4 1-3 innings as Pittsburgh eliminated Houston from the race. The only Colt hits were singles by Hal Smith and Al Spangler and a double by Bob Lillis.

Del Crandall delivered an eighth inning pinch hit single that drove in two runs, breaking a 4-4 tie and bringing Milwaukee its fourth straight victory at the expense of St. Louis.

Turner Gains Semi Finals In Net Play

Art Turner was the only local survivor in the Youngstown Tennis Tournament as he battled into the semi-finals Wednesday of the Junior Boys Division.

Turner defeated John Nigro of Youngstown 8-6 and 8-6 and plays a semi-final match tonight.

City tennis players eliminated in the men's singles were Gary Liebschner, losing 6-0 and 6-0 to Bob Thompson of Youngstown, and Tom Fannin who dropped sets of 6-3 and 6-4 to Art Kaufman of Youngstown.

In the Junior Boys play, Paul Jarvis bowed 6-0 and 6-0 to Jim Ogden of Youngstown.

Yanks Sport 5½ Game Edge

By MIKE RATHET
Associated Press Sports Writer

Yogi Berra, a roly poly Satan, has shoved his pitchfork right into the Angels' inflated haloes.

The veteran catcher played a devil of a game for the New York Yankees Wednesday night, driving in three runs and applying the crusher against the pennant-hopeful Los Angeles Angels with a two-run eighth inning homer that gave the American League leaders a 4-3 victory.

Berra drove in the first Yankee run with a single in the first inning. In the eighth, with the world champions trailing by a run in the second game of the key three-game series, the 37-year-old receiver tagged a two-run homer that knocked the Angel haloes askew.

It was the second sudden-ending finish suffered by the Angels, whose dreams were punctured Tuesday night when the Yankees struck for seven runs in the 10th inning and an 11-4 triumph.

The latest defeat dropped the Angels to third place, six games behind the Yankees and a half-game back of Minnesota. The Twins moved up to 5½ back when their game with Washington was halted by rain after 10 innings with the score tied 8-8.

Elsewhere, Dick Donovan posted victory No. 16 as Cleveland belted Detroit 7-3, Mike Hershberger's ninth inning homer gave the Chicago White Sox a 7-6 decision over Baltimore and Kansas City's Moe Drabowsky won his first in the AL with a 4-2 triumph over Boston.

The Senators and Twins played see-saw all night with Minnesota sending it into extra innings with two runs in the ninth. The Senators moved out front in the 10th when Joe Hicks singled and eventually scored on a fielder's choice. Rich Rollins' run-producing single in the bottom half knotted the count again. At this point, rain halted play for the third time and the umpires decided to let them replay it tonight.

Donovan (16-7), a 34-year-old veteran aiming for his first 20-victory season, started the Indians game-winning rally in the eighth inning with his third single. Willie Tasby then reached base on Dick McAuliffe's error on a doubleplay grounder that could have ended the inning. Al Luplow followed with a triple that snapped a 3-3 tie and tagged Don Mossi (8-12) with the loss.

Hershberger decided the White Sox-Orioles struggle with a two-out homer in the ninth off Hoyt Wilhelm (5-9) that won it for Chicago and Frank Baumann (6-4). The Orioles had pulled into a tie at 6-6 in the seventh inning on a walk to Whitey Herzog, singles by Jim Gentile and Brooks Robinson and an error by Jim Landis.

Drabowsky (1-0) gave up a homer to Ed Bressoud in the fourth, then was tagged for one by Gary Geiger in the eighth and John Wyatt had to come on to finish up a seven-hitter.

Yesterday's Stars

By The Associated Press

PITCHING — Chris Short, Phillies, limited National League leading Los Angeles to three hits for 5-1 victory that made it 11 victories in the last 13 games for Philadelphia.

BATTING—Eddie Kasko, Reds, hit grand slam homer in 10th inning for 9-5 triumph over Chicago Cubs, moving third-place Cincinnati to within four games of National League lead.

Little Loop Gridders To Meet At Wellsville

All youngsters interested in participating in the Wellsville Little League Football program this year are to report to the Minor League field at 20th St., Monday night at 6, Wayne Rose, league commissioner, announced.

Havlicek Ready To Join Celtics

HIRAM — John Havlicek, his fling at professional football over, will trade his Cleveland Browns uniform for some Boston Celtic basketball togs.

The former Ohio State basketball captain was released by the Browns Wednesday. Havlicek hadn't played football since he was a quarterback at Bridgeport High School.

Big John said he didn't have any trouble with the physical contact but added "I came up at a bad time, there are so many good receivers. Another handicap was the fact that I never really learned to block because I was a passer in high school. I still believe I can catch the football with anyone."

Coach Paul Brown said "We could see he wasn't going to make it eventually and decided that it would be best for John to let him know now. John agrees that his future is in basketball."

Havlicek said he planned to go to Boston. The Celtics had given the ex-Buckeye star a handsome offer before he tried out with the Browns.

Westgate Football Candidates To Report

All candidates for the Westgate Junior High football squad are requested to report for a meeting at the school Monday at 1:30 p. m.

The North Carolina football team will meet Big Ten powers Ohio State and Michigan State on consecutive Saturdays this fall.

Illinois High School Player Dies From Heat

GILLESPIE, Ill. (AP) — A Gillespie High School football player passed out in a locker room after a morning drill Wednesday and died about three hours later at St. Francis Hospital.

He was 15-year-old Andy Yurkovich, 6-foot-1½ and 244 pounds, the son of Mr. and Mrs. Joseph Yurkovich of nearby Benld, Ill.

Corner James Warden said an autopsy showed the cause of death to be heat stroke.

A teammate of Yurkovich, Patrick Wesley, 15, of Gillespie also complained of feeling ill in the locker room. He was in satisfactory condition at the hospital.

Reds Pick Up Valuable Ground As Dodgers, Giants Bow

Berra Sinks Angels; Twins, Senators 'Tie'

Cincy Wins On Kasko's Grand Slam

By BOB GREEN
Associated Press Sports Writer

Picking the Phillies to beat the Dodgers and the Mets to beat the Giants on the same evening is something like drawing to an inside straight.

Usually the house gets rich on such odds. Wednesday night, however, it was the Cincinnati Reds who picked up the chips.

The Reds, making a determined stab at repeating as National League champs, used Eddie Kasko's 10th inning grand slam homer to beat the Chicago Cubs 9-5 while the leading Los Angeles Dodgers and second-place San Francisco Giants took their lumps from a couple of also-rans.

The stumbling Dodgers lost to Philadelphia 5-1 as Chris Short pitched a three-hitter, while San Francisco had New York on the ropes, then let the Mets get away 5-4.

The Reds trail Los Angeles by four games—the closest Cincinnati has been since the second week of the season—and are a half game behind San Francisco. Los Angeles retains a 3½ game margin over San Francisco.

Pittsburgh got three-hit pitching from Tom Sturdivant, blanking Houston 3-0, and Milwaukee rallied to beat St. Louis 6-4 in the others.

The Reds, regaining the form that brought them the pennant last season, got support from an unexpected source in the victory over the Cubs.

Kasko, who faces possible loss of his starting assignment with the return of Gene Freese from the injured list, had hit only one home run this season before he unloaded with three men on base in the 10th. It was his 15th homer in six major league seasons.

Short, a lefty, was damaged only by Frank Howard's home run in pitching the Phils past the Dodgers. A walk to Bob Oldis, a sacrifice and Tony Taylor's line single broke a 1-1 tie for the Phils in the seventh and home runs by Johnny Callison and Don Demeter put it out of reach in the eighth. Short walked two in winning his eighth in 15 decisions.

San Francisco rallied from a three-run deficit to tie the Mets 4-4 in the top of the eighth, only to lose it in the bottom of the inning. Ken MacKenzie reached base on an error leading off the Met eighth and Don Larsen was relieved by Bob Garibaldi after walking Richie Ashburn. A single by Charlie Neal drove in the tie-breaker.

Knuckleball specialist Sturdivant (6-3) had a no-hitter for 4 1-3 innings as Pittsburgh eliminated Houston from the race. The only Colt hits were singles by Hal Smith and Al Spangler and a double by Bob Lillis.

Del Crandall delivered an eighth inning pinch hit single that drove in two runs, breaking a 4-4 tie and bringing Milwaukee its fourth straight victory at the expense of St. Louis.

Yanks Sport 5½ Game Edge

By MIKE RATHET
Associated Press Sports Writer

Yogi Berra, a roly poly Satan, has shoved his pitchfork right into the Angels' inflated haloes.

The veteran catcher played a devil of a game for the New York Yankees Wednesday night, driving in three runs and applying the crusher against the pennant-hopeful Los Angeles Angels with a two-run eighth inning homer that gave the American League leaders a 4-3 victory.

Berra drove in the first Yankee run with a single in the first inning. In the eighth, with the world champions trailing by a run in the second game of the key three-game series, the 37-year-old receiver tagged a two-run homer that knocked the Angel haloes askew.

It was the second sudden-ending finish suffered by the Angels, whose dreams were punctured Tuesday night when the Yankees struck for seven runs in the 10th inning and an 11-4 triumph.

The latest defeat dropped the Angels to third place, six games behind the Yankees and a half-game back of Minnesota. The Twins moved up to 5½ back when their game with Washington was halted by rain after 10 innings with the score tied 8-8.

Elsewhere, Dick Donovan posted victory No. 16 as Cleveland belted Detroit 7-3, Mike Hershberger's ninth inning homer gave the Chicago White Sox a 7-6 decision over Baltimore and Kansas City's Moe Drabowsky won his first in the AL with a 4-2 triumph over Boston.

The Senators and Twins played see-saw all night with Minnesota sending it into extra innings with two runs in the ninth. The Senators moved out front in the 10th when Joe Hicks singled and eventually scored on a fielder's choice. Rich Rollins' run-producing single in the bottom half knotted the count again. At this point, rain halted play for the third time and the umpires decided to let them replay it tonight.

Donovan (16-7), a 34-year-old veteran aiming for his first 20-victory season, started the Indians game-winning rally in the eighth inning with his third single. Willie Tasby then reached base on Dick McAuliffe's error on a doubleplay grounder that could have ended the inning. Al Luplow followed with a triple that snapped a 3-3 tie and tagged Don Mossi (8-12) with the loss.

Hershberger decided the White Sox-Orioles struggle with a two-out homer in the ninth off Hoyt Wilhelm (5-9) that won it for Chicago and Frank Baumann (6-4). The Orioles had pulled into a tie at 6-6 in the seventh inning on a walk to Whitey Herzog, singles by Jim Gentile and Brooks Robinson and an error by Jim Landis.

Drabowsky (1-0) gave up a homer to Ed Bressoud in the fourth, then was tagged for one by Gary Geiger in the eighth and John Wyatt had to come on to finish up a seven-hitter.

Havlicek Ready To Join Celtics

HIRAM — John Havlicek, his fling at professional football over, will trade his Cleveland Browns uniform for some Boston Celtic basketball togs.

The former Ohio State basketball captain was released by the Browns Wednesday. Havlicek hadn't played football since he was a quarterback at Bridgeport High School.

Big John said he didn't have any trouble with the physical contact but added "I came up at a bad time, there are so many good receivers. Another handicap was the fact that I never really learned to block because I was a passer in high school. I still believe I can catch the football with anyone."

Coach Paul Brown said "We could see he wasn't going to make it eventually and decided that it would be best for John to let him know now. John agrees that his future is in basketball."

Havlicek said he planned to go to Boston. The Celtics had given the ex-Buckeye star a handsome offer before he tried out with the Browns.

Westgate Football Candidates To Report

All candidates for the Westgate Junior High football squad are requested to report for a meeting at the school Monday at 1:30 p. m.

Turner Gains Semi Finals In Net Play

Art Turner was the only local survivor in the Youngstown Tennis Tournament as he battled into the semi-finals Wednesday of the Junior Boys Division.

Turner defeated John Nigro of Youngstown 8-6 and 8-6 and plays a semi-final match tonight.

City tennis players eliminated in the men's singles were Gary Liebschner, losing 6-0 and 6-0 to Bob Thompson of Youngstown, and Tom Fannin who dropped sets of 6-3 and 6-4 to Art Kaufman of Youngstown.

In the Junior Boys play, Paul Jarvis bowed 6-0 and 6-0 to Jim Ogden of Youngstown.

Colts Officially Out Of Running

PITTSBURGH (AP)—To those who fearlessly predicted the Houston Colts wouldn't win the National League pennant this year, fret no further. They won't.

The Colts, winners of 45 games in 126 tries in their first year, officially were eliminted from the pennant race Wednesday night, losing to Pittsburgh 3-0 on Tom Sturdivant's three-hitter. Even with this fate, Manager Harry Craft isn't complaining.

"We haven't even thought of being eliminated," Craft said. "It's farthest from our minds. We still have a tremendous lot of work to do the rest of the season."

The ninth-place Colts are the second team to drop from the official chase. The New York Mets accomplished it earlier this month.

"In one sense, we're not disappointed," said Craft, who became used to disappointment with the lowly Kansas City Athletics in the American League. "Before the season, all of the polls had us finishing in 10th place.

"If we can't stay out of last with the spread between us and the Mets we better hang them up. I even think there's a chance that we'll finish eighth. We're only a game and a half from there now."

LITTLE LEAGUE CHAMPS. VFW Post 5647 won the Wellsville Little League championship by sweeping the best-of-three playoff series from the Elks. The team posted a 16-5 record. Squadmen shown are, first row, from the left, Guy Lindesmith, Robert Reed, Dennis Russell, Leeman Pearson and Scott MacLean; second row, Manager Ralph McClain, Marvin Jones, Mike Piatt, Tom McClain, Jerry Wyse and Don McCombs. Other players are Ron Pucci, Raymond Sirianni, John Weeda and Bruce Wellington. Bob Boley was batboy.

Bucs' Bonus Baby Making Run For IL Rookie Honors

By The Associated Press

Bobby Bailey, the $100,000-plus bonus baby of the Pittsburgh Pirates, is making a strong run for rookie of the year honors in the International League while trying to convince the Pirates he's ready for a spot in their infield.

The young shortstop boosted his average to .296, his home run total to 23, his runs scored to 94, and his runs-batted - in to 85 Wednesday night in leading the Columbus Jets to their seventh straight victory, 5-3 over Richmond.

Richmond right-hander George Haney allowed only two hits in seven innings, but the first was a three-run homer by Bailey in the first following two walks, and the second was a solo homer in the sixth by Larry Elliot.

After the Virginians cut the Jet lead to 4-3 on Joe Pepitone's homer, the Jets got an insurance run in the eighth—and Bailey set that one up, too. He singled, moved into scoring position, and scored on a single by Orlando McFarlane.

Left-hander Don Rowe pitched a six-hitter for his 10th victory in the 1 hour, 37-minute game at Columbus, one of four played in the IL Wednesday night.

In the others, Atlanta turned back, Jacksonville 6 - 3, Syracuse blanked Toronto 2-0 and Rochester beat Buffalo 4-2.

Oilers Well Protected At Quarterback Spot

By JACK CLARY
Associated Press Sports Writer

The Houston Oilers, showing no signs of deterioration after winning their second straight American Football League title last year, hope to haul out venerable George Blanda for a vigorous workout tonight when they play the Buffalo Bills in an exhibition game in Mobile, Ala.

Blanda has spent most of the Oilers three exhibition victories recovering from a thyroid operation, finally taking a brief spell at quarterback last Saturday night in a 20-10 victory over Boston, and coming in to kick four field goals and three conversions the week before in a 33-17 victory over Denver.

In the meantime, the 34-year-old, 13-year pro veteran has watched second-year man Jacky Lee direct the Oilers in fine style. In their first victory, the Cincinnati grad threw three touchdown passes. He added another in the Denver game.

Lee's performance has given coach Frank (Pop) Ivy a good indication that the quarterback slot will be well-protected this year. It probably also has given Blanda's thyroid condition a much faster turn for the better, for he was not expected to see much action until the regular season begins next month.

Wednesday night, the Boston Patriots handed the New York Titans their third straight pre-season loss—taking a 17-10 victory at Lowell, Mass., before a crowd of 11,118. New York also lost all-league fullback Bill Mathis with a broken collarbone.

Veteran Babe Parilli, obtained from Oakland, completed 13 of 26 passes for 156 yards and one touchdown and went one yard on a sneak for the winning score in the fourth quarter. Halfback Ron Burton ran 10 times for 81 yards, including a 39-yard burst that set up the winning touchdown.

Molina Meets Brown Friday

SAN JOSE, Calif. (AP)—When Luis Molina fought Kenny Lane in April, the San Jose lightweight hoped a victory would gain him a bout with the winner of the Joe Brown-Carlos Ortiz title match a week later.

Molina figured Brown would win. Now he's meeting Joe in a 10-rounder here Friday night—a fight arranged after each lost lopsided upset decisions in those April bouts.

"I'm pretty happy about this fight," says Molina, a 23-year-old former Marine who has won 20 of 21 pro bouts. "I hope now it can get me a fight with Ortiz."

Molina isn't at all worried about giving away 13 years and nearly a hundred bouts worth of experience to the ex-champ from Houston, Texas.

"Sure, he's more experienced than I am, but I've had a lot of fights now," he continues.

Molina is ranked No. 4 junior welterweight by the NBA and Ring, but isn't listed on the lightweight ladder. He's knocked out 16 of his 20 victims in two years of professional fighting.

Frisco Lass Tops Heavy Favorite In Junior Golf

BUFFALO, N.Y. (AP)—A stalwart San Francisco schoolgirl moved into the semifinals of the 14th U.S. Golf Association Girls Junior Championship today with the hope that her putting problems were behind her.

Janice Ferraris, at 15 the San Francisco city womens titlist, tossed a nine-hole string in one-over-par at the tourney favorite, Roberta Albers of Temple Terrace, Fla., and crushed her, 4 and 3.

Today, she met the Western girls junior champion, Mary Lou Daniel of Louisville, Ky., over the Country Club of Buffalo's 6,102-yard, par 72 course.

Maryland junior titlist Mary Alice Sawyer of Baltimore faced Sue Lance of Woodland Hills, Calif., in the other 18-hole semi-final.

The 17-year-old Miss Daniel beat Bonnie Werner of New Berlin, Wis., 4 and 3. Miss Sawyer survived the tournament's longest match to beat Renee Powell in 21 holes. Miss Lance beat a fellow Californian, Michele Yapp of Santa Cruz, 6 and 5.

Wellsville Band To Play At State Fair On Friday

The Wellsville High School Band, under the direction of Ted Koenig, will present a concert Friday afternoon at 1 at the Ohio State Fair.

The 90 members and the chaperones will leave for Columbus Friday morning at 5. The trip will be in three school buses.

Funds were raised by the members themselves in a candy sale. After the concert, the members will tour the fair and remain in Columbus overnight.

They will return Saturday, stopping en route home at the Town & Country Restaurant for a smorgasbord dinner.

Serving as chaperones will be Mr. and Mrs. Charles Glass, Mrs. Patsy Frontone, Mrs. Elizabeth Frontz, Mrs. Jean Tipton, school nurse, and Koenig. Bob Sprague, Beaver Local High School band director, will attend as a guest of Koenig.

Koenig said "band camp" has been held all this week at the high school in preparation for the football season.

Bell Cast In 1773 Goes To New School

PLYMOUTH, Mass. (AP) — A bell cast in 1773 may be used to summon children in the $2.5 million Plymouth - Carver Regional High School — which is still in the planning stage.

The bell, 15 inches high and 23 inches across the base, was cast for a pre-Revolutionary War school, later used in a fire house.

The Pilgrim Society has presented it to the regional school committee, which has not yet decided whether to use it. The school is scheduled to open in September 1963.

Dies Of Meningitis

Panama High Schools Shut To Nip Violence

PANAMA (AP) — The government closed high schools in Panama City today in an effort to prevent the spread of student violence at the University of Panama.

About 200 high school students joined some 50 striking extremist university students Wednesday in barricading corridors and nailing classroom doors shut to prevent nonstriking students from attending classes at the university.

Moderate students charged that Communists among the extremists were trying to take over the university.

No Favors Are Asked On Riding Into Town

GLENDALE, Ariz. (AP) — Gayle Cate and Bobby Wagoner, both 13, don't ask for any favors when they ride into town.

The two rode in on their horse Sugar to buy supplies. Dismounting, they hitched him to a parking meter and dropped a penny in the slot.

Standing nearby, patrolman Orval Wilmer mused aloud to bystanders, "Wonder where I'll put the ticket in case the horse overstays the time?"

But he didn't have to worry. The boys got their saddle soap and were mounted up in plenty of time.

Further Treatment Due Ernie Davis In Maryland

CLEVELAND (AP) — Ernie Davis, Cleveland Browns rookie who is suffering from a blood disorder that has sidelined him for the season, soon will be transfered to a Maryland hospital for further treatment.

This was announced late Wednesday by Arthur B. Modell, president of the National Football League club, who said:

"After consultation with all the attending physicians it has been decided to transfer Davis to the National Institutes of Health in Bethesda, Md., for further therapy of his blood disorder."

He declined to elaborate other than to say the transfer would be made within a day or so.

Davis, All - America halfback from Syracuse and last year's Heisman Trophy winner, was stricken last month while practicing with the College All-Stars football team at Northwestern University.

He was hospitalized in Evanston, Ill., and transferred Aug. 3 to Marymound Hospital here for more tests and treatment.

Oldest And Smallest Carrier Is Replaced

JACKSONVILLE, Fla. (AP)—The Navy's oldest and smallest attack carrier has turned over its job as part of 6th Fleet's attack striking force in the Mediterranean to the newest and largest carrier in the fleet.

The 86,000-ton, nuclear-powered Enterprise officially relieved the venerable Shangri-La. 40,000-ton veteran of World War II. The Shangri-La is on the way home to Mayport Naval Station near Jacksonville.

Watch The Skins

BLACKSBURG, Va. (AP) — Sam Horner, a 205-pound back, says watch out for the Washington Redskins this season in the National Football League. Horner, who will be playing his third season with the Skins, says experience, several trades and confidence in the new system installed last year by Coach Bill McPeak are the big reasons why he thinks the Redskins will be tough to beat. The big back has been studying here at Virginia Polytechnic Institute to prepare himself for veterinary medicine.

Gunman Kidnaps Honeymooners, Groom Wounded

RENO, Nev. (AP)—The honeymoon of Jack Foster and his bride, married here Monday evening, was shattered by a gunman who invaded their motel room at 4 a.m. Wednesday, kidnaped them and later shot Foster twice in the head and raped his young wife.

Foster, 23, of Yreka, Calif., is in critical condition from two bullet wounds.

Mrs. Foster, also 23, of Medford, Ore., was treated for shock at Carson-Tahoe Hospital in Carso City, Nev.

Lester Morford III, 18, of Santa Rosa, Calif., is in jail charged with assault with intent to kill.

Larry Fister, Nevada highway patrolman, chased him down and captured him in the Foster car at Silver Springs, east of Reno, shortly after Mrs. Foster leaped from the vehicle in Carson City and reported the attack.

Foster's bride, Patricia, told officers a young man broke into their room and kidnaped them at gun point in their auto. They drove to Truckee, Calif., then to Lake Tahoe, then headed east.

She said the gunman shot her husband and dumped him from the car, raped her twice and drove to Carson City, where she escaped.

Passing motorists found Foster and he was rushed to a hospital.

Lacrosse, the official national game of Canada, was developed from an Indian game called "baggataway."

Sports Editor's Aide Chosen For Grid Fame Post

CHICAGO (AP)—George Strickler, assistant sports editor of the Chicago Tribune, has been named Chicago representative on the selection board of the new professional football Hall of Fame at Canton, Ohio. Bruce Morrison of the Chicago Sun-Times will be the alternate.

The announcement was made Wednesday by George Halas, owner-coach of the Chicago Bears. Selections were made on the basis of results of a poll of Chicago newspaper, radio and television representatives who cover the Bears.

One selector and one alternate has been named in each of the 14 National Football League cities.

The board will participate in selecting pro football players whose names and achievements will be enshrined in the Hall of Fame.

Big Money Events Slated Today In Grand America

By FRITZ HOWELL
Associated Press Sports Writer

VANDALIA, Ohio (AP) — The big money handicap races opened today at the 63rd Grand American Trapshoot with more than 2,000 gunners going after the gold and glory.

Today's program was the 100-target preliminary handicap in which the victory could pick up several thousand dollars. It was a tuneup for tomorrow's No. 1 showpiece, the Grand American Handicap which carries the sport's most coveted crown.

But nothing could occur today to knock the luster off Wednesday's rousing finale in the North American clay target race, last of the 16-yard events.

Novices and newcomers usually triumph in the handicaps here, but now an utterly known is on the 16-yard throne.

He is Bernard Kalapach, a 35-year - old former schoolteacher from Highland, Ind., near Chicago, who has an average of 92 of 100. He visited the Grand for the fourth year, but for the first time entered the 16-yard competition dominated by the nation's crack shots who seldom miss.

Against a field of 1,015, largest ever drawn by the event, Kalapach broke 200 straight to tie others for the top spot. Arrayed against him in the shootoff were Herb Bush of Canton, Ill., the 1957 champion; Joe Hiestand of Hillsboro, Ohio, winner five times since 1935, and Lee S. Davidson of Paxton, Ind.

Kalapach calmly broke an extra 125 to take it all, including the title, $500 purse and an undetermined amount of option money. Hiestand missed once in the extra 125 to take second, Bush was third and Davidson fourth.

Other winners in the 16-yard classic were:

Women—Mrs. Lewis R. Wolf, Philadelphia, 196, defeated Shirley Couch, South Gate, Calif., 25-23 in shootoff.

Veteran—Homer Clark Sr., Alton, Ill., 197.

Junior—Charles Keenan, South Sioux City, Neb., 199.

Subjunior — David R. Mott, Mich., 196, defeated Daryl Drennen, Granville, Ill., 100-99 in shootoff.

Professional — Cliff Doughman, Alton, Ill., 200.

Ex-High School Pitching Star Signs With Tribe

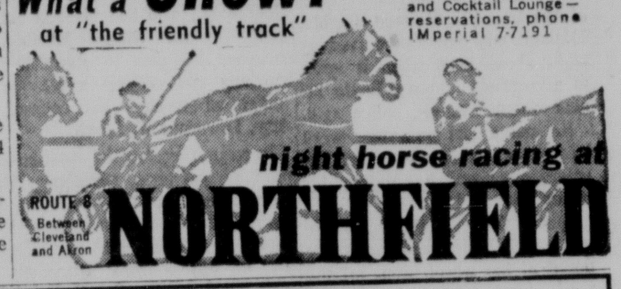

CLEVELAND (AP)—The Cleveland Indians have signed right-handed pitcher Dick Orsach, former greater Cleveland all-scholastic basketball star at John Marshall High School who celebrated his 20th birthday this week.

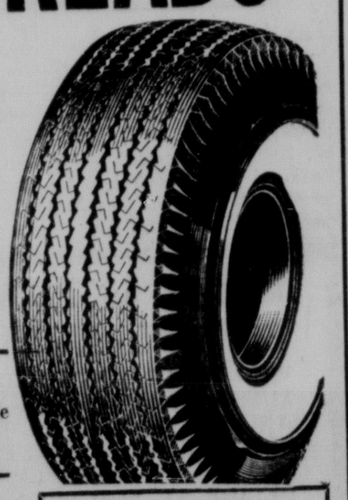

Orsagh, 6-foot-6 and 215 pounds, will begin his third year at the University of Notre Dame this fall. He plans to continue his education, but will drop out of school in time for spring training.

The Indians said he would be assigned to the Selma (Ala.) Club of the Florida-Alabama League.

Orsagh has been pitching in the Lakewood Class A league, where he won nine of 10 decisions. Eight other major league teams were trying to sign him.

Colts Officially Out Of Running

PITTSBURGH (AP)—To those who fearlessly predicted the Houston Colts wouldn't win the National League pennant this year, fret no further. They won't.

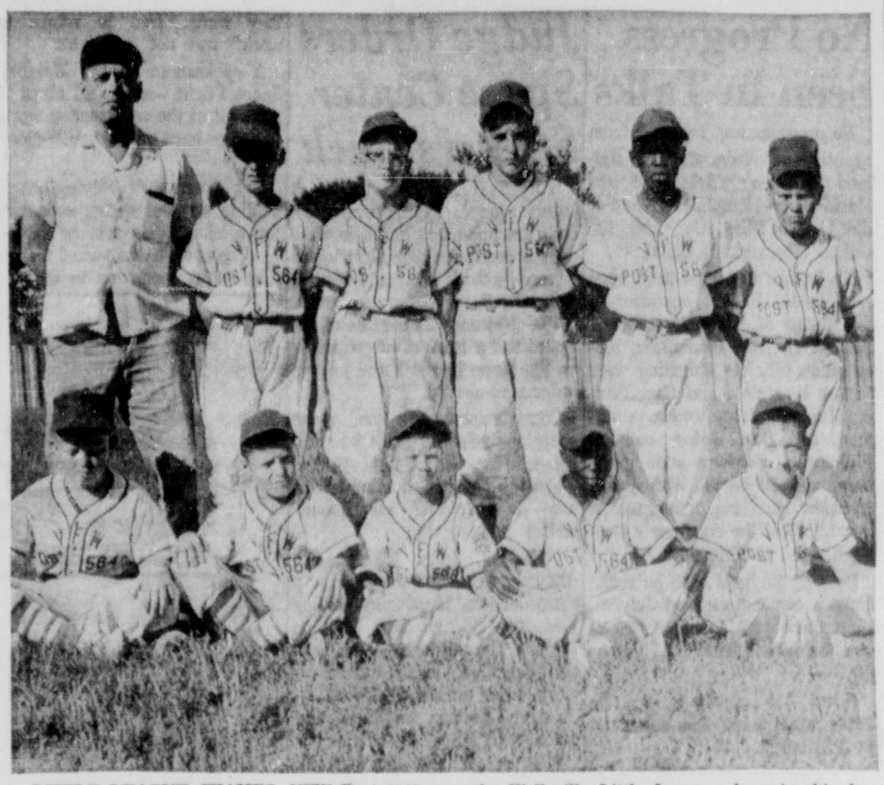

The Colts, winners of 45 games in 126 tries in their first year, officially were eliminted from the pennant race Wednesday night, losing to Pittsburgh 3-0 on Tom Sturdivant's three-hitter. Even with this fate, Manager Harry Craft isn't complaining.

"We haven't even thought of being eliminated," Craft said. "It's farthest from our minds. We still have a tremendous lot of work to do the rest of the season."

The ninth-place Colts are the second team to drop from the official chase. The New York Mets accomplished it earlier this month.

"In one sense, we're not disappointed," said Craft, who became used to disappointment with the lowly Kansas City Athletics in the American League. "Before the season, all of the polls had us finishing in 10th place.

"If we can't stay out of last with the spread between us and the Mets we better hang them up. I even think there's a chance that we'll finish eighth. We're only a game and a half from there now."

LITTLE LEAGUE CHAMPS. VFW Post 5647 won the Wellsville Little League championship by sweeping the best-of-three playoff series from the Elks. The team posted a 16-5 record. Squadmen shown are, first row, from the left, Guy Lindesmith, Robert Reed, Dennis Russell, Leeman Pearson and Scott MacLean; second row, Manager Ralph McClain, Marvin Jones, Mike Piatt, Tom McClain, Jerry Wyse and Don McCombs. Other players are Ron Pucci, Raymond Sirianni, John Weeda and Bruce Wellington. Bob Boley was batboy.

Boosts Average To .296

Bucs' Bonus Baby Making Run For IL Rookie Honors

By The Associated Press

Bobby Bailey, the $100,000-plus bonus baby of the Pittsburgh Pirates, is making a strong run for rookie of the year honors in the International League while trying to convince the Pirates he's ready for a spot in their infield.

The young shortstop boosted his average to .296, his home run total to 23, his runs scored to 94, and his runs-batted - in to 85 Wednesday night in leading the Columbus Jets to their seventh straight victory, 5-3 over Richmond.

Richmond right-hander George Haney allowed only two hits in seven innings, but the first was a three-run homer by Bailey in the first following two walks, and the second was a solo homer in the sixth by Larry Elliot.

After the Virginians cut the Jet lead to 4-3 on Joe Pepitone's homer, the Jets got an insurance run in the eighth—and Bailey set that one up, too. He singled, moved into scoring position, and scored on a single by Orlando McFarlane.

Left-hander Don Rowe pitched a six-hitter for his 10th victory in the 1 hour, 37-minute game at Columbus, one of four played in the IL Wednesday night.

In the others, Atlanta turned back, Jacksonville 6 - 3, Syracuse blanked Toronto 2-0 and Rochester beat Buffalo 4-2.

Oilers Well Protected At Quarterback Spot

By JACK CLARY
Associated Press Sports Writer

The Houston Oilers, showing no signs of deterioration after winning their second straight American Football League title last year, hope to haul out venerable George Blanda for a vigorous workout tonight when they play the Buffalo Bills in an exhibition game in Mobile, Ala.

Blanda has spent most of the Oilers three exhibition victories recovering from a thyroid operation, finally taking a brief spell at quarterback last Saturday night in a 20-10 victory over Boston, and coming in to kick four field goals and three conversions the week before in a 33-17 victory over Denver.

In the meantime, the 34-year-old, 13-year pro veteran has watched second-year man Jacky Lee direct the Oilers in fine style. In their first victory, the Cincinnati grad threw three touchdown passes. He added another in the Denver game.

Lee's performance has given coach Frank (Pop) Ivy a good indication that the quarterback slot will be well-protected this year. It probably also has given Blanda's thyroid condition a much faster turn for the better, for he was not expected to see much action until the regular season begins next month.

Wednesday night, the Boston Patriots handed the New York Titans their third straight pre-season loss—taking a 17-10 victory at Lowell, Mass., before a crowd of 11,118. New York also lost all-league fullback Bill Mathis with a broken collarbone.

Veteran Babe Parilli, obtained from Oakland, completed 13 of 26 passes for 156 yards and one touchdown and went one yard on a sneak for the winning score in the fourth quarter. Halfback Ron Burton ran 10 times for 81 yards, including a 39-yard burst that set up the winning touchdown.

Molina Meets Brown Friday

SAN JOSE, Calif. (AP)—When Luis Molina fought Kenny Lane in April, the San Jose lightweight hoped a victory would gain him a bout with the winner of the Joe Brown-Carlos Ortiz title match a week later.

Molina figured Brown would win. Now he's meeting Joe in a 10-rounder here Friday night—a fight arranged after each lost lopsided upset decisions in those April bouts.

"I'm pretty happy about this fight," says Molina, a 23-year-old former Marine who has won 20 of 21 pro bouts. "I hope now it can get me a fight with Ortiz."

Molina isn't at all worried about giving away 13 years and nearly a hundred bouts worth of experience to the ex-champ from Houston, Texas.

"Sure, he's more experienced than I am, but I've had a lot of fights now," he continues.

Molina is ranked No. 4 junior welterweight by the NBA and Ring, but isn't listed on the lightweight ladder. He's knocked out 16 of his 20 victims in two years of professional fighting.

Frisco Lass Tops Heavy Favorite In Junior Golf

BUFFALO, N.Y. (AP)—A stalwart San Francisco schoolgirl moved into the semifinals of the 14th U.S. Golf Association Girls Junior Championship today with the hope that her putting problems were behind her.

Janice Ferraris, at 15 the San Francisco city womens titlist, tossed a nine-hole string in one-over-par at the tourney favorite, Roberta Albers of Temple Terrace, Fla., and crushed her, 4 and 3.

Today, she met the Western girls junior champion, Mary Lou Daniel of Louisville, Ky., over the Country Club of Buffalo's 6,102-yard, par 72 course.

Maryland junior titlist Mary Alice Sawyer of Baltimore faced Sue Lance of Woodland Hills, Calif., in the other 18-hole semifinal.

The 17-year-old Miss Daniel beat Bonnie Werner of New Berlin, Wis., 4 and 3. Miss Sawyer survived the tournament's longest match to beat Renee Powell in 21 holes. Miss Lance beat a fellow Californian, Michele Yapp of Santa Cruz, 6 and 5.

Wellsville Band To Play At State Fair On Friday

The Wellsville High School Band, under the direction of Ted Koenig, will present a concert Friday afternoon at 1 at the Ohio State Fair.

The 90 members and the chaperones will leave for Columbus Friday morning at 5. The trip will be in three school buses.

Funds were raised by the members themselves in a candy sale. After the concert, the members will tour the fair and remain in Columbus overnight.

They will return Saturday, stopping en route home at the Town & Country Restaurant for a smorgasbord dinner.

Serving as chaperones will be Mr. and Mrs. Charles Glass, Mrs. Patsy Frontone, Mrs. Elizabeth Frontz, Mrs. Jean Tipton, school nurse, and Koenig. Bob Sprague, Beaver Local High School band director, will attend as a guest of Koenig.

Koenig said "band camp" has been held all this week at the high school in preparation for the football season.

Bell Cast In 1773 Goes To New School

PLYMOUTH, Mass. (AP) — A bell cast in 1773 may be used to summon children in the $2.5 million Plymouth - Carver Regional High School — which is still in the planning stage.

The bell, 15 inches high and 23 inches across the base, was cast for a pre-Revolutionary War school, later used in a fire house.

The Pilgrim Society has presented it to the regional school committee, which has not yet decided whether to use it. The school is scheduled to open in September 1963.

Dies Of Meningitis

SEATTLE (AP)—Mrs. Dorothy Boehme, 35, whose husband, Dr. Robert E. Boehme, 42, was acquitted last May on a charge of first degree assault with intent to kill her, died Wednesday. Death was attributed to a form of staphylococcic meningitis.

Panama High Schools Shut To Nip Violence

PANAMA (AP) — The government closed high schools in Panama City today in an effort to prevent the spread of student violence at the University of Panama.

About 200 high school students joined some 50 striking extremist university students Wednesday in barricading corridors and nailing classroom doors shut to prevent nonstriking students from attending classes at the university.

Moderate students charged that Communists among the extremists were trying to take over the university.

No Favors Are Asked On Riding Into Town

GLENDALE, Ariz. (AP) — Gayle Cate and Bobby Wagoner, both 13, don't ask for any favors when they ride into town.

The two rode in on their horse Sugar to buy supplies. Dismounting, they hitched him to a parking meter and dropped a penny in the slot.

Standing nearby, patrolman Orval Wilmer mused aloud to bystanders, "Wonder where I'll put the ticket in case the horse overstays the time?"

But he didn't have to worry. The boys got their saddle soap and were mounted up in plenty of time.

Further Treatment Due Ernie Davis In Maryland

CLEVELAND (AP) — Ernie Davis, Cleveland Browns rookie who is suffering from a blood disorder that has sidelined him for the season, soon will be transfered to a Maryland hospital for further treatment.

This was announced late Wednesday by Arthur B. Modell, president of the National Football League club, who said:

"After consultation with all the attending physicians it has been decided to transfer Davis to the National Institutes of Health in Bethesda, Md., for further therapy of his blood disorder."

He declined to elaborate other than to say the transfer would be made within a day or so.

Davis, All - America halfback from Syracuse and last year's Heisman Trophy winner, was stricken last month while practicing with the College All-Stars football team at Northwestern University.

He was hospitalized in Evanston, Ill., and transferred Aug. 3 to Marymound Hospital here for more tests and treatment.

Watch The Skins

BLACKSBURG, Va. (AP) — Sam Horner, a 205-pound back, says watch out for the Washington Redskins this season in the National Football League. Horner, who will be playing his third season with the Skins, says experience, several trades and confidence in the new system installed last year by Coach Bill McPeak are the big reasons why he thinks the Redskins will be tough to beat. The big back has been studying here at Virginia Polytechnic Institute to prepare himself for veterinary medicine.

Gunman Kidnaps Honeymooners, Groom Wounded

RENO, Nev. (AP)—The honeymoon of Jack Foster and his bride, married here Monday evening, was shattered by a gunman who invaded their motel room at 4 a.m. Wednesday, kidnaped them and later shot Foster twice in the head and raped his young wife.

Foster, 23, of Yreka, Calif., is in critical condition from two bullet wounds.

Mrs. Foster, also 23, of Medford, Ore., was treated for shock at Carson-Tahoe Hospital in Carso City, Nev.

Lester Morford III, 18, of Santa Rosa, Calif., is in jail charged with assault with intent to kill.

Larry Fister, Nevada highway patrolman, chased him down and captured him in the Foster car at Silver Springs, east of Reno, shortly after Mrs. Foster leaped from the vehicle in Carson City and reported the attack.

Foster's bride, Patricia, told officers a young man broke into their room and kidnaped them at gun point in their auto. They drove to Truckee, Calif., then to Lake Tahoe, then headed east.

She said the gunman shot her husband and dumped him from the car, raped her twice and drove to Carson City, where she escaped.

Passing motorists found Foster and he was rushed to a hospital.

Lacrosse, the official national game of Canada, was developed from an Indian game called "bagataway."

Sports Editor's Aide Chosen For Grid Fame Post

CHICAGO (AP)—George Strickler, assistant sports editor of the Chicago Tribune, has been named Chicago representative on the selection board of the new professional football Hall of Fame at Canton, Ohio. Bruce Morrison of the Chicago Sun-Times will be the alternate.

The announcement was made Wednesday by George Halas, owner-coach of the Chicago Bears. Selections were made on the basis of results of a poll of Chicago newspaper, radio and television representatives who cover the Bears.

One selector and one alternate has been named in each of the 14 National Football League cities.

The board will participate in selecting pro football players whose names and achievements will be enshrined in the Hall of Fame.

Big Money Events Slated Today In Grand America

By FRITZ HOWELL
Associated Press Sports Writer

VANDALIA, Ohio (AP) — The big money handicap races opened today at the 63rd Grand American Trapshoot with more than 2,000 gunners going after the gold and glory.

Today's program was the 100-target preliminary handicap in which the victory could pick up several thousand dollars. It was a tuneup for tomorrow's No. 1 showpiece, the Grand American Handicap which carries the sport's most coveted crown.

But nothing could occur today to knock the luster off Wednesday's rousing finale in the North American clay target race, last of the 16-yard events.

Novices and newcomers usually triumph in the handicaps here, but now an utterly known is on the 16-yard throne.

He is Bernard Kalapach, a 35-year - old former schoolteacher from Highland, Ind., near Chicago, who has an average of 92 of 100. He visited the Grand for the fourth year, but for the first time entered the 16-yard competition dominated by the nation's crack shots who seldom miss.

Against a field of 1,015, largest ever drawn by the event, Kalapach broke 200 straight to tie others for the top spot. Arrayed against him in the shootoff were Herb Bush of Canton, Ill., the 1957 champion; Joe Hiestand of Hillsboro, Ohio, winner five times since 1935, and Lee S. Davidson of Paxton, Ind.

Kalapach calmly broke an extra 125 to take it all, including the title, $500 purse and an undetermined amount of option money. Hiestand missed once in the extra 125 to take second, Bush was third and Davidson fourth.

Other winners in the 16-yard classic were:

Women—Mrs. Lewis R. Wolf, Philadelphia, 196, defeated Shirley Couch, South Gate, Calif., 25-23 in shootoff.

Veteran—Homer Clark Sr., Alton, Ill., 197.

Junior—Charles Keenan, South Sioux City, Neb., 199.

Subjunior — David R. Mott, Mich., 196, defeated Daryl Drennen, Granville, Ill., 100-99 in shootoff.

Professional — Cliff Doughman, Alton, Ill., 200.

Ex-High School Pitching Star Signs With Tribe

CLEVELAND (AP)—The Cleveland Indians have signed right-handed pitcher Dick Orsach, former greater Cleveland all-scholastic basketball star at John Marshall High School who celebrated his 20th birthday this week.

Orsagh, 6-foot-6 and 215 pounds, will begin his third year at the University of Notre Dame this fall. He plans to continue his education, but will drop out of school in time for spring training.

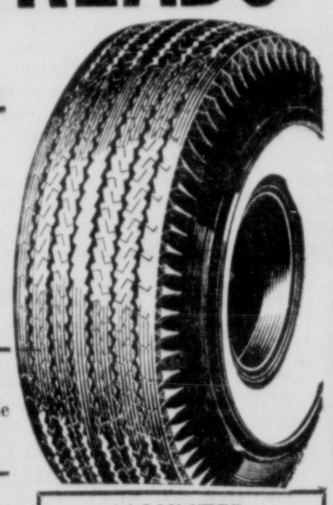

The Indians said he would be assigned to the Selma (Ala.) Club of the Florida-Alabama League.

Orsagh has been pitching in the Lakewood Class A league, where he won nine of 10 decisions. Eight other major league teams were trying to sign him.

Outing Held At Ohio View

An outdoor picnic and wiener roast followed the thank - offering meeting of the Lutheran Women of the Ohio View Lutheran Church Tuesday night when new officers assumed their duties. The group met at the home of Mrs. Ed Kramer.

An embroidered linen baptismal napkin will be presented by the group to children baptised in the church. Mrs. Robert Cowan, president, will make the napkins for the new project.

Another project adopted at the meeting will establish a devotion literature library available to Sunday School pupils and church members on an honor system. Mrs. Charles Newcomb and Mrs. Cowan will catalogue the books.

A donation of $10 was appropriated for the Lutheran Student Foundation of Western Pennsylvania toward the construction of a student worship center.

A check for $10 was also given to the church expense fund.

Mrs. James N. Servey presented, "Insight Into Camp Lutherlyn" and said any families interested in enrolling at the camp during Lutherlyn days may contact the Rev. S. S. Shaulis, camp director. Ceramics and leathercraft, made by Mrs. Servey while visiting the camp, were displayed.

Mrs. Newcomb announced that the Lutheran Service Society will meet Monday at 6:30 p. m. at the Oak Grove Lutheran Church in Unionville. Paul Lauten of Zelienople will be the speaker. Members planning to attend may call Mrs. Newcomb.

Mrs. Robert Preston will head the altar care committee for September, assisted by Mrs. Henry Best, Mrs. Willian Wentz, Mrs. Warren Boughner and Mrs. Carlysle Anderson.

Next meeting is Sept. 18 at 8:15 p.m. in the church hall. Dr. William Fruth of the Passavant Memorial Home in Rochester will speak.

Fairview Grange Election Slated

Plans for election of officers Sept. 18 were announced at the meeting of the Fairview Grange Tuesday night in the Grange Hall at Ohioville. The Juvenile Grange also will elect.

A charter draping ceremony was held in memory of R. Glen Hammond with juvenile and subordinate grangers participating. They were Mrs. Earl Sherman, Mrs. Charles Richards, Mrs. Robert Knott, George Saucer, Mrs. Paul McGaffick, Walter Schuffert, Miss Melanie Engle and Marty Schuffert.

Beaver County Pamona Grange will meet at Center Grange Sept. 8.

The lunch committee for September, Mrs. Eugene Doutt, Mrs. Glen Dodds and Mrs. Laura McMillan, will meet Tuesday at 8:30 p.m. in the hall.

Hostesses, Mrs. Howard White and Miss Margaret Boston, served refreshments to 50.

Next meeting is Sept. 4. Charles Richards, overseer, presided.

Car Wrecks In Field When Motorist Dozes

The 1948 auto of Robert Clias of Apartment 17, Midland Heights, Midland, was demolished Tuesday night about 10:30 when it upset in a cornfield along Route 158 near Salem Church, police said.

He and a girl passenger were treated at the Crucible Steel Co. emergency hospital at Midland for minor cuts and bruises.

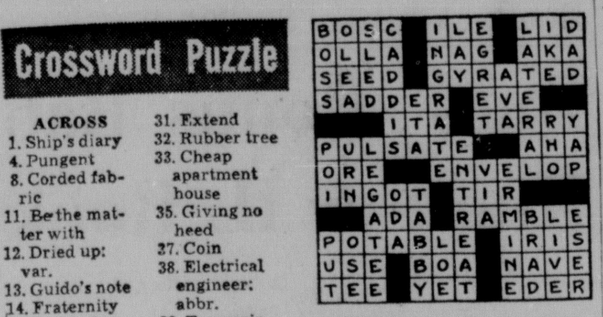

Special Officer Anthony Ross investigated. Police said the driver dozed at the wheel, went off the road and lost control when he brought the car back on the road. It crossed over the road and upset in the field.

Ohioville police and firemen were called Tuesday about 9:40 p. m. to extinguish a fire under the front seat of an unidentified motorist's car. The fire occurred on Route 168 near Fairview.

Tax Case Dropped

EAST PALESTINE — A charge of delinquency in the payment of sales tax against Myrtle Sourturas of Jim's Grill, 102 N. Market St., has been dismissed by the Board of Liquor Control at Columbus. The payment has been made in full, the board said.

The annual picnic was held last week at Thompson Park with 600 attending. Races were featured and winners were the boys from Glenmoor and the girls from the Chester High School lot. Runners-up were from LaCroft and Clark Field in Newell.

The season will close Friday and the playlots will feature carnivals, wiener roasts, and ice cream parties. Parents will assist.

Wolfe reminded playground committees to see that all equipment is stored for next season.

The budget committee will meet tonight at 7:30 at the YMCA with Bert Dawson, chairman, in charge.

Man Gives Up Permit In City Traffic Case

Arrested for the first time in 37 years as a motorist, a 65-year-old East End man voluntarily surrendered his driver's license today to Municipal Judge Samuel M. Chertoff and asked suspension of a jail term because of ill health after pleading guilty to a charge of driving while under the influence of alcohol.

Louis Tychonievich, 1115 St. George St., who had pleaded not guilty to the charge Monday, switched his plea to guilty this morning and entered a plea in mitigation through his counsel, Atty. Lawrence W. Smith.

In requesting that the court suspend the jail term, mandatory in such cases under Ohio law, Atty. Smith said his client will furnish certificates from his physician that he suffers from "extremely high blood pressure" and diabetes, both of which require daily medication.

Tychonievich was cited Sunday following a two-way crash on the Virginia Ave. railroad crossing.

Atty. Smith, in his plea to the court, said the "defendant has been driving for 37 years and this is his first offense of any kind."

Citing Tychonievich's history of high blood pressure and diabetes, he said his client can furnish the court a statement on his condition from his physician as soon as the doctor returns from vacation. Meanwhile, the attorney asked the court to stay imposition of a jail sentence. The court nodded assent.

Defense counsel told the court the amount of alcohol which Tychonievich had consumed was not enough to cause intoxication in an ordinary person, but it had an unusually severe effect on the East End man because of his diabetes.

Concluding the plea, the attorney said Tychonievich is willing to surrender his operator's permit. In response to a query from the court, the attorney said Tychonievich has promised never to drive again.

Judge Chertoff fined Tychonievich $200 and costs, sentenced him to five days in jail and suspended his permit for three years. He said imposition of the jail term will be suspended pending the physician's statement.

Meanwhile, the judge imposed a fine of $25 and costs on Charles Eddy, 1503 Pennsylvania Ave., who had pleaded guilty Aug. 9 to a charge of leaving the scene of an accident Aug. 8 on the River Rd.

The case had been continued to permit Eddy to furnish proof he had paid for damage to the other car. He produced the receipt this morning.

"Ordinarily, when a driver fails to stop after an accident, the court puts him in jail," the judge told Eddy. "It is one of the lowest things you can do. However, in this case there was no personal injury and the damage has been settled."

No Progress Seen In Talks

No progress was reported from negotiations Wednesday at Midland between officials of the Mackintosh - Hemphill Division of the E. W. Bliss Co. and the United Steelworkers Union.

No further meetings have been set, Ronald Bolton, president of Local 1269 of Midland, reported. Besides Bolton's committee, other union officials attending were James L. Mullen and Carl Beck of Midland, John Toner, chairman, and Hap Walsh, both of Pittsburgh, all four staff members, and Raymond Whitehouse, president, and his committee of Local 1886 of the company's Garrison plant at Pittsburgh.

Both plants have been on strike since a contract expired July 31. First talks were held last Friday and the second were held yesterday.

About 350 employes are on strike at Midland and about 200 at Pittsburgh.

Vice President Lands For Visit In Lebanon

BEIRUT, Lebanon (AP)—U.S. Vice President Lyndon B. Johnson landed in Lebanon today on the first stop of his official visit to Middle East and Mediterranean countries.

Stepping from his jet after a flight from Washington and the Azores, Johnson was greeted by Foreign Minister Philip Bakla and other officials. Hundreds of Americans living here cheered him.

Judge Orders Space Center Strikers Back

HUNTSVILLE, Ala. (AP) — A federal judge, saying even seconds are important in this nuclear age, ordered striking electricians to resume work today at Redstone Arsenal's Space Research Center.

The National Labor Relations Board had a team of investigators on the scene to see if the judge's order was obeyed.

Construction work on space projects—including the C5 Saturn booster for the United States' planned moonshot—has been idled nine days by the electricians' strike.

U.S. Dist. Judge Clarence W. Allgood gave union leaders a stern lecture Wednesday, telling them to get their men back on the job. The union president, Gordon Freeman, issued a back-to-work order earlier in the day.

Jerome Cooper, lawyer for the union, said after Allgood's order: "We've told them they are free to go to work. Now we will tell them in another way." He did not elaborate.

James Haygood, business agent for the union—Local 558 of the AFL-CIO International Brotherhood of Electrical Workers—declined comment.

Allgood made permanent an earlier temporary restraining order prohibiting picketing and ordering the union to "instruct its members to return to work."

He agreed with a National Labor Relations Board attorney, Jules Serot, that telling members they were "free to return to work" was not sufficient.

A spokesman at the Marshall Space Flight Center said about 70 per cent of the construction worker were back on the job Wednesday.

But absence of electricians is holding up vital wiring necessary for construction work, he said.

The electricians posted pickets Aug. 14 in opposition to the employment of non-union workers by Baroco Electrical Construction Co. More than 1,200 members of other building trades unions honored the picket lines. Some returned to work after Allgood's temporary order Friday night.

Football coach Ben Martin's four-year record at the Air Force Academy is 21 wins, 17 losses and three ties.

Car Wrecks In Field When Motorist Dozes

The 1948 auto of Robert Clias of Apartment 17, Midland Heights, Midland, was demolished Tuesday night about 10:30 when it upset in a cornfield along Route 158 near Salem Church, police said.

He and a girl passenger were treated at the Crucible Steel Co. emergency hospital at Midland for minor cuts and bruises.

Special Officer Anthony Ross investigated. Police said the driver dozed at the wheel, went off the road and lost control when he brought the car back on the road. It crossed over the road and upset in the field.

Ohioville police and firemen were called Tuesday about 9:40 p. m. to extinguish a fire under the front seat of an unidentified motorist's car. The fire occurred on Route 168 near Fairview.

Tax Case Dropped

EAST PALESTINE — A charge of delinquency in the payment of sales tax against Myrtle Sourturas of Jim's Grill, 102 N. Market St., has been dismissed by the Board of Liquor Control at Columbus. The payment has been made in full, the board said.

200 Attend Race Programs Held At 4 Area Playgrounds

Four area playgrounds featured races Tuesday evening with about 200 in attendance. The remaining playlots will hold races tonight at 7, Harry Wolfe, director of the East Liverpool Recreation Council, announced.

Winners of various races were:

Klondyke — Amy Delong, Amy Kincaid, Marion Morrison, Jim Stone, Chuck Papendry, James Pryor, Tommy Johnston, John Frederick, Jim Stone, Jeff Stewart, Tommy Williams, Joe Gaines and Ronnie Pillar.

Chester Central — Steve Algozino, Tony Sprout, John Sprout, Virginia Thayer, Christine Miller, Vicki Flowers, Steve Staley and Tom McGeehan.

Grandview, Chester — Kathy Wright, Vic Reed, Connie Holcomb, Kathy Stover, Steve Verzella, Elaine McDole, Bill Lightner, Karale Wright, Bus Verzella, Roberta Sayre, Debbie Shroades, Susie Brown and Bob Mayes.

Jack Owens, Chester — Jerry Braddick, Mark Erlitz, Mary Beth Chaney, Peggy Glass, Robbie Moundford, Lari French, Kathy Ferguson, Pat Clutter, Eddie Sophoski, Linda Manley, David Jackson, Karen Solomon, Mike Ludovic, Wanda Robinson, Judy Harrington, Shelby Price, Earl Jackson and Billie Jackson.

The annual picnic was held last week at Thompson Park with 600 attending. Races were featured and winners were the boys from Glenmoor and the girls from the Chester High School lot. Runners-up were from LaCroft and Clark Field in Newell.

The season will close Friday and the playlots will feature carnivals, wiener roasts, and ice cream parties. Parents will assist.

Wolfe reminded playground committees to see that all equipment is stored for next season.

The budget committee will meet tonight at 7:30 at the YMCA with Bert Dawson, chairman, in charge.

Man Gives Up Permit In City Traffic Case

Arrested for the first time in 37 years as a motorist, a 65-year-old East End man voluntarily surrendered his driver's license today to Municipal Judge Samuel M. Chertoff and asked suspension of a jail term because of ill health after pleading guilty to a charge of driving while under the influence of alcohol.

Louis Tychonievich, 1115 St. George St., who had pleaded not guilty to the charge Monday, switched his plea to guilty this morning and entered a plea in mitigation through his counsel, Atty. Lawrence W. Smith.

In requesting that the court suspend the jail term, mandatory in such cases under Ohio law, Atty. Smith said his client will furnish certificates from his physician that he suffers from "extremely high blood pressure" and diabetes, both of which require daily medication.

Tychonievich was cited Sunday following a two-way crash on the Virginia Ave. railroad crossing.

Atty. Smith, in his plea to the court, said the "defendant has been driving for 37 years and this is his first offense of any kind."

Citing Tychonievich's history of high blood pressure and diabetes, he said his client can furnish the court a statement on his condition from his physician as soon as the doctor returns from vacation. Meanwhile, the attorney asked the court to stay imposition of a jail sentence. The court nodded assent.

Defense counsel told the court the amount of alcohol which Tychonievich had consumed was not enough to cause intoxication in an ordinary person, but it had an unusually severe effect on the East End man because of his diabetes.

Concluding the plea, the attorney said Tychonievich is willing to surrender his operator's permit. In response to a query from the court, the attorney said Tychonievich has promised never to drive again.

Judge Chertoff fined Tychonievich $200 and costs, sentenced him to five days in jail and suspended his permit for three years. He said imposition of the jail term will be suspended pending the physician's statement.

Meanwhile, the judge imposed a fine of $25 and costs on Charles Eddy, 1503 Pennsylvania Ave., who had pleaded guilty Aug. 9 to a charge of leaving the scene of an accident Aug. 8 on the River Rd.

The case had been continued to permit Eddy to furnish proof he had paid for damage to the other car. He produced the receipt this morning.

"Ordinarily, when a driver fails to stop after an accident, the court puts him in jail," the judge told Eddy. "It is one of the lowest things you can do. However, in this case there was no personal injury and the damage has been settled."

No Progress Seen In Talks

No progress was reported from negotiations Wednesday at Midland between officials of the Mackintosh - Hemphill Division of the E. W. Bliss Co. and the United Steelworkers Union.

No further meetings have been set, Ronald Bolton, president of Local 1269 of Midland, reported. Besides Bolton's committee, other union officials attending were James L. Mullen and Carl Beck of Midland, John Toner, chairman, and Hap Walsh, both of Pittsburgh, all four staff members, and Raymond Whitehouse, president, and his committee of Local 1886 of the company's Garrison plant at Pittsburgh.

Both plants have been on strike since a contract expired July 31. First talks were held last Friday and the second were held yesterday.

About 350 employes are on strike at Midland and about 200 at Pittsburgh.

Vice President Lands For Visit In Lebanon

BEIRUT, Lebanon (AP)—U.S. Vice President Lyndon B. Johnson landed in Lebanon today on the first stop of his official visit to Middle East and Mediterranean countries.

Stepping from his jet after a flight from Washington and the Azores, Johnson was greeted by Foreign Minister Philip Bakla and other officials. Hundreds of Americans living here cheered him.

Judge Orders Space Center Strikers Back

HUNTSVILLE, Ala. (AP) — A federal judge, saying even seconds are important in this nuclear age, ordered striking electricians to resume work today at Redstone Arsenal's Space Research Center.

The National Labor Relations Board had a team of investigators on the scene to see if the judge's order was obeyed.

Construction work on space projects—including the C5 Saturn booster for the United States' planned moonshot—has been idled nine days by the electricians' strike.

U.S. Dist. Judge Clarence W. Allgood gave union leaders a stern lecture Wednesday, telling them to get their men back on the job. The union president, Gordon Freeman, issued a back-to-work order earlier in the day.

Jerome Cooper, lawyer for the union, said after Allgood's order: "We've told them they are free to go to work. Now we will tell them in another way." He did not elaborate.

James Haygood, business agent for the union—Local 558 of the AFL-CIO International Brotherhood of Electrical Workers—declined comment.

Allgood made permanent an earlier temporary restraining order prohibiting picketing and ordering the union to "instruct its members to return to work."

He agreed with a National Labor Relations Board attorney, Jules Serot, that telling members they were "free to return to work" was not sufficient.

A spokesman at the Marshall Space Flight Center said about 70 per cent of the construction worker were back on the job Wednesday.

But absence of electricians is holding up vital wiring necessary for construction work, he said.

The electricians posted pickets Aug. 14 in opposition to the employment of non-union workers by Baroco Electrical Construction Co. More than 1,200 members of other building trades unions honored the picket lines. Some returned to work after Allgood's temporary order Friday night.

Football coach Ben Martin's four-year record at the Air Force Academy is 21 wins, 17 losses and three ties.

Naval Officer Takes 'Busman's Holiday'

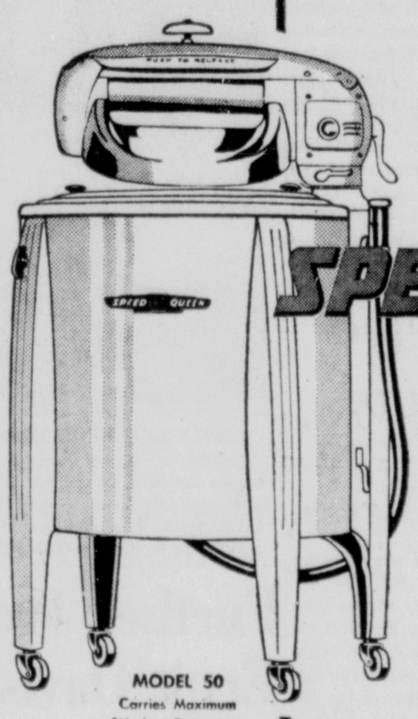

COCOA BEACH, Fla. (AP)—Lt. Cmdr. Joseph Edward Coogan of St. Petersburg is back on duty after six days shore leave—most of it on water skis.

Coogan skiied across the state to Fort Myers Beach and return, a roundtrip distance of 440 miles. He spent the five nights ashore.

Ike Flies To See Friend Despite Rough Weather

ROUNDWOOD, Ireland (AP)—Former President Dwight D. Eisenhower risked a helicopter flight in rough weather today rather than disappoint his friend, former Irish President Sean T. O'Kelly.

Eisenhower flew from Dublin in the rain and landed on the front lawn of O'Kelly's home. The nearby peaks of the Wicklow Hills were shrouded in mist and a hard wind was blowing.

Roundwood is the highest village in Ireland, nestling amid the peaks of the Wicklows.

"I told you I was coming," said the ex-president as he stepped from his helicopter, "and here I am."

The Irish ex-president, who was Eisenhower's guest in the White House in 1959, stood beaming in the rain. About 150 people, the village's entire population, waited on the lawn with him.

With the rain running down his face and the wind tugging at his coat, Eisenhower said: "I'm having a wonderful time—despite the weather. Thank you for this splendid welcome. Now, I'd like to present my grandchildren."

David Eisenhower, 14 stood beside him shivering in a lightweight suit.

"This is my grandfather, David—I mean, my grandson," said the former president.

Then he introduced his granddaughter Anne, 13. Though her hair was matted by the rain, she managed a smile.

"And this," said Eisenhower, "is Craig Godsen."

Someone laughed. "I mean Craig Gosden," said the former president.

Craig is the 12-year-old son of Freeman Gosden, Amos of the American radio team of Amos and Andy. The Gosdens are close friends of the Eisenhowers and are making the current European tour with them.

Smiling and nodding his approval, O'Kelly invited the visitors into his home.

Inside he presented Eisenhower with a bottle of 20-year-old Irish whisky.

"That's for taking home with you," he said. "This other is for drinking now."

Jury Awaits Bluefield's Police Case

PRINCETON, W. Va. (AP)—Bluefield Police Patrolman Ted R. Land, accused of theft, will take the witness stand in his own defense today, defense attorneys said.

The case is expected to go to the Mercer County Criminal Court jury sometime today. Land, 50, is charged with breaking and entering a Bluefield auto agency in September, 1950.

Seven officers, including Land, are charged in a series of thefts dating back to 1946.

Defense testimony began yesterday, with testimony from eight character witnesses. All said Land's reputation was good.

Earlier, convicted thief Ira Mathena and two officers who have confessed to stealing linked Land with several break-ins and thefts.

Mathena, serving a series of sentences in Virginia after convictions as head of a three-state theft ring, testified he disposed of stolen guns from both Land and former Lt. Charles H. Fox. He said he also rented a garage to be used by the two officers.

Fox said Land was his partner in 15 to 18 thefts between 1946 and 1950. Yesterday, former Sgt. R. R. Gibson, another of the accused, said he and Land staged two thefts, in 1954 and in 1956.

Fox testified he and Land each stole one record player and one sewing machine from a warehouse.

Prosecutor W. O. Bivens Jr. rested his case after testimony from State Police Sgt. Ed C. Guthrie.

Under cross-examination, Guthrie said he asked Land to confess " if he was guilty, but I didn't make any other promises, of leniency or anything else."

Cuba Awaits Arrival Of 15 Soviet Ships

WASHINGTON (AP) — Fifteen Communist ships were reported en route to Cuba today.

They are in addition to 16 vessels said to have docked at Cuban ports late last month with an estimated 3,000 to 5,000 Communist bloc technicians plus large quantities of goods including weapons.

President Kennedy said at his news conference Wednesday the U.S. government has information that Red "supplies and technicians of rather intensive quantity in recent weeks" have been landing on the Caribbean island.

Kennedy gave no figures, but said there is no information that Russian soldiers have come to Cuba or that the Communist aid is a buildup for an invasion of another country.

The President declined to assess the significance of the stepped-up assistance to the Communist-linked regime of Fidel Castro, saying "We are examining it now."

Other U.S. authorities indicated they do not yet know what the Reds are up to.

One speculation is that Moscow wants to strengthen the Communist hold on Cuba by sending in large numbers of "technicians" who will operate in key positions.

Another is that the Cuban economy is sagging so badly that the Communist bloc has decided massive aid is needed to revive its Western Hemisphere ally.

It is speculated also that the Communist help—while not of the kind for any large scale foreign attack—will augment efforts to export communism from Cuba to other Latin American countries through subversive means.

Unhurt In Wreck

ROGERS — An East Palestine area man escaped injury when his car overturned on Route 154 seven tenths a mile west of Rogers Wednesday afternoon at 2:10, according to the Lisbon State Highway Patrol. Officers said the "A" frame broke under a car driven by Wayne Gorby, 36, of East Palestine R. D. 1, which caused the vehicle to roll.

Laos Cabinet Agrees On Evacuation Exits

VIENTIANE, Laos (AP)—Neutralist Prince Souvanna Phouma's coalition cabinet agreed today on three exit points for the evacuation of foreign troops from Laos.

They are Vientiane, on the Thailand border; and the Plaine des Jarres and Nhommarat, both near the border of Communist North Viet Nam.

Ike Flies To See Friend Despite Rough Weather

ROUNDWOOD, Ireland (AP)—Former President Dwight D. Eisenhower risked a helicopter flight in rough weather today rather than disappoint his friend, former Irish President Sean T. O'Kelly.

Eisenhower flew from Dublin in the rain and landed on the front lawn of O'Kelly's home. The nearby peaks of the Wicklow Hills were shrouded in mist and a hard wind was blowing.

Roundwood is the highest village in Ireland, nestling amid the peaks of the Wicklows.

"I told you I was coming," said the ex-president as he stepped from his helicopter, "and here I am."

The Irish ex-president, who was Eisenhower's guest in the White House in 1959, stood beaming in the rain. About 150 people, the village's entire population, waited on the lawn with him.

With the rain running down his face and the wind tugging at his coat, Eisenhower said: "I'm having a wonderful time—despite the weather. Thank you for this splendid welcome. Now, I'd like to present my grandchildren."

David Eisenhower, 14 stood beside him shivering in a lightweight suit.

"This is my grandfather, David—I mean, my grandson," said the former president.

Then he introduced his granddaughter Anne, 13. Though her hair was matted by the rain, she managed a smile.

"And this," said Eisenhower, "is Craig Godsen."

Someone laughed. "I mean Craig Gosden," said the former president.

Craig is the 12-year-old son of Freeman Gosden, Amos of the American radio team of Amos and Andy. The Gosdens are close friends of the Eisenhowers and are making the current European tour with them.

Smiling and nodding his approval, O'Kelly invited the visitors into his home.

Inside he presented Eisenhower with a bottle of 20-year-old Irish whisky.

"That's for taking home with you," he said. "This other is for drinking now."

Jury Awaits Bluefield's Police Case

PRINCETON, W. Va. (AP)—Bluefield Police Patrolman Ted R. Land, accused of theft, will take the witness stand in his own defense today, defense attorneys said.

The case is expected to go to the Mercer County Criminal Court jury sometime today. Land, 50, is charged with breaking and entering a Bluefield auto agency in September, 1950.

Seven officers, including Land, are charged in a series of thefts dating back to 1946.

Defense testimony began yesterday, with testimony from eight character witnesses. All said Land's reputation was good.

Earlier, convicted thief Ira Mathena and two officers who have confessed to stealing linked Land with several break-ins and thefts.

Mathena, serving a series of sentences in Virginia after convictions as head of a three-state theft ring, testified he disposed of stolen guns from both Land and former Lt. Charles H. Fox. He said he also rented a garage to be used by the two officers.

Fox said Land was his partner in 15 to 18 thefts between 1946 and 1950. Yesterday, former Sgt. R. R. Gibson, another of the accused, said he and Land staged two thefts, in 1954 and in 1956.

Fox testified he and Land each stole one record player and one sewing machine from a warehouse.

Prosecutor W. O. Bivens Jr. rested his case after testimony from State Police Sgt. Ed C. Guthrie.

Under cross-examination, Guthrie said he asked Land to confess " if he was guilty, but I didn't make any other promises, of leniency or anything else."

Cuba Awaits Arrival Of 15 Soviet Ships

WASHINGTON (AP) — Fifteen Communist ships were reported en route to Cuba today.

They are in addition to 16 vessels said to have docked at Cuban ports late last month with an estimated 3,000 to 5,000 Communist bloc technicians plus large quantities of goods including weapons.

President Kennedy said at his news conference Wednesday the U.S. government has information that Red "supplies and technicians of rather intensive quantity in recent weeks" have been landing on the Caribbean island.

Kennedy gave no figures, but said there is no information that Russian soldiers have come to Cuba or that the Communist aid is a buildup for an invasion of another country.

The President declined to assess the significance of the stepped-up assistance to the Communist-linked regime of Fidel Castro, saying "We are examining it now."

Other U.S. authorities indicated they do not yet know what the Reds are up to.

One speculation is that Moscow wants to strengthen the Communist hold on Cuba by sending in large numbers of "technicians" who will operate in key positions.

Another is that the Cuban economy is sagging so badly that the Communist bloc has decided massive aid is needed to revive its Western Hemisphere ally.

It is speculated also that the Communist help—while not of the kind for any large scale foreign attack—will augment efforts to export communism from Cuba to other Latin American countries through subversive means.

Unhurt In Wreck

ROGERS — An East Palestine area man escaped injury when his car overturned on Route 154 seven tenths a mile west of Rogers Wednesday afternoon at 2:10, according to the Lisbon State Highway Patrol. Officers said the "A" frame broke under a car driven by Wayne Gorby, 36, of East Palestine R. D. 1, which caused the vehicle to roll.

Laos Cabinet Agrees On Evacuation Exits

VIENTIANE, Laos (AP)—Neutralist Prince Souvanna Phouma's coalition cabinet agreed today on three exit points for the evacuation of foreign troops from Laos.

They are Vientiane, on the Thailand border; and the Plaine des Jarres and Nhommarat, both near the border of Communist North Viet Nam.

3 Drivers Forfeit

LISBON — Grace A. Granger, 55, of Leetonia and Joe Chan, 35, of Lisbon forfeited $10 appearance bonds in Mayor Dean Stockman's court Wednesday on charges of failing to observe a stop sign. David W. Buchtel, 19, of Canton forfeited $10 for ignoring the stop light on the Public Square in another police citation.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My family and I are involved in a friendly argument. We agreed to let you settle it. I claim on Army records and such where it says "nearest of kin" the wife should be listed, if he is married.

My husband says a wife is not nearest of kin. According to him, it is a man's mother. To support his argument he claims a man is no kin to his wife at all, except through marriage.

We are waiting for your answer to settle it. — LITTLE ROCK.

Dear Rock: Let the Bible settle it. According to the Scriptures, a man and his wife shall be "as one." You can't get any closer than that, can you? So — nearest of kin, for a married man, is his wife.

Maligned Policeman

Dear Ann: You recently sympathized with physicians who are nabbed in church or at parties by people who want free medical advice. Now will you give the same break to the poor maligned police officer?

Whenever my husband and I stop at the local pub for a relaxing drink, even though he is in civilian clothes the word gets around that he is John Law and then the complaints begin.

They usually start like this: "Some lousy 'copper' gave me a ticket last week for no reason at all. He said I was going 55 in a 40-mile zone, etc., etc.

Yesterday some half-loaded stranger sat down at our table and said, "I'd like to ask you a question. How come the bulls never see the Cadillacs parked in the bus stops or near fire hydrants? They always nail some poor goof who is driving a '52 Chevvie."

It's a good thing my husband is a man of restraint or some of these people would wind up with a healthy paste in the mouth.

This is not just our problem, Ann, but the problem of every man on the force. A word from you could do a lot of good. Please print this letter. — JOHN LAW'S WIFE.

Dear Mrs. Law: Here's your letter and I hope it helps, but don't expect miracles. The public is inclined to forget that law enforcement officers are individuals. They tend to transfer gripes against one to another without rhyme or reason. More than in any other line of work, the first-rate police officer must carry the burden for his not so first-rate colleagues. Let's be grateful that the vast majority of officers are honest, hard-working citizens.

Regrets Haste

Dear Ann: I met a very nice fellow in the home of a friend. He was in uniform and just about to be shipped overseas.

We had four dates and hit it off well together. He asked if I'd write to him and I agreed. He made it plain he didn't want to get serious and I said neither did I. (I am 19. He is 21.)

For the first couple of months I heard from him every two weeks. Then the letters began to come more often. I tried to keep my letters casual, even though his were becoming fairly mushy. Then he sent me a pair of green satin lounging pajamas with a note saying, "I'd love to see you in these."

His next letter said I was the kind of a girl he'd like to marry "in a few years."

I decided to send all his letters back and ask him not to write any more.

Three weeks have passed and now I am sorry I was so hasty. I want to hear from him again. What shall I do?—REGRETTING.

Dear Regretting: Distance and separation sometimes intensify feelings. In my opinion, you were much too tough on the fellow.

Now write and apologize for acting in haste. Say you'd like to resume the correspondence but you wish he'd skip the love and marriage talk at least until you become better acquainted.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed, envelope.

City And Wellsville Drivers Cited In Crash

A city motorist and one from Wellsville were arrested following a truck-car accident Wednesday at 5:50 p. m. on Route 213 near Hammondsville.

The Wintersville State Highway Patrol said a pickup truck driven by Ralph E. Crowe, 34, of 825 Florence St., was struck in the side by a car driven by Edith Mae Haupt, 21, of 804 Broadway, Wellsville.

Both were headed south when Crowe started to make a turn from the center of the highway and was struck in the side by the woman.

Crowe was cited for making an improper right turn and the woman was cited for failure to stop in the assured clear distance, officers said.

28 Foreign Legislators Will Visit Valley Sept. 5

A group of 28 legislators from 11 of the 14 nations which, together with the United States, comprise the North Atlantic Treaty Organization, will visit military and industrial facilities in this country from Sept. 5-10 under the joint sponsorship of the Legislative and Executive Branches of the U. S. Government.

The legislators are members of the NATO Parliamentarians' Conference, which is governed by a standing committee, composed of one member from each nation.

The United States member of this committee is Rep. Wayne L. Hays of Flushing, who also is vice president of the Conference.

Rep. Hays, as the U. S. member of the committee, has arranged the visit at the request of the standing committee.

The group will arrive in Wheeling, the morning of Sept. 5. Following a bus tour of the Ohio Valley to Steubenville, they will be guests at a luncheon to be given by the Steubenville Area Chamber of Commerce at the Fort Steuben Hotel.

They will visit the coal pipeline operation near Cadiz during the afternoon. In the evening, they will be guests at a dinner given in their honor by Rep. and Mrs. Hays at the Belmont Hills Country Club at St. Clairsville. Thursday morning, the group will leave Wheeling Airport for the new Strike Command at MacDill Air Force Base, Tampa, Fla., and then proceed to the Air Force Missile Test Center at Cape Canaveral.

They will also visit the headquarters of NATO's Supreme Allied Commander Atlantic (SACLANT) at Norfolk, Va., prior to arriving in Washington Sept. 10.

In Washington, the group will attend meetings of their standing, economic and military committees, receive briefings at the Department of State and the Department of Defense, and visit President Kennedy at the White House.

The Delegation will include Jacques Francois Van Buggenhout president of the College des Questeurs of the Belgian Senate and honorary chairman of the Central of Free Miners (Belgium) and of the International Christian Miners Association; Henri Moreau de Melen, vice president of the Belgian Senate and former minister of justice and national defense; Miss Julia Vernlyn LaMarsh, member of the Canadian House of Commons; M. Raymond Mondon, mayor of Metz, France, and former secretary of state for internal affairs.

Prof. Hans Susterhenn, minister of justice and culture for Rhineland-Palatinate, West Germany; Guiseppe Vedovato, in charge of international law studies in the Universities of Bologna and Florence, Italy; Sen. Pietro Micara, former mayor of Frascati, Italy, and president of the NATO Parliamentarians' Conference; Bernt Ingvaldsen, vice chairman of the Conservative Party of Norway; Jose Soares Da Fonseca, former minister of state of Portugal and first vice president of the Portuguese National Assembly; Dr. Fethi Tevetoglu, chairman of the Turkish NATO Parliamentarians group; the Earl of Listowel, a member of the British House of Lords and former secretary of state for India and minister of colonial affairs.

Ex-Congressman Of West Virginia Claimed At 82

BECKLEY (AP) — Joe L. Smith Sr. who represented West Virginia's old 6th District in Congress for eight consecutive terms and also was one of Beckley's leading business men, died today. He was 82.

He died in Beckley Hospital. He was first admitted to the hospital June 17 suffering from a heart and circulatory ailment. He was discharged several weeks later, but was admitted again yesterday.

Smith had been president of the Beckley National Bank for the past 45 years. He was the father of State Commerce Commissioner Hulett C. Smith.

Besides his tenure in the U.S. House of Representatives, Smith's political career also included terms as mayor of Beckley, state senator and chairman of the West Virginia Democratic Executive Committee.

25 Windows Smashed At Adventist Church

Destruction of 25 windows in the Seventh-day Adventist Church, 1400 St. Clair Ave., was reported to police Wednesday night at 8:22 by Pastor Lyle G. Euler.

Vandals broke 23 stained glass windows of various sizes and shapes and two plain glass windows 24-x-28 inches, Pastor Euler said.

The pastor said the damage took place sometime between Sunday and Wednesday night. He filed the report with Patrolman Paul Burson.

Woman At Laundry 'Quick-Change' Artist

MIAMI, Fla. — A woman was seen in a coin laundry late one warm night, clutching a coat around her as she stood near a drier.

The machine stopped and she gathered up a handful of articles of clothing from the machine.

She stepped into a restroom and emerged minutes later, carrying the coat, but no laundry.

Beaver Presbyterian Camp Retreat To Open On Aug. 31

The deadline is Friday for registrations for the retreat of the Senior High United Presbyterian Youth Organization to be held Aug. 31-Sept. 3 at the Beaver Creek Presbyterian Camp at Grimms Bridge.

The retreat is open to young people entering 9th grade this fall and through the 12th grade. Further information may be obtained by contacting the Rev. Gene Phlegar at Box 243 Bergholz, or Miss Penny Purviance, telephone Scio 3551.

The registration fee of $8 will include camp expenses and cost of the textbook. Two senior high students from each church are eligible to attend and registration is available only through official adult local church representatives, who have been supplied with detail information.

The theme will be "Living Letter of the Living Word" and the topic will be "A Message," based on Scripture.

Officers of the youth groups are expected to arrive Friday, the opening day, at 4:30 p.m. with each to bring a sack lunch. The delegates will begin arriving after 6.

The schedule includes, Sept. 1, morning watch before breakfast at 7 a.m., discussion groups at 9 and 10:30 a.m. and 2:30 p.m. Vespers will be at 7, followed with fellowship devotions in the cabins at 10:45 with lights out at 11.

Sept. 2, worship at 9:45 a.m., vespers at 7 p. m., and quiet camp at 10:30.

Sept. 3, the retreat will end at 1:30 p.m., following the noon lunch.

12 Servicemen Lost Lives In Maneuvers

TAMPA, Fla. (AP)—The "Swift Strike II" mass maneuvers held for two weeks in North and South Carolina resulted in the deaths of 12 servicemen, said Gen. Paul D. Adams, commander of the Strike Command, a new combat force.

Adams said the number of fatalities was small considering 70,000 men were involved.

The group will arrive in Wheeling, the morning of Sept. 5. Following a bus tour of the Ohio Valley to Steubenville, they will be guests at a luncheon to be given by the Steubenville Area Chamber of Commerce at the Fort Steuben Hotel.

They will visit the coal pipeline operation near Cadiz during the afternoon. In the evening, they will be guests at a dinner given in their honor by Rep. and Mrs. Hays at the Belmont Hills Country Club at St. Clairsville. Thursday morning, the group will leave Wheeling Airport for the new Strike Command at MacDill Air Force Base, Tampa, Fla., and then proceed to the Air Force Missile Test Center at Cape Canaveral.

They will also visit the headquarters of NATO's Supreme Allied Commander Atlantic (SACLANT) at Norfolk, Va., prior to arriving in Washington Sept. 10.

In Washington, the group will attend meetings of their standing, economic and military committees, receive briefings at the Department of State and the Department of Defense, and visit President Kennedy at the White House.

The Delegation will include Jacques Francois Van Buggenhout president of the College des Questeurs of the Belgian Senate and honorary chairman of the Central of Free Miners (Belgium) and of the International Christian Miners Association; Henri Moreau de Melen, vice president of the Belgian Senate and former minister of justice and national defense; Miss Julia Vernlyn LaMarsh, member of the Canadian House of Commons; M. Raymond Mondon, mayor of Metz, France, and former secretary of state for internal affairs.

Prof. Hans Susterhenn, minister of justice and culture for Rhineland-Palatinate, West Germany; Guiseppe Vedovato, in charge of international law studies in the Universities of Bologna and Florence, Italy; Sen. Pietro Micara, former mayor of Frascati, Italy, and president of the NATO Parliamentarians' Conference; Bernt Ingvaldsen, vice chairman of the Conservative Party of Norway; Jose Soares Da Fonseca, former minister of state of Portugal and first vice president of the Portuguese National Assembly; Dr. Fethi Tevetoglu, chairman of the Turkish NATO Parliamentarians group; the Earl of Listowel, a member of the British House of Lords and former secretary of state for India and minister of colonial affairs.

Beaver Presbyterian Camp Retreat To Open On Aug. 31

The deadline is Friday for registrations for the retreat of the Senior High United Presbyterian Youth Organization to be held Aug. 31-Sept. 3 at the Beaver Creek Presbyterian Camp at Grimms Bridge.

The retreat is open to young people entering 9th grade this fall and through the 12th grade. Further information may be obtained by contacting the Rev. Gene Phlegar at Box 243 Bergholz, or Miss Penny Purviance, telephone Scio 2551.

The registration fee of $8 will include camp expenses and cost of the textbook. Two senior high students from each church are eligible to attend and registration is available only through official adult local church representatives, who have been supplied with detail information.

The theme will be "Living Letter of the Living Word" and the topic will be "A Message," based on Scripture.

Officers of the youth groups are expected to arrive Friday, the opening day, at 4:30 p.m. with each to bring a sack lunch. The delegates will begin arriving after 6.

The schedule includes, Sept. 1, morning watch before breakfast at 7 a.m., discussion groups at 9 and 10:30 a.m. and 2:30 p.m. Vespers will be at 7, followed with fellowship devotions in the cabins at 10:45 with lights out at 11.

Sept. 2, worship at 9:45 a.m., vespers at 7 p. m., and quiet camp at 10:30.

Sept. 3, the retreat will end at 1:30 p.m., following the noon lunch.

12 Servicemen Lost Lives In Maneuvers

TAMPA, Fla. (AP)—The "Swift Strike II" mass maneuvers held for two weeks in North and South Carolina resulted in the deaths of 12 servicemen, said Gen. Paul D. Adams, commander of the Strike Command, a new combat force.

Adams said the number of fatalities was small considering 70,000 men were involved.

Ex-Congressman Of West Virginia Claimed At 82

BECKLEY (AP) — Joe L. Smith Sr. who represented West Virginia's old 6th District in Congress for eight consecutive terms and also was one of Beckley's leading business men, died today. He was 82.

He died in Beckley Hospital. He was first admitted to the hospital June 17 suffering from a heart and circulatory ailment. He was discharged several weeks later, but was admitted again yesterday.

Smith had been president of the Beckley National Bank for the past 45 years. He was the father of State Commerce Commissioner Hulett C. Smith.

Besides his tenure in the U.S. House of Representatives, Smith's political career also included terms as mayor of Beckley, state senator and chairman of the West Virginia Democratic Executive Committee.

25 Windows Smashed At Adventist Church

Destruction of 25 windows in the Seventh-day Adventist Church, 1400 St. Clair Ave., was reported to police Wednesday night at 8:22 by Pastor Lyle G. Euler.

Vandals broke 23 stained glass windows of various sizes and shapes and two plain glass windows 24-x-28 inches, Pastor Euler said.

The pastor said the damage took place sometime between Sunday and Wednesday night. He filed the report with Patrolman Paul Burson.

Woman At Laundry 'Quick-Change' Artist

MIAMI, Fla. — A woman was seen in a coin laundry late one warm night, clutching a coat around her as she stood near a drier.

The machine stopped and she gathered up a handful of articles of clothing from the machine.

She stepped into a restroom and emerged minutes later, carrying the coat, but no laundry.

Megel Given New Term As Head Of AFT

DETROIT (AP)—Carl J. Megel, veteran schoolteacher-unionist, is president of the American Federation of Teachers (AFL-CIO) for another two years.

The Chicagoan, AFT president for 10 years, won reelection Wednesday night over rank and filer Dr. Myron Lieberman at the schoolteacher union convention.

Megel, 52, a leader in school unionism for a quarter century, said his 1,034 to 554 triumph supported his policies in guiding the 70,000-member organization of unionized public school teachers.

Lieberman, 43, a summer school faculty member of the University of Illinois and consultant to educational publications, had said he could do better than Megel in bringing new members into the union.

Megel, a huge man with the frame of a steelworker, is known for bitter battles with the National Education Association, also a schoolpeople's organization.

The much bitter and older NEA differs sharply with the AFT over policy. The AFT, a labor union in design and manner of operation, insists the teacher has a right to strike. The NEA opposes this.

Charles Cogen, leader of New York City's schoolteachers' strike last spring, called today for public acceptance of unionism among teachers.

Cogen, president of the New York City United Federation of Teachers, made the plea in a prepared report to the parent AFT on the strike.

Soblen Presses For Exchanges By U.S., Britain

LONDON (AP) — Attorneys for Dr. Robert A. Soblen asked the high court today to compel Home Secretary Henry Brooke to produce exchanges between the U.S. and British governments concerning the fugitive spy.

They asked that Brooke be subpoenaed. Justice John Stephenson did not rule immediately on the request.

The development came at the opening of the third day of hearings on Soblen's second application for a writ of habeas corpus. The 61-year-old psychiatrist is fighting deportation to the United States to serve a life sentence for passing wartime secrets to the Soviet Union.

Soblen was in court again today. He seemed in better health and spirits than Wednesday, when he left the courtroom three times complaining that he felt ill. He claims he is dying of leukemia.

F. Elwyn Jones, the head of Soblen's legal team, charged that the home secretary, by ordering Soblen deported to New York, was trying to extradite him. He contended the doctor had committed no extraditable offensive because espionage is not an extraditable offense under the U.S.-British extradition treaty.

2 Killed, 3 Injured In 2-Car Collision

FINDLAY, Ohio (AP) — Two older persons were killed and three teen-agers injured in an automobile collision on Ohio 12 about five miles east of here Wednesday night. Dead are Bert W. Gassman, 72, driver of one car, and his passenger, Gladys Scott, 60, both of Findlay.

Gassman's auto collided with one driven by Larry Coppes, 18. Coppes and his passengers, Dorothy Fisher, 16, and Richard Lee Van Sant, 14, all of Findlay, were taken to Blanchard Valley Hospital here.

The highway patrol said Mrs. Scott was the mother of highway patrolman E. F. Scott of the Lima post.

Hidden Movie Camera Reveals Sex Deviates

MANSFIELD, Ohio (AP)—Police report more than 20 alleged sex deviates have been rounded up as the result of a probe marked by use of a hidden movie camera in a public restroom in Central Park.

Officers say as many as 35 suspected homosexuals may be arrested in all, charged with sodomy and if sentenced get mandatory psychiatric examination and possible 1-20 - year prison terms.

2,076,728 To Enroll In Public Schools

COLUMBUS, Ohio (AP)—Ohio's Department of Education reports that a record 2,076,728 children will be enrolled in the state's public schools this fall. The figure is up 75,334 over last year.

A total of 84,799 teachers, administrators and supervisors, an increase of 3,067 over last fall, will guide the pupils. Breakdown on enrollment shows 1,897,304 in grades 1-12, another 157,104 in kindergarten and 22,320 in special classes.

Megel Given New Term As Head Of AFT

DETROIT (AP)—Carl J. Megel, veteran schoolteacher-unionist, is president of the American Federation of Teachers (AFL-CIO) for another two years.

The Chicagoan, AFT president for 10 years, won reelection Wednesday night over rank and filer Dr. Myron Lieberman at the schoolteacher union convention.

Megel, 52, a leader in school unionism for a quarter century, said his 1,034 to 554 triumph supported his policies in guiding the 70,000-member organization of unionized public school teachers.

Lieberman, 43, a summer school faculty member of the University of Illinois and consultant to educational publications, had said he could do better than Megel in bringing new members into the union.

Megel, a huge man with the frame of a steelworker, is known for bitter battles with the National Education Association, also a schoolpeople's organization.

The much bitter and older NEA differs sharply with the AFT over policy. The AFT, a labor union in design and manner of operation, insists the teacher has a right to strike. The NEA opposes this.

Charles Cogen, leader of New York City's schoolteachers' strike last spring, called today for public acceptance of unionism among teachers.

Cogen, president of the New York City United Federation of Teachers, made the plea in a prepared report to the parent AFT on the strike.

Soblen Presses For Exchanges By U.S., Britain

LONDON (AP) — Attorneys for Dr. Robert A. Soblen asked the high court today to compel Home Secretary Henry Brooke to produce exchanges between the U.S. and British governments concerning the fugitive spy.

They asked that Brooke be subpoenaed. Justice John Stephenson did not rule immediately on the request.

The development came at the opening of the third day of hearings on Soblen's second application for a writ of habeas corpus. The 61-year-old psychiatrist is fighting deportation to the United States to serve a life sentence for passing wartime secrets to the Soviet Union.

Soblen was in court again today. He seemed in better health and spirits than Wednesday, when he left the courtroom three times complaining that he felt ill. He claims he is dying of leukemia.

F. Elwyn Jones, the head of Soblen's legal team, charged that the home secretary, by ordering Soblen deported to New York, was trying to extradite him. He contended the doctor had committed no extraditable offensive because espionage is not an extraditable offense under the U.S.-British extradition treaty.

2 Killed, 3 Injured In 2-Car Collision

FINDLAY, Ohio (AP) — Two older persons were killed and three teen-agers injured in an automobile collision on Ohio 12 about five miles east of here Wednesday night. Dead are Bert W. Gassman, 72, driver of one car, and his passenger, Gladys Scott, 60, both of Findlay.

Gassman's auto collided with one driven by Larry Coppes, 18. Coppes and his passengers, Dorothy Fisher, 16, and Richard Lee Van Sant, 14, all of Findlay, were taken to Blanchard Valley Hospital here.

The highway patrol said Mrs. Scott was the mother of highway patrolman E. F. Scott of the Lima post.

Hidden Movie Camera Reveals Sex Deviates

MANSFIELD, Ohio (AP)—Police report more than 20 alleged sex deviates have been rounded up as the result of a probe marked by use of a hidden movie camera in a public restroom in Central Park.

Officers say as many as 35 suspected homosexuals may be arrested in all, charged with sodomy and if sentenced get mandatory psychiatric examination and possible 1-20 - year prison terms.

2,076,728 To Enroll In Public Schools

COLUMBUS, Ohio (AP)—Ohio's Department of Education reports that a record 2,076,728 children will be enrolled in the state's public schools this fall. The figure is up 75,334 over last year.

A total of 84,799 teachers, administrators and supervisors, an increase of 3,067 over last fall, will guide the pupils. Breakdown on enrollment shows 1,897,304 in grades 1-12, another 157,104 in kindergarten and 22,320 in special classes.

Regatta Planned Sept. 2 Under Jaycees' Auspices

The first Jaycee Regatta has been arranged for Sunday, Sept. 2, at the city wharf at the foot of Broadway.

The event, free to the public, will feature numerous boat races in the Ohio River, including a 10-mile marathon. The show will run from 1 to 5 p. m

Frank Potts, Jaycee chairman, said the Akron Outboard Racing Association will have over 50 entries and local contestants are being sought.

Some of the boats, all in the pleasure craft class, do over 70 miles an hour on a straightaway. One class is being left open for hydroplane racers, which will be one of the feaures if enough entries are obtained.

Local boaters interested in racing their craft may obtain entry applications from Potts by calling FU. 5-2007. The deadline for applications will be noon on the day of the regatta.

Other entertainment is being planned and will be announced later. Some of the better-known racers who are entered are William Downard and Bill Combs of Bucyrus, two of the leading drivers in the National Outboard Association — Pleasure Class.

Another is Mort Brown of Akron, considered the most colorful driver in the Eastern States.

Mike Downard, a 9-year-old, will race in the "wash tub" division. This is for craft fashioned like a tub and using up to 10 horsepower motors. The boy is second in the national standings. Bobby Morris and Ted Hubbet of Cleveland, two more hard drivers, also have registered.

Larry McQuade of the West Bend Co. will serve as a referee. The judges, who will be stationed on a barge in the river, will be announced later. Some are local residents.

A local racer, Jack Young, has entered the unlimited class with a catamaram powered with two 80 horsepower motors.

The river bank will be cleaned for the event to provide space for spectators. A refreshment stand will be operated by the Jaycees.

Potts' committee includes Robert E. Miller, Dale Kidd, Paul Seckman, John Parsons, David Dailey, Terry Diedrick, Larry Walton and Charles Govey.

Lausche Rapped By GOP Rival On National Debt

RAVENNA, Ohio (AP) — John Marshall Briley, Republican candidate for the U.S. Senate, said today his opponent, incumbent Democratic Sen. Frank J. Lausche, "cannot disassociate him self from the rampant spending that has resulted in a $300 billion national debt."

Briley addressed a breakfast gathering of supporters here before moving on to campaign in metropolitan Youngstown.

"My opponent tries very hard to avoid responsibility for this debt by pointing to some of his votes against specific items of spending," Briley said. But he added, "My opponent's vote, when he first went to the Senate, put the spending party in control.

"The spending party gave him his committee assignments." Briley continued, "and put him where his votes in committee could not block the wishes of the Democratic leadership."

Revitalization Seen For Northeast Ohio

CLEVELAND (AP) — Richard L. De Chant, executive director of the Greater Cleveland Growth Board, predicts a period of revitalization for Northeastern Ohio based on capital expansion and general business activity for the first seven months this year.

He said Wednesday that Cleveland industry so far this year has committed almost as much money for industrial expansion as was spent in all of 1961.

Expansion programs costing $1 million have been announced by 208 firms and 142 new companies moved into greater Cleveland through July this year, it was announced.

De Chant said the economic climate also has been stimulated by a number of new large commercial projects not included in the industrial figures. He cited four shopping centers costing $50 million which were either under construction or opening this year.

$11.6 Million Akron Building Plan Okayed

WASHINGTON (AP)—The Senate Public Works Committee has approved an $11.6 million dollar building project in Akron, Ohio—a $6,172,000 federal courthouse and a $5,521,000 Post Office building.

Only approval by this committee and the House Public Works Committee, the latter pending, is necessary to authorize the project. Money for the job, however, would be the subject to separate action in an appropriation bill.

Scout Figure Dies

WESTON, Conn. (AP)—Dr. Elbert K. Fretwell, 83, educator and a pioneer in the Boy Scout movement, died Wednesday. Fretwell was chief scout executive of the Boy Scouts of America from 1943 to 1948.

Ohio's Fair Opens Friday

COLUMBUS, Ohio (AP) — Red Skelton, Grand Ole Opry, auto thrill shows, "Bonanza" TV stars and rodeo action blend with a display of Ohio's agricultural, industrial and scientific prowess in the 107th state fair opening Friday.

The fair, set for its longest run ever—11 days including a Labor Day windup—will have what are billed as the world's biggest sheep show, the world's largest junior fair and harness racing with the biggest purses yet offered at the Ohio exposition.

Comedian Skelton will be the featured grandstand entertainer the first four days. Then come the Grand Ole Opry jubilee and auto thrill show, and during the Labor Day weekend, Lorne Greene and Dan Blocker, stars of the "Bonanza" series, will appear at each performance of the Tom Steiner Rodeo.

More than 200 displays will be presented by Ohio industries. On Aug. 31, every major manufacturer of farm equipment will take part in a parade of farm machinery. That same day will be John Glenn Jr. Day, with an appearance by the Ohio-born astronaut on tap.

Farm exhibits will occupy 44 acres of the partially remodeled fairgrounds—now called the Ohio Expositions Center, but still at the old stand. That's between 11th and 17th avenues near Interstate 71, northeast of downtown Columbus.

Driverless Car Rams Into House

CLEVELAND (AP) — A driverless auto went on an erratic course down Warrensville Center Road in Shaker Heights Wednesday night. It twice crossed the road before crashing to a stop against the side of a house.

The man responsible for the trouble, police said, is Bruce Berger, 23, of Beachwood. He said his car's gas pedal became stuck as he drove south on the road. He put the gear shift in neutral, got out and began tinkering under the hood. As he worked, he apparently jarred the shift into low gear.

The car shot ahead, went over the grass center strip, across the northbound lane and struck an embankment. The auto veered off that, spurted back across the road, over the curb and smashed into a house under construction.

Cuyahoga Falls Auto Stunt Driver Killed

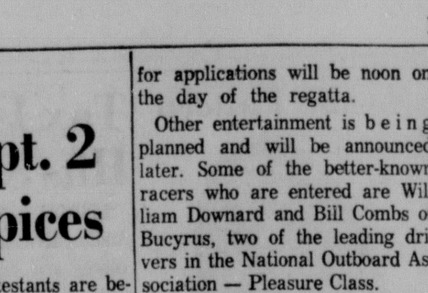

MAYFIELD, Ky. (AP) — Veteran auto stunt driver "Wild Bill" Reed of Cuyahoga Falls, Ohio, was killed performing one of his thrill-show routines at the Purchase District Fair Wednesday night.

Reed, manager of the International Auto Daredevils, suffered a crushed skull when his car turned over. He was doing a stunt in which he accelerated in reverse, then threw the car into forward gear.

$5 Million Damage Estimated In Storm

CLEVELAND (AP) — Loss adjustors, surveying wreckage from Monday night's storm, figure replacement value will come to about $5 million.

The National Board of Fire Underwriters said Cleveland is the 45th area this year to suffer more than $1 million in weather damage.

Out Of The Air

By HAL HUMPHREY

Desi Scared Cy Into New TV Series

Cy Howard, who labors at Desi Arnaz' film factory, is producing TV's first hour-long situation comedy series. It's called "Fair Exchange" and deals with a family in America and a family in England who exchange daughters for a year. It begins Sept. 21 on CBS.

Hal Humphrey

"How did you happen to conceive of this revolutionary idea?" I asked Howard.

"Out of sheer panic I thought of it," he replied.

"I don't understand."

"Look, last season I didn't have a pilot film," explained Howard. "Suddenly, little things began to happen. I couldn't get Desi on my phone. A fellow walked into my office one day and took a lamp away. Later, he was back to get a chair."

-:-

"BUT YOU ARE under contract," I pointed out.

"Oh, sure, but a man can't live under this semitorture I just described. What good is a contract if you can't drive your car on the lot or the policeman at the gate refuses to recognize you? Right now I'm fighting to keep this beautiful air conditioner in my office."

Howard's beautiful secretary rang him just then on his beautiful ivory phone.

"I thought I told you to hold all calls," he snapped, like any man who has lost a lamp and a chair. "Don't put anyone through unless it's Desi Arnaz, or someone who wants to give me publicity."

Then, covering the phone abruptly, he turned to me and asked, "That's a pencil you have there, isn't it? I mean, this really is an interview?"

-:-

I ASSURED Howard the pencil was real, that I was interviewing him and it would come under the heading of publicity.

"Just make that Desi Arnaz on any more phone calls," he instructed the beautiful secretary.

"What about the people in your new comedy?" I asked. "Are they warm, lovable, gentle people like all producers insist they have in their family comedies?

"Hah!" snorted Howard. "Show me one of those guys with the warm, lovable, gentle people! You find him, and I'll work for him. I'll take the course."

"You mean Fair Exchange will be different?"

-:-

"THE ONLY THING different is that my people are new to TV. You won't say to yourself, 'Haven't I seen that girl on Dobie Gillis?' Otherwise, what I've got is a kind of double 'Father Knows Best' with a switch."

"You mean the English family?"

"That's right, but not a stereotyped English family. I'll show the similarity between the English and American families. What else is there? In TV comedy the jokes are the same. There is no magic formula. Warm people! Hah!"

"What kind of American family do you have?"

"You won't find my American teen-ager landing in London and shouting, 'Oh, look, you drive on the wrong side of the street!' She'd have to be an idiot not to know that already, just from watching British movies on TV here.

-:-

"I'LL TELL YOU something," Howard added. "There'll never be another hour situation comedy on TV if this one doesn't work."

Season before last, Howard had J. Carrol Naish playing a larcenous Indian in "Guestward Ho!" and Pat O'Brien as a fun-loving lawyer in "Harrigan — Son." Neither series was renewed, but Howard and Arnaz are collecting a nice bundle from syndicated reruns of both half-hour series.

If the TV audience shouldn't buy Howard's English family in "Fair Exchange," you needn't worry about his becoming a monk, and he's not going to make the mistake of not having a pilot film ready for the '63-'64 season.

"I'm working on one with Ethel Merman called 'Trader Brown,' and another is a kind of comedy 'Untouchables' which I've titled 'Joe Sent Me,'" reports Howard.

Nobody's going to get that air-conditioner out of producer Howard's office.

Drought Area Hay Rail Rates Dropped

DROUGHT AREA HAY 14bod...

Of interest to farmers in Columbiana and Beaver Counties — both declared disaster areas because of the long drought — is the announcement of the Agricultural Stabilization and Conservation Office that rail rates have been reduced for shipment of hay into areas where farmers will not now have enough to carry them through winter.

The Interstate Commerce Commission authorized railroads to reduce freight rates by 25 per cent on hay shipped into disaster counties. This authorization is effective through Oct. 23.

It will be necessary for those expecting to obtain the reduced rates to contact the county ASCS offices at Lisbon and Beaver for further information.

Farmers and hay dealers who may be having difficulty in locating hay should contact the county ASCS office for a list of names and addresses of several out-of-state hay dealers.

Australia Bans Music For Thai King's Tour

SYDNEY, Australia (AP)—Australia's government-controlled radio network has banned the music from "The King and I" during the 18-day Australian tour of the king and queen of Thailand.

"We do not want to risk doing anything that might offend the royal Thai couple," a commission official said.

"The King and I," originally a Broadway musical, is a fictionalized version of the relationship between Thai King Mongkut and Mrs. Anna Leonowens, an English school teacher. The music and movie of the show are banned in Thailand.

Bringing Up A Family

By GARRY C. MEYERS

Loving Actions Surpass Cuddling

Babies and young children generally like to be cuddled. Many little children two to four or five crave for more cuddling than they get. But, unfortunately, most parents don't realize that there are many more ways of showing the child affection than by these more primitive ways.

Dr Garry Meyers

It's needless to say that some children, even tots, don't care much for physical show of affection, especially when a younger brother or sister enjoys a great amount of it.

Moreover, it is not easy for the average mother to understand that her son eight or ten, even her daughter, may not want to be kissed and cuddled by her, especially when other children are looking on. Many a boy eight or ten would rather have a slap on his back by his mother than to have a good-bye kiss on a school morning.

—:—

WHILE WE PARENTS should not hesitate to express affection to the young child in physical ways, we need to cultivate more enduring means of expressing our affection for him and winning his affection for us.

Here are some ways we can do so:

Listen raptly to what the child at two, eight or 15 says to us that it is of great interest to him —his experiences, his joys and his sorrows.

Listen with our eyes as well as with our ears; listen wholeheartedly.

Explain things to him and answer his questions kindly.

Never suggest that anything of importance to him is beneath our deepest concern.

Read to him or with him.

Show great interest in what he does, makes or creates with things or words.

Enjoy his achievements as he learns to do new things and overcome obstacles.

Treat him as a precious person.

—:—

CONSIDER HOW we may show affection to the child eight, 12 or 16 as he tells of his experiences at school, as he relates things he has learned, especially when these things are new or unfamiliar to us; when we go searching with him for answers to his questions or how to spell hard word of his homework; as we listen kindly to the older child's opinions, especially when they don't always agree with ours or as we and the child of any age feel good silently in each other's presence or when we think of them in their absence.

City Native One Of 5 Pilots With Record In Jet Tanker

An East Liverpool native who has been interested in aviation since he was "knee-high" has logged over 2,000 hours of jet-tanker flying to become one of only five Air Force pilots who can claim the record.

The mark is shared by Maj. Joseph U. Karaffa, 33, who has flown over a million miles in a KC-135 jet-tanker, or enough distance to have traveled to the moon and back twice!

Son of Mrs. Mary Karaffa, 249 W. 6th St., the veteran officer learned the basic principals of small-craft flying in operating a sea plane on the Ohio River here as a youngster, and had his pilot's license when only 16.

After graduating from East Liverpool High School in 1947, he attended Geneva College for a year, and studied another year at Ohio State University in Columbus, later completing his education in the service. He entered the Air Force in 1949 with 100 flying hours to his credit.

Maj. Karaffa received his wings in 1950. An aircraft commander when only 23, he piloted a B-29 bomber on 36 combat missions in the Korean War and was awarded the Air Medal.

The flyer logged his 2,000th hour in the KC-135 while serving with the 42nd Air Refueling Squadron at Loring Air Base, Limestone, Maine. His job there was to insure that the equipment and personnel of the squadron were maintained in combat readiness.

Maj. Karaffa completed combat crew training in the KC-135 at Castle Air Base in California in 1957.

The officer, his wife, Betty, and three sons, Joseph Jr., 5, Michael, 3, and Mitchell, 6-months, concluded a two-week's visit Monday with his mother.

Maj. Karaffa was transferred from the Maine base to Maxwell Air Base, Montgomery, Ala., to attend the Command and General Staff School for nine months.

St. Clair CD To Aid Glenmoor Carnival

Plans were made to assist at the Glenmoor firemen's carnival next week at a meeting of the St. Clair Township Civil Defense Tuesday evening at the Glenmoor fire department.

The fire team will meet Saturday at 4 p. m. at the fire hall for a drill.

Joe Arcuragi, director, and Don Reed, assistant director, were in charge.

The meeting Sept. 11 at 8 p. m. at the firehall, when wives of members will be guests, will be open to the public.

Cantaloupe and raw green cabbage both rate well when it comes to offering vitamin C — the vitamin we need daily.

40 Attend Lake Fete For Longs Run Cubs

About 40 Cub Scouts of Pack 36 of the Longs Run United Presbyterian Church, and their families, attended an outing Sunday at Lake Samary in Glenmoor.

A coverdish dinner was served after swimming. David O'Hanlon is cubmaster. A hay ride and wiener roast are planned for next month.

Today In History

By The Associated Press

Today is Thursday, August 23, the 235th day of 1962. There are 130 days left in the year.

On this day in 1630, the first labor legislation in America was passed. The Massachusetts Bay Colony, whose governor was John Winthrop, decreed that laborers be paid at the rate of one shilling a day.

On this date—

In 1773, King George III of England proclaimed the existence of open rebellion in the American colonies.

In 1864, the International Red Cross was founded.

In 1914, Japan declared war on Germany.

In 1926, screen idol Rudolph Valentino died in New York.

In 1945, General Douglas MacArthur advised the Japanese of his plans for the ceremony at which they would sign unconditional surrender terms that were to formally end World War II.

Today's birthdays:

Orchestra leader Bob Crosby is 49. Actor Gene Kelly is 50.

Out Of The Air

By HAL HUMPHREY

Desi Scared Cy Into New TV Series

Cy Howard, who labors at Desi Arnaz' film factory, is producing TV's first hour-long situation comedy series. It's called "Fair Exchange" and deals with a family in America and a family in England who exchange daughters for a year. It begins Sept. 21 on CBS.

Hal Humphrey

"How did you happen to conceive of this revolutionary idea?" I asked Howard.

"Out of sheer panic I thought of it," he replied.

"I don't understand."

"Look, last season I didn't have a pilot film," explained Howard. "Suddenly, little things began to happen. I couldn't get Desi on my phone. A fellow walked into my office one day and took a lamp away. Later, he was back to get a chair."

-:-

"BUT YOU ARE under contract," I pointed out.

"Oh, sure, but a man can't live under this semitorture I just described. What good is a contract if you can't drive your car on the lot or the policeman at the gate refuses to recognize you? Right now I'm fighting to keep this beautiful air conditioner in my office."

Howard's beautiful secretary rang him just then on his beautiful ivory phone.

"I thought I told you to hold all calls," he snapped, like any man who has lost a lamp and a chair. "Don't put anyone through unless it's Desi Arnaz, or someone who wants to give me publicity."

Then, covering the phone abruptly, he turned to me and asked, "That's a pencil you have there, isn't it? I mean, this really is an interview?"

-:-

I ASSURED Howard the pencil was real, that I was interviewing him and it would come under the heading of publicity.

"Just make that Desi Arnaz on any more phone calls," he instructed the beautiful secretary.

"What about the people in your new comedy?" I asked. "Are they warm, lovable, gentle people like all producers insist they have in their family comedies?

"Hah!" snorted Howard. "Show me one of those guys with the warm, lovable, gentle people! You find him, and I'll work for him. I'll take the course."

"You mean Fair Exchange will be different?"

-:-

"THE ONLY THING different is that my people are new to TV. You won't say to yourself, 'Haven't I seen that girl on Dobie Gillis?' Otherwise, what I've got is a kind of double 'Father Knows Best' with a switch."

"You mean the English family?"

"That's right, but not a stereotyped English family. I'll show the similarity between the English and American families. What else is there? In TV comedy the jokes are the same. There is no magic formula. Warm people! Hah!"

"What kind of American family do you have?"

"You won't find my American teen-ager landing in London and shouting, 'Oh, look, you drive on the wrong side of the street!' She'd have to be an idiot not to know that already, just from watching British movies on TV here.

-:-

"I'LL TELL YOU something," Howard added. "There'll never be another hour situation comedy on TV if this one doesn't work."

Season before last, Howard had J. Carrol Naish playing a larcenous Indian in "Guestward Ho!" and Pat O'Brien as a fun-loving lawyer in "Harrigan — Son." Neither series was renewed, but Howard and Arnaz are collecting a nice bundle from syndicated reruns of both half-hour series.

If the TV audience shouldn't buy Howard's English family in "Fair Exchange," you needn't worry about his becoming a monk, and he's not going to make the mistake of not having a pilot film ready for the '63-'64 season.

"I'm working on one with Ethel Merman called 'Trader Brown,' and another is a kind of comedy 'Untouchables' which I've titled 'Joe Sent Me,'" reports Howard.

Nobody's going to get that air-conditioner out of producer Howard's office.

Australia Bans Music For Thai King's Tour

SYDNEY, Australia (AP)—Australia's government-controlled radio network has banned the music from "The King and I" during the 18-day Australian tour of the king and queen of Thailand.

"We do not want to risk doing anything that might offend the royal Thai couple," a commission official said.

"The King and I," originally a Broadway musical, is a fictionalized version of the relationship between Thai King Mongkut and Mrs. Anna Leonowens, an English school teacher. The music and movie of the show are banned in Thailand.

Bringing Up A Family

By GARRY C. MEYERS

Loving Actions Surpass Cuddling

Babies and young children generally like to be cuddled. Many little children two to four or five crave for more cuddling than they get. But, unfortunately, most parents don't realize that there are many more ways of showing the child affection than by these more primitive ways. It's needless to say that some children, even tots, don't care much for physical show of affection, especially when a younger brother or sister enjoys a great amount of it.

Dr Garry Meyers

Moreover, it is not easy for the average mother to understand that her son eight or ten, even her daughter, may not want to be kissed and cuddled by her, especially when other children are looking on. Many a boy eight or ten would rather have a slap on his back by his mother than to have a good-bye kiss on a school morning.

—:—

WHILE WE PARENTS should not hesitate to express affection to the young child in physical ways, we need to cultivate more enduring means of expressing our affection for him and winning his affection for us.

Here are some ways we can do so:

Listen raptly to what the child at two, eight or 15 says to us that it is of great interest to him—his experiences, his joys and his sorrows.

Listen with our eyes as well as with our ears; listen wholeheartedly.

Explain things to him and answer his questions kindly.

Never suggest that anything of importance to him is beneath our deepest concern.

Read to him or with him.

Show great interest in what he does, makes or creates with things or words.

Enjoy his achievements as he learns to do new things and overcome obstacles.

Treat him as a precious person.

—:—

CONSIDER HOW we may show affection to the child eight, 12 or 16 as he tells of his experiences at school, as he relates things he has learned, especially when these things are new or unfamiliar to us; when we go searching with him for answers to his questions or how to spell hard word of his homework; as we listen kindly to the older child's opinions, especially when they don't always agree with ours or as we and the child of any age feel good silently in each other's presence or when we think of them in their absence.

City Native One Of 5 Pilots With Record In Jet Tanker

An East Liverpool native who has been interested in aviation since he was "knee-high" has logged over 2,000 hours of jet-tanker flying to become one of only five Air Force pilots who can claim the record.

The mark is shared by Maj. Joseph U. Karaffa, 33, who has flown over a million miles in a KC-135 jet-tanker, or enough distance to have traveled to the moon and back twice!

Son of Mrs. Mary Karaffa, 249 W. 6th St., the veteran officer learned the basic principals of small-craft flying in operating a sea plane on the Ohio River here as a youngster, and had his pilot's license when only 16.

After graduating from East Liverpool High School in 1947, he attended Geneva College for a year, and studied another year at Ohio State University in Columbus, later completing his education in the service. He entered the Air Force in 1949 with 100 flying hours to his credit.

Maj. Karaffa received his wings in 1950. An aircraft commander when only 23, he piloted a B-29 bomber on 36 combat missions in the Korean War and was awarded the Air Medal.

The flyer logged his 2,000th hour in the KC-135 while serving with the 42nd Air Refueling Squadron at Loring Air Base, Limestone, Maine. His job there was to insure that the equipment and personnel of the squadron were maintained in combat readiness.

Maj. Karaffa completed combat crew training in the KC-135 at Castle Air Base in California in 1957.

The officer, his wife, Betty, and three sons, Joseph Jr., 5, Michael, 3, and Mitchell, 6-months, concluded a two-week's visit Monday with his mother.

Maj. Karaffa was transferred from the Maine base to Maxwell Air Base, Montgomery, Ala., to attend the Command and General Staff School for nine months.

St. Clair CD To Aid Glenmoor Carnival

Plans were made to assist at the Glenmoor firemen's carnival next week at a meeting of the St. Clair Township Civil Defense Tuesday evening at the Glenmoor fire department.

The fire team will meet Saturday at 4 p. m. at the fire hall for a drill.

Joe Arcuragi, director, and Don Reed, assistant director, were in charge.

The meeting Sept. 11 at 8 p. m. at the firehall, when wives of members will be guests, will be open to the public.

Cantaloupe and raw green cabbage both rate well when it comes to offering vitamin C — the vitamin we need daily.

40 Attend Lake Fete For Longs Run Cubs

About 40 Cub Scouts of Pack 36 of the Longs Run United Presbyterian Church, and their families, attended an outing Sunday at Lake Samary in Glenmoor.

A coverdish dinner was served after swimming. David O'Hanlon is cubmaster. A hay ride and wiener roast are planned for next month.

Lions To Hear City's Social Security Aide

Walter I. Kimbro, manager of the East Liverpool area Social Security office, will speak at the meeting of the Lions Club Friday noon at the Travelers Hotel.

He will be introduced by Pat DiPasquale, program chairman.

Kimbro became manager of the East Liverpool office when it was opened on Dresden Ave. early this year.

A native of Miami, Fla., he served four years in the Marine Corps and attended American University in Washington. He was graduated from the University of Miami in 1956 and joined the Social Security Administration the same year at its office in Saginaw, Mich.

He also served offices in Detroit and Portsmouth before coming to East Liverpool. He is married and the father of four children.

Today In History

By The Associated Press

Today is Thursday, August 23, the 235th day of 1962. There are 130 days left in the year.

On this day in 1630, the first labor legislation in America was passed. The Massachusetts Bay Colony, whose governor was John Winthrop, decreed that laborers be paid at the rate of one shilling a day.

On this date—

In 1773, King George III of England proclaimed the existence of open rebellion in the American colonies.

In 1864, the International Red Cross was founded.

In 1914, Japan declared war on Germany.

In 1926, screen idol Rudolph Valentino died in New York.

In 1945, General Douglas MacArthur advised the Japanese of his plans for the ceremony at which they would sign unconditional surrender terms that were to formally end World War II.

Today's birthdays:

Orchestra leader Bob Crosby is 49. Actor Gene Kelly is 50.

Thought for today:

Ready money is Aladdin's lamp —Lord Byron.

Attend Press Meeting

KENT, Ohio (AP)—More than 250 high school newspaper and yearbook editors and staff members are attending Kent State University's third annual High School Press Institute this week. This is more than twice the attendance at the last two institutes.

44-A AUCTION SALE

44-A AUCTION SALE

ELKTON AUCTION, ELKTON, OHIO

Elkton Auction Market Report—AUG. 18th

We wish to thank the Farmers and Dealers for the nice run of stock they gave us last Saturday. We sold 1,284 head of live stock. The prices were steady to strong.

Feeder cattle were quite a bit stronger: demands were very good. Top heifers and steers were stronger: Feeder pigs 30 to 50 lbs. were very good. We need more if you have any to sell. We have two buyers which will be here next Saturday, in addition to our regular buyers. Dairy cattle were higher. Veal calves were steady to strong. Top hogs sold $18.50 to $19.80: Sows sold $14 to $16: Boars sold $9 to $13. If you have any livestock to sell, we would be glad to handle it for you. We wish to invite you to attend our regular sale every Saturday at 12 noon. We have our regular tire men and produce stands for your convience so that you may buy anything you want or need for your home and, or farm.

If you have any stock to sell we would be glad to handle them for you. Your business will be highly appreciated.

We are Licensed and Bonded. Prompt payment made on all sales.

Cattle Sale every Saturday at 12 NOON.

Horse, Pony and Equipment Sale every Wednesday Evening at 7 P. M. the year 'round.

44-A AUCTION SALE **44-A AUCTION SALE**

ELKTON AUCTION, ELKTON, OHIO

Elkton Auction Market Report—AUG. 18th

We wish to thank the Farmers and Dealers for the nice run of stock they gave us last Saturday. We sold 1,284 head of live stock. The prices were steady to strong.

Feeder cattle were quite a bit stronger: demands were very good. Top heifers and steers were stronger: Feeder pigs 30 to 50 lbs. were very good. We need more if you have any to sell. We have two buyers which will be here next Saturday, in addition to our regular buyers. Dairy cattle were higher. Veal calves were steady to strong. Top hogs sold $18.50 to $19.80: Sows sold $14 to $16: Boars sold $9 to $13. If you have any livestock to sell, we would be glad to handle it for you. We wish to invite you to attend our regular sale every Saturday at 12 noon. We have our regular tire men and produce stands for your convience so that you may buy anything you want or need for your home and, or farm.

If you have any stock to sell we would be glad to handle them for you. Your business will be highly appreciated.

We are Licensed and Bonded. Prompt payment made on all sales.

Cattle Sale every Saturday at 12 NOON.

Horse, Pony and Equipment Sale every Wednesday Evening at 7 P. M. the year 'round.

Junior Editors Quiz on COMPUTERS

QUESTION: How does a computer work?

★ ★ ★

ANSWER: A computer is something which helps you solve arithmetic problems without having to do them just by using your head or a paper and pencil. Joe (A) is working on the problem, what is five minus two? He knows he has five fingers, so he's turned down two, and is counting the three fingers which are left, getting the answer "three." The abacus, used in China, works in much the same way: you shove the beads across wires and count them. Modern electronic computers look extremely complicated, but they're really based on a tiny thing called a "flip-flop," which if it flips one way means zero, or flips the other way means 1. It's the amazing speed with which these flips and flops can be counted, using such modern devices as the "transistor" and "magnetic tape", which makes the computer so useful. In our sketch C, a girl feeds a problem into a computer at the top, then it goes through a maze of electric devices and the answer comes out at the bottom, printed on a card. Because computers like this work by counting up separate numbers or "digits", they are called digital computers."

★ ★ ★

FOR YOU TO DO: Look at a clock. The hands tell you the time, but they have not counted up anything to do this. They do it because the unwinding of a spring is similar to the passing of time. The word "analogous" means the same thing as "similar". Your clock is called an "analogue computer" because it works in this way. Can you think of other analogue computers?

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: After years of messy hands from greasing cookie sheets and cake pans with a scrap of waxed paper or paper towel, I've discovered that a waxed paper sandwich bag ends all my troubles.

I just slip my hand into the waxed paper bag, with the seam side up! This forms a little "greasing glove" and keeps me from being left with shortening under my nails and on my hands.

Depending on the amount of greasing you do, the bag could be left in the can of shortening until the next time you bake.

I do wish that I had thought of this years ago. It saves wiping the grease off my hands before spooning out more cookie dough and the time saved sure adds up when making big batches of cookies.

Mrs. Robert Pinkerton.

Beats Egg Shells

DEAR HELOISE: For those who use percolators and find that some of the coffee grounds float on top of the coffee . . . did they know that if they remove the center shaft (the part that holds the grounds) and pour a little cold water in the hot coffee that the grounds will settle to the bottom?

This sure beats the old remedies of adding egg shells and salt.

A.D.P.

Venetian Blinds Bath

DEAR HELOISE: Anyone who complains about cleaning and washing venetian blinds should use the bathtub method which I think does the best job with the least effort.

I fill the bathtub with soapy water and a little bleach. I find this cleans the tapes and cords. I then put two blinds in the bathtub and forget them for about two hours. Drain the soapy water and sponge if real dirty.

Place the wet blinds in a pail and carry them to the window. Replace the blinds on hooks while STILL dripping wet.

I use a towel or old bath mat on the window sills to catch the drippings. I have no spots on my blinds after following this method.

Mrs. V. Grant.

-:-

Replacing blinds back on the window while they are still wet keeps the tapes from shrinking. We have also found that if the blinds are slightly "tilted" at an angle . . . left for a few minutes until the water drains . . . that an old bath towel is wonderful for a quick wiping!

If your tapes have been previously shrunk . . . then clipping the bottom board into the hook on the sill while still very wet usually will stretch them perfectly.

The pail is a brilliant idea, along with the bath mat. Thanks, to you, Mrs. Grant.

Heloise.

Use Safety Pins

DEAR HELOISE: Next time you truss up a turkey, try using big, sharp safety pins! They are quick and easy to use and you can put them exactly where you need 'em. You'll never go back to needles, string and skewers.

Mrs. E. O. Munsey.

Wash And Wipe

DEAR HELOISE: I couldn't possibly use your plan of putting the breakfast dishes to soak while making the beds. All of our dishes wouldn't even fit in the sink!

Something I notice many adults doing, and which I admonish my children about, is letting the dishwater stand idle while wiping off the table.

I wash the glasses, then let the silverware soak while I wipe the table. I then wash the silver and let the plates soak while wiping off the range.

Mrs. Roy Cunningham.

Day Of 'Seeing Eye' Vacuum Cleaners, Mowers Is Closer

By RALPH DIGHTON

LOS ANGELES (AP)—The day of "seeing eye" vacuum cleaners and lawn mowers is coming closer.

A gadget which could guide rug-sweeping and yard-trimming appliances without human help—and distinguish warheads from decoys or submarines from whales—was demonstrated Wednesday at the Western Electronics Show.

Called an optical decision filter, the device was developed to detect crevices and boulders for unmanned moon jeeps.

Builder Sam S. Viglione of Douglas Aircraft's Astropower Electronics Laboratory said the same principles could be used in making instruments to:

1. Recognize fingerprints, signatures or even human faces and then unlock doors and bank vaults.

2. Pinpoint storm centers as they develop beneath orbiting satellites.

3. Guide spaceships through a starfield while the pilots sleep.

The prototype device, which has been miniaturized from a roomful of instruments, fits in a suitcase. Viglione said further research could reduce the size to a three-pound object nine inches long.

It is basically a tiny computer which has been taught to identify 200,000 three-dimensional shapes. It has 400 photo cells in the retina of its "eye" and 400 logic units in its "brain."

The device is sensitive to visible light rays, which enables it to guide vacuum cleaners around furniture and moon jeeps around obstacles.

It could be made sensitive, Viglione says, to other kinds of signals, such as sonar for submarine detection, or the types of electromagnetic radiation given off by superheated missile warheads as they re-enter the atmosphere.

The key to its usefulness is the ability to distinguish between an almost unlimited number of signal patterns, and do it faster than a man can think.

Police Department Forgot Dogs' License

LEXINGTON, Ky. (AP) — The owners of Rex and Bo Bo acquired the dogs 52 days ago but let them run around without licenses. Somebody forgot.

Somebody else pointed it out. Licenses were hurriedly purchased and backdated to July 1.

That was the day Rex and Bo Bo became members of the Police Department's K-9 Corps.

Rhodes Levels Blast At DiSalle On Letter Issue

AKRON, Ohio (AP)—State Auditor James A. Rhodes carried his Republican campaign for governor here Wednesday night and played up an incident that originated here, the case of the supposedly unanswered letter.

He spoke of the alleged failure of Gov. Michael V. DiSalle to answer a suggestion by the Akron Area Development Committee in 1959, in what Rhodes calls an example of Democratic administration laxity toward industrial development.

Rhodes told a Summit County GOP rally at Sandy Beach Park that the administration's Department of Industrial and Economic Development "turned its back on Summit County while 9,800 jobs were being lost here."

In his second Summit County visit in a week, Rhodes declared that "appeals for aid from the dedicated and hard - working Area Development Committee met with a wall of silence." He said "this is typical of the disinterest in the health of the Ohio economy as evidenced by the present state administration."

DiSalle has claimed he did indeed answer the letter from the Akron group, suggesting its idea be given further study.

Fire Hits Officers' Club At Lockbourne

COLUMBUS, Ohio (AP) — A three-alarm fire broke out in the kitchen of the officers' club at Lockbourne Air Force Base near here early today, the base public information officer reported.

Firefighters from the base and Madison and Jackson Twps. battled the blaze for 1½ hours before bringing it under control, information officer Lt. Col. Fred B. McIntosh said.

The fire appeared to be electrial in origin, McIntosh said. Firemen contained it to the kitchen, but the walls of the kitchen were badly damaged and much of the stock in the kitchen was ruined, McIntosh said. No damage estimate was available.

No injuries were reported.

Named Planning Head

SANDUSKY, Ohio (AP)—James J. Bartrop, city planning director and traffic engineer for Bay City, Mich., has been named the first director of the Erie Regional Planning Commission, effective Sept. 3. The commission was organized five months ago to assist municipalities and townships in solving development problems.

Venetian Blinds Bath

DEAR HELOISE: Anyone who complains about cleaning and washing venetian blinds should use the bathtub method which I think does the best job with the least effort.

I fill the bathtub with soapy water and a little bleach. I find this cleans the tapes and cords. I then put two blinds in the bathtub and forget them for about two hours. Drain the soapy water and sponge if real dirty.

Place the wet blinds in a pail and carry them to the window. Replace the blinds on hooks while STILL dripping wet.

I use a towel or old bath mat on the window sills to catch the drippings. I have no spots on my blinds after following this method.

Mrs. V. Grant.

-:-

Replacing blinds back on the window while they are still wet keeps the tapes from shrinking. We have also found that if the blinds are slightly "tilted" at an angle . . . left for a few minutes until the water drains . . . that an old bath towel is wonderful for a quick wiping!

If your tapes have been previously shrunk . . . then clipping the bottom board into the hook on the sill while still very wet usually will stretch them perfectly.

The pail is a brilliant idea, along with the bath mat. Thanks, to you, Mrs. Grant.

Heloise.

Use Safety Pins

DEAR HELOISE: Next time you truss up a turkey, try using big, sharp safety pins! They are quick and easy to use and you can put them exactly where you need 'em. You'll never go back to needles, string and skewers.

Mrs. E. O. Munsey.

Wash And Wipe

DEAR HELOISE: I couldn't possibly use your plan of putting the breakfast dishes to soak while making the beds. All of our dishes wouldn't even fit in the sink!

Something I notice many adults doing, and which I admonish my children about, is letting the dishwater stand idle while wiping off the table.

I wash the glasses, then let the silverware soak while I wipe the table. I then wash the silver and let the plates soak while wiping off the range.

Mrs. Roy Cunningham.

Day Of 'Seeing Eye' Vacuum Cleaners, Mowers Is Closer

By RALPH DIGHTON

LOS ANGELES (AP)—The day of "seeing eye" vacuum cleaners and lawn mowers is coming closer.

A gadget which could guide rug-sweeping and yard-trimming appliances without human help—and distinguish warheads from decoys or submarines from whales—was demonstrated Wednesday at the Western Electronics Show.

Called an optical decision filter, the device was developed to detect crevices and boulders for unmanned moon jeeps.

Builder Sam S. Viglione of Douglas Aircraft's Astropower Electronics Laboratory said the same principles could be used in making instruments to:

1. Recognize fingerprints, signatures or even human faces and then unlock doors and bank vaults.
2. Pinpoint storm centers as they develop beneath orbiting satellites.
3. Guide spaceships through a starfield while the pilots sleep.

The prototype device, which has been miniaturized from a roomful of instruments, fits in a suitcase. Viglione said further research could reduce the size to a three-pound object nine inches long.

It is basically a tiny computer which has been taught to identify 200,000 three-dimensional shapes. It has 400 photo cells in the retina of its "eye" and 400 logic units in its "brain."

The device is sensitive to visible light rays, which enables it to guide vacuum cleaners around furniture and moon jeeps around obstacles.

It could be made sensitive, Viglione says, to other kinds of signals, such as sonar for submarine detection, or the types of electromagnetic radiation given off by superheated missile warheads as they re-enter the atmosphere.

The key to its usefulness is the ability to distinguish between an almost unlimited number of signal patterns, and do it faster than a man can think.

Police Department Forgot Dogs' License

LEXINGTON, Ky. (AP) — The owners of Rex and Bo Bo acquired the dogs 52 days ago but let them run around without licenses. Somebody forgot.

Somebody else pointed it out. Licenses were hurriedly purchased and backdated to July 1.

That was the day Rex and Bo Bo became members of the Police Department's K-9 Corps.

Rhodes Levels Blast At DiSalle On Letter Issue

AKRON, Ohio (AP)—State Auditor James A. Rhodes carried his Republican campaign for governor here Wednesday night and played up an incident that originated here, the case of the supposedly unanswered letter.

He spoke of the alleged failure of Gov. Michael V. DiSalle to answer a suggestion by the Akron Area Development Committee in 1959, in what Rhodes calls an example of Democratic administration laxity toward industrial development.

Rhodes told a Summit County GOP rally at Sandy Beach Park that the administration's Department of Industrial and Economic Development "turned its back on Summit County while 9,800 jobs were being lost here."

In his second Summit County visit in a week, Rhodes declared that "appeals for aid from the dedicated and hard - working Area Development Committee met with a wall of silence." He said "this is typical of the disinterest in the health of the Ohio economy as evidenced by the present state administration."

DiSalle has claimed he did indeed answer the letter from the Akron group, suggesting its idea be given further study.

Fire Hits Officers' Club At Lockbourne

COLUMBUS, Ohio (AP) — A three-alarm fire broke out in the kitchen of the officers' club at Lockbourne Air Force Base near here early today, the base public information officer reported.

Firefighters from the base and Madison and Jackson Twps. battled the blaze for 1½ hours before bringing it under control, information officer Lt. Col. Fred B. McIntosh said.

The fire appeared to be electrial in origin, McIntosh said. Firemen contained it to the kitchen, but the walls of the kitchen were badly damaged and much of the stock in the kitchen was ruined, McIntosh said. No damage estimate was available.

No injuries were reported.

Named Planning Head

SANDUSKY, Ohio (AP)—James J. Bartrop, city planning director and traffic engineer for Bay City, Mich., has been named the first director of the Erie Regional Planning Commission, effective Sept. 3. The commission was organized five months ago to assist municipalities and townships in solving development problems.
